

Empire Leaders Awaiting Call To Conference

Imperial Gathering Will
Start Friday in
London

PONDER PROBLEMS
King George Faces
Heavy Schedule for
Rest of Month

London —(AP)— Empire statesmen
faced today from the media-
eval symbolism of the coronation
of George VI, king-emperor of Britain,
to the modern realities of the com-
monwealth's most pressing prob-
lems.

Prime ministers and representa-
tives of the dominions and of India,
having paid their tributes to their
monarch and his queen, Elizabeth,
awaited the call of Prime Minister
Stanley Baldwin tomorrow that
will open the imperial conference.

Seven years of sweeping change
have passed since the empire met
last in formal conference in 1930.
Attention has turned from internal
problems to imperial relations and
economics to concern for foreign
affairs and defense of the empire.

Britain confronts a world ob-
structed by trade barriers damming
the commerce which sustains the
empire, alarmed by threats to its
peace structure and re-arming com-
petitively.

Want Policy Mapped
Dominion prime ministers, now
standing equally with officials of
the United Kingdom, will ask for
a clear statement of British policy
at home and abroad.

They will want to know the em-
pire's stand on the League of Na-
tions, on European affairs, on em-
pire trade and on defense of Brit-
ain's "life-line" communications
which would engulf it or any of its
components.

For the first time on equal foot-
ing, they will state their own views.
There have been some notable
changes in the membership of the
conference. Newfoundland, her
dominion constitution suspended,
will not have direct representation.
Burma, separated from the Indian
empire, will have an observer for
the first time. The Irish Free State,
absorbed in discussions of its pro-
posed new constitution, will not
send delegates.

40,000 Telegrams
Britain's newly crowned king and
queen got a little respite today be-
fore starting the whirl of post-cor-
onation festivities.

George VI lingered at Bucking-
ham palace after yesterday's ex-
hausting ordeal. He and Elizabeth
scanned many of the 40,000 tele-
grams of felicitation they received
from all over the world.

During the morning the royal re-
galia—St. Edward's crown, the
scepter of state and other jewel-
studded coronation symbols—were
returned in a closed automobile to
safe keeping in the thick-walled
tower of London.

Except for a two-day break, 41-
year-old George VI and his 37-year-
old Scottish queen, Elizabeth, were

Suspect Confesses

California Slaying
Fresno, Calif. —(AP)— Luring of
a nurse on a fake sick call to a house
where she was beaten and criminal-
ly assaulted as she lay dying drew
threats of violence today against a
cave worker.

Sheriff George Overholt said the
man, Roy Righhouse, 27, had con-
fessed that the violence threats
prompted officers to rush him from
the Fresno county jail to Folsom
prison.

Superior Judge T. R. Thomson
disclosed plans for convicting the
grand jury in special session to-
morrow to consider a murder in-
dictment against Righhouse on
whose bed deputies found the beaten
and outraged body of Mrs. Alma
Estep, 27.

Deputies reported the nurse was
beaten on the head with a pair of
pliers and then strangled with a
buckskin thong.

Can't Use Auditorium to

Aid Spanish War Victims

Milwaukee —(AP)— Auditorium
board officials denied yesterday the
use of the Milwaukee auditorium for
a mass-meeting designed to raise
funds for Spanish civil war victims.
The board said it feared the meet-
ing might be a violation of the United
States neutrality law.

Two Bits of

Knowledge

"Two bits" is not just a
Yankee phrase, but was ap-
plied to coins in England for
centuries. The term was
used as thieves' slang for
money in general, and was
not used to mean 25 cents un-
til 17th century in the West
Indies. Post-Crescent Want
Ads, however, have stood for
one thing from the very
beginning—RESULTS. Take
this one, for instance:

ONEIDA ST. N. 220—Room.
Nicely furnished for 1 or 2.
Telephone 2473.

Had several calls and rent-
ed room after the second run
of the ad.

DIES IN GUN FIGHT

Robert Moose (above), 57, of Avoca, Ia., was killed by a deputy sheriff after he had shot and wounded a night marshal in a gun fight resulting from Moore's refusal to permit officers and a physician to enter his home to examine his children, believed suffering from smallpox.

Duke Battles to Win Royal Rank For Bride-to-be
Wants British Government To Recognize Her as 'Royal Highness'

London —(AP)—The duke of Windsor's pre-nuptial struggle with the British government, authoritative sources disclosed today, is for recognition of Mrs. Wallis Warfield, his bride-to-be, as "her royal highness, the duchess of Windsor."

The duke, it was learned, will not even be content to have Mrs. Warfield become "the duchess of Windsor."

So heated has the dispute between the former monarch and the government become that Prime Minister Stanley Baldwin's cabinet today reviewed the whole question.

Having yielded to Windsor's demands that Mrs. Warfield become a duchess, the ministers stood pat against allowing her to be addressed, "her royal highness," it was reported.

A source close to the government disclosed that negotiations have been going on for some time in an effort to bring both adamant sides to a compromise. But Windsor, they said, is insistent that his bride be called "her royal highness," the government that she not be so titled.

Monts. France —(AP)—The duke of Windsor demanded today that the British government leave him free to make his own wedding plans and respect Wallis Warfield, his bride-to-be, as he told his mother, "we can all be happy once more."

The royal family backed the former king's insistence that the government not interfere with Ed-

Morgan Unable to Be at Coronation

Heart Disease Keeps Noted Financier From London Ceremonies

London —(AP)— J. P. Morgan, the New York financier, was disclosed today to have suffered a heart attack that kept him from attending the coronation ceremonies yesterday in Westminster abbey.

Thomas W. Lamont, one of his New York partners, said Morgan was better and that he planned to return to the United States within two weeks.

"Mr. Morgan was prevented from attending the coronation as planned as his physician thought it more prudent for him to keep to the house following a slight recurrence of a heart difficulty he had a year ago," Lamont said. "His condition is highly satisfactory."

Edgerton Priest Dies

After Year's Illness

Fond du Lac —(AP)— The Rev. James E. Hartin, 79, pastor of St. Joseph's Catholic church, Edgerton, for the last 42 years, died at St. Agnes hospital today. He had been ill for about a year.

He was ordained in 1883, and served as pastor in parishes in Janesville and Waukesha before becoming pastor of the Edgerton church.

Funeral services will be held at Fond du Lac on Saturday and in Edgerton on Monday. Archbishop Samuel A. Strick will preach the sermon Monday.

Tear Gas Routs Steel Pickets In Pittsburgh

Union Members Allege Attack at Plant Without Provocation

ONE MAN INJURED

Strike Threatens to Spread To Other Major Steel Plants

Pittsburgh —(AP)— Police hurled tear gas into a crowd of shouting, demonstrating pickets today at the strike-closed Allegheny, Pa., works of the Jones and Laughlin Steel corporation.

One man was injured in what Police Chief W. L. Ambrose said was an attempt to prevent him and Burgess Morgansohn from leaving plant property after making an investigation of reported violence.

The chief said he arrested a woman on a charge of assault and battery and inciting to riot.

Union representatives said 500 pickets were massed at the south bridge gate to the plant when the steel-helmeted police threw tear gas cartridges into their midst.

Deny Provocation
The union men charged the police attacked without provocation. Pickets boomed as reserve police arrived. Clouds of tear gas rose as a dozen cartridges struck the pavement. The pickets retreated and the police drove off in their cars.

The strike, called after the union and the corporation failed to reach a collective bargaining agreement, threatened to spread to other major independent steel producers.

It was the nation's first major steel walkout in 18 years.

While 27,000 workers of the two big J. and L. plants in Allegheny and Pittsburgh remained idle, Chairman Philip Murray of the Steel Workers' Organizing committee called an executive committee session to mobilize union forces against two producers who have refused to sign collective bargaining contracts with the union.

Consider Strategy
Murray charged companies—Republic Steel corporation and Youngstown Sheet and Tube company—were reported stocking their plants with tear gas and munitions.

He called the meeting to consider "plans and strategy" for Saturday.

Simultaneously the union reported its members at the Bethlehem Steel corporation in Johnstown had demanded a collective bargaining contract "within 10 days."

The outbreak at Allegheny was the first since the strike was called at the J. and L. mills last night.

Says Bill Would Bring Milk Strike

Witness Sees Danger in Proposed State Inspection Program

Madison —(AP)—The senate agriculture and labor committee heard yesterday a warning that a milk strike would follow enactment of a bill assessing each dairy farmer \$1 and dairy plants \$10 to \$500 to support a state inspection program.

C. J. Ebert of Gratiot said, "passage of this bill would produce a milk strike that would put to shame all milk strikes in history."

The bill would set up a "quality milk" program with minimum standards requirements for dairy farms and barns, and a staff of 80 inspectors under a state director.

In addition to levying a \$1 permit fee for each farm, the measure would assess dairy plants on the basis of milk receipts—\$10 for a plant with receipts of less than 1,000,000 pounds a year, \$5 for each additional million up to 10,000,000 and then scaled up to \$500 for plants receiving more than 60,000,000 pounds.

Only two men appeared in favor of the plan. Matt Walrich of Shawano and R. C. Schmitt, Outagamie county farmer. Walrich estimated the revenue at \$345,000 a year. He said cities are raising the requirements of milk quality and suggested an improvement program must start with the farm. Better prices would follow, he added.

Cheese Dealers Offer

Three-Fold Program

Madison —(AP)— Wisconsin cheese dealers recommended to the department of agriculture and markets today a three-fold program designed to strengthen the position of Wisconsin farmers producing milk for cheese sold in national markets.

Their suggestions, forwarded by the National Cheese Institute of Plymouth, Wis., in response to requests from the department that something be done to raise cheese prices, were as follows:

1. A quality program for cheese.

2. A reduction of the present tariffs on cheese.

3. A program for greater seasonal flexibility in diverting the milk from the manufacture of cheese to other dairy products.

Their recommendations resulted from a conference here April 20 at which Chairman Charles L. Hill of the department charged dealers were depressing cheese prices so they could buy the best quality product at a bargain.

Fail in Attempt to Trace Sniper Who Fired Upon Plane

Bendix, N. J. —(AP)— Police of nearby municipalities said today that they had failed to trace the sniper who struck a plane with a bullet as it flew over Rutherford May 2.

They said they knew of only one plane sniping, whereas Clarence Chamberlin said in Spartanburg, S. C., last night that two planes had landed at the airport here in recent weeks with bullet holes.

He said "something of the sort might explain" the Hindenburg disaster.

The plane struck by a bullet May 2 had left Clifton airport and landed here for repair of minor damage caused by the slug, Peter Tommie, who operates Clifton airport, said he received a telephone threat from an unidentified man that if planes continued to fly low over Rutherford he would "riddle them with bullets."

Many complaints have been made by Rutherford residents against low flying.

Assembly Votes To Regulate Big Film Producers

Passes Bill Forbidding Them to Have Interest In Show Houses

Madison —(AP)— The assembly voted overwhelmingly today to regulate the business of the big movie producers in Wisconsin by forbidding them to operate or have any financial interest in any motion picture theater in this state.

By a vote of 81 to 7 the house passed and sent to the senate the bill of Assemblyman E. D. Hall (P), Tunnel City, which was introduced at the request of the Independent Home-owned Theater's association.

If the measure should become law, it will not be effective until Jan. 1, 1939. Hall declared the producers and distributors have a monopoly on the business in Wisconsin and that unless the legislature does something about it all independent theaters soon will pass out of existence.

He said the independents can obtain only the films the producers want them to have and can only show them when the producers permit.

Assemblyman John Pritchard (P), Eau Claire, contended the bill was discriminatory, asserting that other big business concerns are being urged to locate in Wisconsin.

"I think we should continue to do that," Hall replied. "After this bill is passed, I would be glad to have the movie producers make all their films in Wisconsin, but I believe the business of the independent theater owners should be preserved."

No Motion Pictures to Be Carried by Fliers

Identify carrier, took off from Southport at 9:15 p. m. (2:15 p. m. C. S. T.) today on a return trans-Atlantic hop to the United States, the Exchange Telegraph agency said.

Southport, England —(AP)— Dick Merrill and Jack Lambie got more bad news today while vexing crosswinds delayed their return Atlantic flight.

The company which previously had agreed to supply them with motion pictures of King George's coronation, to be flown to the United States, changed its mind, Merrill said.

They will carry only still pictures of the coronation, he said, and thus they will make a good deal less money than they had hoped.

Council Organized in Alaskan Farm Colony

Palmer, Alaska —(AP)— Colonists of the Matanuska valley took the first step toward self-government today with the formation of a council to aid federal officials in solving farm problems and determining colony policies.

Charles A. Ruddle, former dissatisfied colonist who made a one-man pilgrimage of protest to Washington, D. C., was elected a member of the council.

Dog Lobbyist Wins Subcommittee Approval for Bill to Help Blind

Washington —(AP)— A 13-month-old dog named Rex artfully wagging his bushy tail, lobbied a bill through a house subcommittee today.

The legislation would allow the nation's railroads to let the trained canine companions of the blind accompany them free of charge on coaches.

Rex, abandoning the suave tricks of veteran lobbyists, simply stretched at the feet of his blind master, Dr. H. E. Claus of Arlington, Va., fixed a brown eye on Chairman Bulwinkle (D-N. C.) and s-lashed his tail across the green plush committee room carpet.

R. V. Fletcher, counsel for the Association of American Railways—fascinated by the pop on the floor—moved his chair to get a better look.

Representative Smith (D-Wash.), author of the bill, interrupted himself with a chuckle as Rex shattered the dignity of the committee room by rolling on his back.

Dr. Claus was the only witness.

WDA Measure Engrossed in House, 55-38

Assembly Places Biemiller Bill Beyond Amendable Stage

BALLOT NEXT WEEK

Author Fails to Win Suspension of Rules For Passage

Madison —(AP)— The Biemiller Wisconsin Development Authority bill to launch a state program for public ownership of utilities was assured of passage by the assembly in a 55 to 38 vote today ordering it to engrossment.

The Progressive majority, aided by a few Democratic and Republican members, placed the measure beyond the amendable stage and scheduled it for final approval next week after a bitter three-hour debate in which opponents attacked the bill as an unconstitutional plan for state socialism.

The author, Assemblyman Andrew J. Biemiller of Milwaukee, Socialist member of the Farmer-Labor-Progressive federation, immediately after the engrossment vote but did not have enough support to suspend the rules.

Backed By Phil
The measure had the support of Governor LaFollette and administration leaders in the house. It allows \$80,000 of state funds to the WDA, a privately incorporated organization, to be used for public ownership promotional work and permits the authority to use any other revenues it can obtain, excepting state money, for the acquisition and operation of utility plants.

Biemiller and other supporters of the bill said it was intended to carry out a Progressive platform pledge and that the proposal is in line with the national administration's TVA.

The state authority would be eligible to receive any federal money available and to engage in private financing of its own.

Administration forces, denying the charge that the bill allows the state to engage in any kind of business, fought off all attempts to amend it beyond their wishes.

They rejected a second substitute by Assemblyman James T. Cavanaugh (D), Antigo, which would have limited the development authority's operations exclusively to the field of rural electrification.

Pointing out that the constitution prohibits the state engaging in any works of internal improvement, Assemblyman Vernon Thomson (R),

Liquor Price Bill Favored in Test

Senate Advances Zimny Measure but Delays Final Passage

Madison —(AP)— On a test vote today the senate showed sufficient support for eventual passage of the Zimny bill prohibiting advertising or exhibiting of prices of intoxicating liquor.

The measure was advanced past the amendment stage by a vote of 19 to 11, but a motion to bring it to a final roll call was defeated.

Among provisions of the bill is a clause deeming "every device intended to induce purchase, by means of price appeal" a violation, exacting a fine of \$100 for first offense, \$500 for second offense, and revocation of license as well as \$500 fine for a third violation.

The senate concurred in an assembly resolution memorializing congress to amend the constitution to provide for an advisory referendum on a declaration of war.

Lieutenant Governor Henry Gunderson appointed a special committee of five senators to meet with officials of the department of agriculture and markets tonight for a discussion of farm legislation.

Those named were John Cushman (P), Denmark, chairman; Philip Nelson (R), Maple River; Severn (P), Lake Mike; Mike (R), Shiocton, and Chester Dempsey (D), Harland.

Drastic Changes Seen in Michigan's Liquor Laws

Lansing, Mich. —(AP)— A composite bill, calling for far-reaching changes in Michigan's liquor control set to take form in a house committee today.

It would permit 25 per cent of the voters of any municipality to initiate by petition a referendum on the question of whether liquor should be sold by the glass within its borders. The law now provides that such regulations must be adopted on a county-wide basis.

The measure would give the commission discretionary power to revoke local officials in the matters of revoking operators' licenses, or refusing sanction to applicants for licenses.

Another clause in the measure would set a quota of one drinking house for every 250 population, save that in resort areas. This restriction might be waived during the period from May 1 to Nov. 1. Special short term licenses would be issued to those operating in excess of the quota.

Negro Guilty of Fourth Degree Manslaughter

Milwaukee —(AP)— A municipal court jury today convicted Robert Baker, 29, a Milwaukee Negro, of fourth degree manslaughter in the death of Stanley Eckert, Chicago.

Eckert, a coppermith, was injured fatally in a street fight between three white men and three Negroes following a minor traffic mishap.

A fourth degree manslaughter charge provides one to two years imprisonment. Judge Max Nohl has under consideration a motion for a new trial. If denied, Baker will be sentenced tomorrow afternoon.

Appropriations Group Asks Billion and Half For Year's Work-Relief

Rebels Reported To be Retreating On Toledo Front

Insurgents Claim 3,000 Loyalists Killed in Counter-Offensives

(By the Associated Press)
Government forces charged on insurgent-held Toledo today, engaging in fierce, close range battles. The attackers reported insurgent troops, including Moors and Germans, were driven from front line trenches. Defenders countered with a claim 3,000 government soldiers were killed in counter-offensives that crippled the attack.

General Francisco Franco's army was reported pressing closer to Bilbao in a wide circular drive to capture the Basque capital. Insurgent fliers rained bombs on the town of Munguia, seven miles north of Bilbao, and the five small towns along the Nervion river leading into Bilbao.

Government reports said the air raids threatened to convert Munguia into a "second Guernica," the Basque holy city left in ruins after plane attacks two weeks ago killed an estimated 800 persons.

Basques at Sallabe
Basque soldiers were concentrated at Mount Sollabe, a mile and a half north of Munguia. The mountain overlooks the road by which Bilbao is approached from the coast.

Government columns were said to be advancing steadily in the major offensive to recapture Toledo, an important base for insurgent operations on the Madrid or central Spanish front. The detachments drove toward the San Martin and Alcantara bridges south and east of Toledo which is protected by the Tajo river looping around its eastern, western and southern fringes.

Artillery and plane bombardments were expected to pave the way for the government troops in their task of crossing the river under the withering fire of insurgent machine gunners.

Insurgent reports from Toledo pictured the battle as one of the bloodiest of the civil war. General Franco's officers claimed the government land offensive had been shattered against an eight-mile front south of the Tajo river.

Two Janesville Plants Stay Closed in Dispute

Janesville —(AP)— The Fisher Body and Chevrolet assembly plants of the General Motors corporation, employing 2,700 men, remained closed today following a dispute yesterday over the status of 14 non-union workers in the Fisher factory.

Members of the United Automobile Workers of America, a C. I. O. affiliate, refused to permit the group to work and ejected them. A shutdown of both plants resulted. The Chevrolet assembly operations are dependent on the Fisher plant.

Appearance of a national U. A. W. officer meanwhile was awaited here.

Home, Martin, president of the U. A. W., said at Chicago last night Walter Wells of Detroit, third vice president, would come here today. He added he expected the trouble to be "adjusted amicably."

Seek Probe of Plans For Strike Shutdown

Youngstown, Ohio —(AP)— A request to investigate the Youngstown Sheet and Tube Co.'s preparations for a possible strike shutdown—an inquiry which the company said it welcomed—sped to the LaFollette civil liberties committee today as city and county officials asked department of labor assistance to avert a walkout.

Steel Workers' Organizing committee officials here said the nation's fourth-largest producer independent of "big steel" had imported "substantial amounts of ammunition, tear gas, coats and food" to prevent organized murder of the steel workers and their families.

The company which has 15,500 workers in the Mahoning district said "necessary steps" had been taken "to protect lives of people in the vicinity of our plant and to protect property from damage and insure prompt resumption of operations." The steps were not explained.

The concern's S. W. O. C. lodge has voted authority to its national officers to call a strike when deemed necessary to enforce demands for a signed contract.

Minnesota Man Killed In Mysterious Attack

International Falls, Minn. —(AP)— Otto Ottosen, 42, died in a Little Fork hospital today from gunshot wounds inflicted yesterday when two men forced their way into his farm home, shot him and beat his brother.

Ottosen, the brother, suffering from blows on the head, was unable to explain the attack. He said neither he nor his brother had any enemies. State crime bureau agents took two trapper suspects into custody for questioning.

VOICES PLEA

Milwaukee —(AP)— Dr. John W. Studebaker, United States commissioner of education, urged personalized education of crippled children according to their individual needs in an address last night to the International Society for Crippled Children. Delegates selected London as the site for the next conference in 1939.

"Too many physically handicapped children are excluded from education," he said. "Either they are not able to reach a school or are not able to get proper training when they do get to school. It is estimated that there are 2,000,000 children who come within those restrictions."

City Vocational Board Member Is Defendant in Suit

Removal of Charles Thompson Is Sought In Civil Action

A summons in a taxpayers action naming Charles D. Thompson, Second ward alderman and member of the Appleton board of vocational education as defendant, and seeking removal of Thompson as a member of the vocational board, was served by Sheriff John Lappen Wednesday.

The action was brought by Dr. Charles A. Farde, Appleton, and seeks orders from municipal court declaring the offices of alderman and vocational board member incompatible, finding the board position vacated when Thompson qualified for alderman following his election in April 1936, adjudging that the defendant had no right to accept compensation as a member of the board while serving as alderman, holding that Thompson was not qualified to retain his post on the board, adjudging Thompson is unlawfully holding the board position, and ordering the board of education to appoint a successor.

Mr. Thompson has been a member of the Appleton vocational school board since 1914. In point of service, he is the oldest vocational board member in Wisconsin.

The summons gives the defendant 20 days to answer.

Curb Big Projects
Hopkins said the administration's program contemplated curtailment of large construction projects because of the lack of skilled workers on relief rolls. He said work would be concentrated on street and highway projects, airports and recreational projects.

Hopkins said emphatically that the works program had created any general labor shortage.

"A general labor shortage is absurd," he said, "when eight or nine million are out of work. There have been reports of shortages in various parts of the country but investigations have shown that these shortages were due to substandard wages or to the failure of apprentice programs during the depression." He said he believed that even in normal times there would be four or five million persons unemployed.

Fish Pole Helps Catch Alleged Chicago Thief

Chicago —(AP)— When Policeman Jack Sawyer saw Walter Johnson, 27, strolling along city streets with a fish pole, but no fish, he became suspicious.

Barrows Given Honorary Doctor Of Laws Degree

Presentation Made to Lawrence President at
Ripon College

Thomas N. Barrows, president of Lawrence college, was given an honorary doctor of laws degree by Ripon college today at Ripon. The degree was presented by Frank J. Harwood, Appleton, chairman of the Ripon college trustee committee on honorary degrees, in a special chapel service.

Dr. Barrows was named president of Lawrence after the resignation of Dr. Henry M. Wriston Jan. 1 when he accepted the presidency of Brown university at Rhode Island. N. J. Ripon college also gave Dr. Wriston his first honorary, LL. D. degree.

Before assuming the presidency of Lawrence, Dr. Barrows served as dean for three years. He received his A. B. degree at the University of California which he attended from 1917-1920, 1921-1922. He attended Dartmouth college in 1920-1921 and was a graduate student of Columbia university, being a candidate for a Ph. D. degree lacking dissertation only.

He was a teacher and vice principal at Lincoln school of T. C. Columbia from 1924-1927, 1928-1931. Dr. Barrows was a lecturer in economics at Columbia university from 1928 to 1931 and director of Woodmere, N. J., from 1931 to 1934.

GIVEN DEGREE

An honorary doctor of laws degree was conferred today by Ripon college on Thomas N. Barrows, above, president of Lawrence college, at a special chapel service. Frank J. Harwood, Appleton, chairman of the Ripon college trustee committee on honorary degrees, made the presentation.

Vocational Aid Expected Soon

State Director Reports of
Recommendations to
Congress

A congressional appropriation of \$2,241,000 to vocational schools in the United States is expected soon, according to George P. Hambrecht, state director of vocational education, who is attending the Appleton Board of Vocational Education meeting today.

L. H. Dennis, executive secretary of the American Vocational association, notified Mr. Hambrecht this morning that subcommittees in congress will recommend that the appropriation be made. The money would be granted under the George Deen act which originally provided for a yearly appropriation of \$14,200,000.

Wisconsin's share of the proposed appropriation would be about \$500,000, Mr. Hambrecht said. "Vocational leaders desire federal aid because of the increasing number of unemployed persons who, without education, will be unable to adjust themselves to the rapid changes in the industrial world," he stated.

Wisconsin is the only state in the union to feature educational program for working people and the Appleton school is one of the leaders in this movement, the state director said.

6-Mile Railroad Line To Abandon Operations

Madison—(P)—The Cazenovia and Southern railroad, a 6-mile line in Richland and Sauk counties, may abandon operations permanently and dissolve the company, the public service commission ruled today. Operations were discontinued in August, 1935, when a flood washed out 600 feet of trestle and track. Expenditure of \$10,000 for repairs was not considered justified.

Concurrence in the order, the commission said, must be obtained from the interstate commerce commission, but no objection was expected.

Officials at Hearing On School Budget Bill

Mayor Goodland, Aldermen Keller and De Land and City Attorney Hoeftel are in Madison today attending a hearing on a bill which would remove control over school budgets. The League of Wisconsin Municipalities this week urged city officials to attend the hearing to oppose the bill.

Milwaukee Teachers' Retirement Bill Passed

Madison—(P)—The senate gave its approval today to an assembly bill requiring retirement of teachers in Milwaukee city schools at the age of 70.

The senate added an amendment making the measure effective Sept. 1, 1938, instead of immediately, and then sent it back to the assembly.

Oncida Pair Observes Its Fifth Anniversary

Oncida—Mr. and Mrs. Theodore Philipsson, Oncida, celebrated their fifth wedding anniversary Tuesday evening. After a supper to a few friends and relatives, they gave a dance at the Whip-poor-will hall.

INVESTIGATE COMPLAINT

Madison—(P)—The public service commission said today it is investigating complaints from firms in Wausau, Milwaukee, Racine, Kenosha and West Allis concerning railroad rates on castings, iron and steel articles, and other metal products.

Ervin Garrett and Emil Hunnicut, students at Southeast Missouri Teachers College, Cape Girardeau, live in an automobile trailer.

Bitter Struggle Is Seen Between Big Labor Groups

Lewis in Flat Declaration
That He Does Not
Want Peace

Washington—(P)—Labor leaders forecast today a long, intense battle for supremacy between John L. Lewis and the American Federation of Labor.

Lewis killed a peace overture by the Ladies Garment Workers' union, they said, by his flat declaration that he did not want peace.

Lewis, chief of the Committee for Industrial Organization, told a convention of the union yesterday at Atlantic City:

"If the federation wants peace, let it issue some statement that it is willing to concede the principles on which the C. I. O. was founded."

The garment workers, a Lewis union, had considered appointment of a committee to talk peace with both Lewis' committee and the federation.

Third Move to Fail

It was the third peace proposal to collapse within a year. An A. F. of L. executive council committee unsuccessfully attempted to arrange a peace conference. The United Hat, Cap and Millinery Workers, another Lewis union, also failed in attempts at conciliation.

Both sides at once girded for war. The C. I. O. started to consolidate its membership gains by issuing charters to local unions. The A. F. of L. called presidents of all loyal unions to Cincinnati May 24 to discuss a large-scale membership drive.

Little was heard of the basic issue—craft against industrial unionism. The A. F. of L. planned to utilize the industrial type of organization wherever it would serve to bring more members into federation ranks.

C. I. O. leaders talked of taking over workers previously organized by the A. F. of L. unions, even though they once said they were interested only in "organizing the unorganized."

Justices May Not Set Bail Sundays, Holidays

Madison—(P)—Attorney General O. S. Loomis advised District Attorney William H. Freytag of Walworth county today that justices of the peace may not set bail on a legal holiday, and that police officers may not take from one who has been arrested cash bond to be forfeited for non-appearance at the appointed time.

Two Ft. Atkinson Plants Are Closed by Strikes

Ft. Atkinson, Wis.—(P)—Ft. Atkinson's two major industries, the James Manufacturing company and the Creamery Package company, employing about 800 persons, were idle today as a result of strikes called in both plants this morning.

Both plants are being picketed. C. I. O. organizers have been active here for several weeks.

Strive to Assure Jobs For High School Grads

Milwaukee—(P)—Officials of the industrial commission's state employment service said today workers had made more than 10,000 field trips to private employers in an effort to line up jobs for 35,000 students being graduated from state high schools and colleges in June.

Today, thousands of revelers nursed bruises and hangovers incurred in yesterday's long celebration.

About 2,000,000 persons that formed surging, cheering lanes along the six and one-half mile route to the abbey left their mark.

Workmen started taking down the tiers of grandstand seats which had groaned under their tightly-packed loads. Trafalgar square's fountain lakes were floating with orange peel, paper cartons and almost every form of debris. It was as though an enormous circus had folded its tents and gone.

Hyde park, ordinarily proud and beautiful, was an unsightly rubbish ground.

Workmen tearing down stands in Pall Mall and Whitehall found 116 umbrellas, 14 walking sticks, 12 flasks, 16 coats, 12 rugs, 3 portable cooking stoves, scores of gloves, two suitcases and one pair of false teeth still abandoned by a throng gone joyously mad.

British Royal Family Acclaimed After Coronation

Still wearing the glittering crowns which were placed on their heads in England's most elaborate coronation, King George VI (right) and Queen Elizabeth (left) are shown with their children, Princess Elizabeth (standing next to her mother) and Princess Margaret Rose (standing before her father), and attendants, receiving the acclaim of thousands from the balcony at Buckingham palace. This picture was radioed to America from London.

Mortician's License Decision Due in July

Madison—(P)—Dr. C. A. Harper, state health officer, said today he did not expect the state board to decide until its July meeting whether the mortician's license held by Sidney Haudenshield of Dubuque, Iowa, shall be revoked.

Hearings on complaints filed against Haudenshield by the Wisbalmers, Inc., alleging several violations of the state code, were completed late yesterday.

Otto Udehlofen, a barber of Cuba City, Wis., testified that Haudenshield, summoned to embalm a body in March, 1931, did not appear on the scene until after Joseph Bigelow, an unlicensed employee, had completed the work.

Calumet Board Opposes New State Exam Group

(Post-Crescent Madison Bureau) Madison—A Calumet county board resolution opposing an assembly bill proposing the creation of a board of examiners of steam, motive power and other engineers, and refrigerator and boiler operators, has been received in the assembly and senate.

The bill proposed by the board would set up a state agency to examine and license applicants, and would set up requirements for engineers and operators. It was introduced by Assemblyman John Kostuck, (P), Stevens Point.

Duke Battles to Win Royal Rank For Bride-to-be

CONTINUED FROM PAGE 1

ward's plans for a public wedding to Mrs. Warfield and that it recognize her officially as the duchess of Windsor.

The duke discussed the situation with Queen Mother Mary by telephone and urged the beloved Mary to try and clear up the problem.

It has deadlocked government and royal family.

"Mother, we can all be happy once more, we was said to have told her—Queen Mary and King George VI can bring the government around to approving the marriage.

His insistence, which had the approval of the queen mother and King George VI, brought into the open the difference between the house of Windsor and the cabinet over the forthcoming nuptials.

The cabinet has taken the stand that the marriage should be strictly private and not be attended by any member of the royal family except as a private person.

The government may even demand a religious service if the duke persists in his demand for a public wedding.

This, one source said, would

Committee Alters Meeting Schedule

Legislative Group Will
Hold Sessions Upon
Call of Chairman

Because the volume of bills sent out each week from Madison will be small, weekly meetings of the legislative committee of the Appleton Chamber of Commerce will no longer be held, according to James Dunham, chairman.

Meetings of the committee will be called by the chairman only when there are bills of sufficient importance to warrant a meeting. The committee has been meeting each Friday since early this year to determine the chamber's stand on proposed legislation.

A similar policy will be followed in holding meetings of the district legislative committee which has been holding weekly sessions in various cities in the district. The last meeting of the district group was held in Appleton last Saturday and nine bills were on the docket.

JUMPS ARTERIAL

Paul Jones, 32, 325 S. Story street, pleaded guilty of failure to stop for an arterial sign at W. College avenue and Story street when he appeared in municipal court this morning. He was fined \$1 and costs.

Marquette Law Seniors Told of Duty to Public

Milwaukee—(P)—A reminder of their duty to the public was voiced to Marquette university law school seniors last night by Justice John E. Wickham, of the state supreme court; Dean Lloyd C. Garrison, of the University of Wisconsin law school, and the Rev. Raphael C. McCarthy, S. J., Marquette university president. The occasion was an annual dinner.

Graass Fishing Bill Assailed at Assembly Hearing

Opponents Rather 'Trust
Legislature' Than
Other Agencies

Madison—(P)—Spokesmen for Wisconsin commercial fishermen, appearing in opposition to the Graass bill giving regulatory power to the state conservation commission, told the assembly committee on conservation yesterday they would rather "trust the legislature" than any other state agency.

The bill authored by Assemblyman Frank M. Graass (R) Sturgeon Bay, reduced the power of the legislature to enact laws relating to fishing and hunting and transfers the bulk of authority over interstate boundary and outlying waters to the conservation commission.

Everett La Fond, Two Rivers, representing the Wisconsin Commercial Fishermen's association, attacked the conservation commission as a governing body, asserting it was not taking advantage of its present powers.

"Fishermen don't trust the conservation commission," he said, "We're willing to take our chance with the legislature."

Graass' Position

Graass had previously declared that the legislature did not know what was fair and what was not fair, because they don't know anything about conservation. He said the legislature changed and repealed laws so often it was taking rights away from commercial fishermen.

"This bill will give you more rights than you ever had," Graass said to La Fond.

Dr. John Van Oosten, director of the United States Bureau of Fisheries, investigation of Great Lakes fishing, favored absolute control over the hunting and fishing industries by the conservation commission—with "proper safeguards."

He added that a similar system was operating successfully under the federal government and that it had saved the fishing industry in Alaska and Canada from destruction.

230 Coast Guardsmen Plan Target Practice

Green Bay—(P)—A 10-day target practice training period will begin Friday for 250 coast guardsmen from Wisconsin, Michigan, Illinois and Minnesota on the Eleventh district rifle range in the Door county peninsula.

Lieutenant S. B. Johnson, Eleventh district United States coast guard commander, said the station crew would fire 150,000 rounds of ammunition as part of their required rifle range training.

CCC Members Guides at Apple Blossom Festival

Guys Mills, Wis.—(P)—Directors of the annual apple blossom festival said today they had arranged for 200 CCC enrollees to act as guides Sunday when visitors arrive here to see apple orchards in full bloom. Thousands of trees cover the slopes of the Kickapoo valley, the state's largest commercial apple growing region.

23 Relief Workers Get Private Jobs in April

Twenty-three persons certified for relief work by the certification bureau last month secured private employment and their cases were closed, according to a report of the bureau for April. During the month 14 new cases were certified.

Spray Fruit Trees After Petals Fall State Expert Says

**Bees May be Poisoned if
Work Is Done While
Trees are in Blossom**

Because of the danger of poisoning bees and the needless waste of spray materials, fruit trees should never be sprayed while in full bloom, E. L. Chambers, state entomologist of the department of agriculture and markets, stated in a report received today by R. C. Swanson, county agent.

Chambers pointed out that the main considerations in successful spraying are correct timing, thorough application and the use of proper materials, and declared that spraying should be looked upon as a form of insurance.

The most important spray to eliminate wormy apples, cherries and plums is known as the Calyx spray, he said. This is applied just after the petals have fallen.

Special tags carrying a spray program for Wisconsin are furnished by the department to nurserymen for distribution with their fruit trees, and copies can be secured by request.

"Besides our fruit and ornamental flowers, many of our vegetables such as beans, peas, tomatoes, melons and squash, and such field crops as clover, buckwheat and tobacco depend mainly for their fertilization upon insects which carry pollen to their stigma," Chambers stated.

"Without that process no seed or fruit would form. Plants do not develop beautiful blossoms and sweet odors to delight the sense of man but to serve in attracting insects for the purpose of their pollination."

City Sealer Checks 363

Measures During Month

Joseph A. Hodgins, city sealer of weights and measures found 363 measures correct out of 363 checked during 85 visits last month, according to his report for April. He sealed 512 weights correct out of 525 tested. Forty-one were adjusted, nine condemned for repairs and four condemned. Twenty-eight inspections were made of wagon, computing and miscellaneous scales.

To Bridge Yangtze

Hankow, China—(A)—Eight hundred miles from its mouth, near Shanghai, the mighty Yangtze is soon to be bridged, linking for the first time the cities of Hankow, Wuchang and Hanyang, industrial and trade centers of the Chinese hinterland. It will make possible for the first time uninterrupted highway and railway traffic between north and south China.

HELP 15 MILES OF KIDNEY TUBES

To Flush out Acids and Other
Poisonous Waste

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. Most people pass about 3 quarts of urine or about 2 pounds of waste, frequent or scanty passages with smarting and burning shows there may be something wrong with your kidneys.

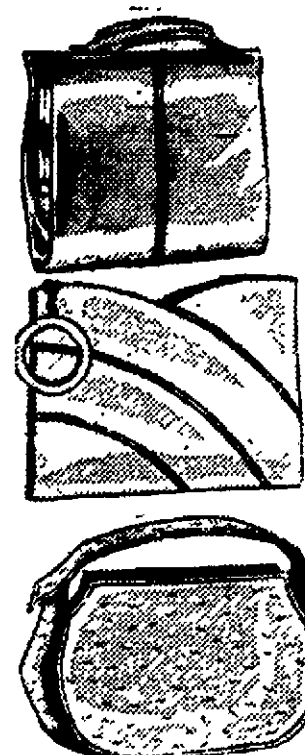

An excess of acids or poisons in your blood, when due to functional kidney disorder, may be the beginning of serious backache, rheumatic pains, lumbago, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They are happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Stieg Is Chairman Of Clintonville Jubilee Program

Quall Secretary of 50th Anniversary Celebration Group

Clintonville—Max Stieg was chosen permanent chairman and Clarence Quall, secretary, of the committee of 20 local business men in charge of the fiftieth anniversary celebration of Clintonville's incorporation as a city. They were named at a meeting of the committee Tuesday evening at the city hall. There was a general discussion of general plans for the event, which will be in the form of a homecoming celebration on July 3, 4 and 5.

An effort is being made to secure a Goodyear blimp to give exhibition flights during the anniversary event. Plans also call for a grand display of fireworks on the evening of July 5. Another meeting of the general committee will probably be called early next week by Mr. Stieg, when he will submit a general plan for the three day program.

Bids for a carload of 45 tons of calcium chloride to be used as a dust preventive on the streets of the city were opened at a meeting of the street committee Tuesday evening at the city hall. Eight firms submitted bids, all being the same price of \$23.50 per ton. After considering the merits of the various brands of the product, the committee recommended that the order be placed with Cunningham and Ortmeier of Milwaukee. The firm's carload of calcium chloride is applied to the streets early in the spring, the work usually being completed by Memorial day. Another carload is ordered later in the summer for the second application of the season.

Lions and their wives were entertained at a "bratwurst supper" Tuesday evening at the O. C. Eberhardt cottage, Clover Leaf Lakes. The evening was spent informally.

A Mother's day program of poems read by the members entertained the Clintonville Chapter of War Mothers Tuesday afternoon at the home of Mrs. Frank Heinel on E. Second street. The meeting closed with a supper for 22 guests, served by Mrs. Heinel, Mrs. August Jacoby and Mrs. Herman Kratzke. The June meeting will be held at the home of Mrs. Peter Meggers on N. Clinton avenue, with Mrs. Anton Muthig and Mrs. William Laahs assisting.

Teachers of the Clintonville public schools were guests at a 6:30 dinner given Tuesday evening by Mr. and Mrs. Max Stieg and Mr. and Mrs. Herbert Bovee at the Stieg home on N. Main street. Seven tables of bridge followed the meal and honors were awarded to Melvin Bartz, Raymond Heil, Walter Rohm, Misses Margaret Chase, Leola Knudson and Viola Bartelme.

Mrs. Eldor Schnorr was hostess to her club Tuesday evening at the home of Mrs. Ben Rathke. Two tables of bridge were in play, with honors being won by Miss Delores Gretzinger and Mrs. Clarence Pichl.

Members of the Thrift club and their husbands were entertained Tuesday evening at the home of Mr. and Mrs. William Below. Five tables of five hundred were played, with a luncheon following the games. First, second and travel prizes for the women went to Mrs. Henry Zuhse, Mrs. Henry Smith and Mrs. Donald Vanderwalker, while the men's prizes were won by Otto Euenning, Nick Schmidt and Paul Kluth.

Mrs. Orval Malueg was hostess to her club at a dessert-bridge Tuesday evening. Two tables of contract were in play, the honors going to Mrs. Eugene Schmidt, Miss Jean Stanley and Miss Dorothy Spearbraker.

Mayor and Mrs. A. A. Washburn are spending this week at Fort Williams, Ontario, Canada, where they are attending a celebration being held in connection with the coronation of King George VI of England. The Washburns are expected home Saturday.

Rebekahs will have a social hour following their regular meeting next Tuesday evening, May 18, at the Odd Fellow hall. Eldon member may invite a guest for the affair, which will conclude with a covered-dish luncheon.

Plan Mothers', Fathers' Weekend at University

(Post-Crescent Madison Bureau) Madison—Parents of the 250 University of Wisconsin students from the Appleton area will participate in the annual mothers' and fathers' weekend at the state university May 21 to 23.

Three days filled with activities ranging from a reception and address by President C. A. Dykstra, to exhibits and demonstrations by major divisions of the University, are planned by the students who will welcome their parents to the Wisconsin campus for the event.

Parents of students who visit the campus for the observance of the weekend this year will be shown how their sons and daughters work as well as play during their university careers, since exhibits and demonstrations by major divisions of the university are being arranged by the weekend committee in addition to the usual social and sports programs.

The program will begin Friday afternoon, May 21, with the annual Reserve Officers Training corps

parade on the lower campus, and a varsity baseball game at Camp Randall field. Early Friday evening the traditional Senior Swingout for graduating women students will take place.

Saturday will be the busiest day, with bus tours to various buildings and beauty spots on the campus during the entire day, a full program of sports, including women's athletic activities, a second varsity baseball game, and crew races during the afternoon, the president's reception and the annual mothers and fathers banquet, followed by the unique tournament of song in the evening.

On Sunday, special church services will be held in the various campus churches, followed by dinners in honor of the parents at the various organized campus homes for students.

Last year about 1,000 parents of Wisconsin students attended the Parents' weekend program, and it is expected that a larger number will attend this year.

Teachers Return From Convention

Attend Meeting of International Society for Crippled Children

Classes at the orthopedic school were resumed yesterday as four faculty members returned from the sixteenth annual convention of the International Society for Crippled Children. The Wisconsin Association for the Disabled was host to the convention.

Appleton teachers at the sessions include Mrs. Jessie Collins, principal, Miss Inez Christensen, physiotherapist, and Miss Bernice Pitzer, assistant physiotherapist.

The convention opened with dinner Sunday night at which delegates discussed "Spiritual Values in Rehabilitating the Crippled Child." Paul H. King, Detroit, led a discussion of "International Society for Crippled Children—A Social Force" at the opening session Monday

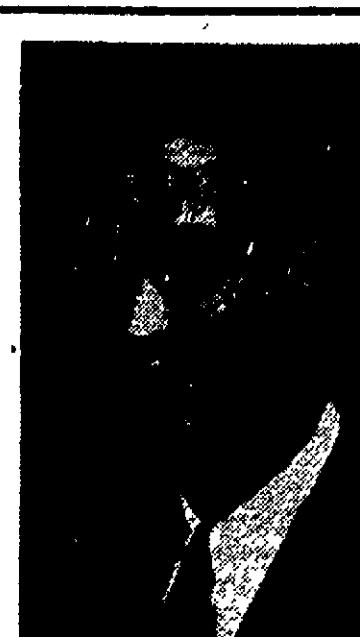

morning with forum meetings featuring the afternoon meeting. Visits to crippled children institutions in Milwaukee will conclude the convention program this afternoon although many delegates will travel to Chicago this evening to inspect the crippled children institutions there. Special tours are planned at Chicago.

SUGAR BUSH ITEMS
Sugar Bush—Miss Lila Strossenreuther, who is in training at the Milwaukee county hospital at Wauwatosa, spent Sunday with her parents, Mr. and Mrs. Roy Strossenreuther.

Miss Irma Hoffman arrived here from Barrington, Ill., last week and is spending a couple of weeks with her mother, Mrs. William Hoffman.

Carol, little daughter of Mr. and Mrs. Kenneth Kreshamer, is confined to her home with scarlet fever.

VETERAN PILOT DIES
Ashland—(U)—Captain Leonard Seeburger, 65-year-old pilot of boats plying in Chequamegon region ports, died suddenly at his home on Madeline island yesterday. He operated the Nichevo and was former captain of the Detroit, an excursion steamer.

HEADS CHORUS

The new president of the Appleton MacDowell Male chorus is J. S. Wells, above, who was elected to the office at the annual banquet of the organization Monday night at the Hotel Appleton. He succeeds A. H. Falk in the position.

Expect 100 Scouts At Spring Rally

Events Will Start at 2:30 Saturday Afternoon at Clintonville

Clintonville—More than 100 Boy Scouts from six troops in Clintonville, Marion and Bear Creek will compete in the district spring rally at 2:30 Saturday afternoon at the Clintonville City park. Seven events have been arranged by R. H. Milbauer, local chairman, and John Buchrens, district commissioner. Troops already entered include troop 21, Clintonville; Percy Hughes, Scoutmaster; troop 23, Clintonville; Lloyd Pinkowsky, Scoutmaster; troop 24, Clintonville; Lester Osterloth, Scoutmaster; troop 26, Marion; Michael Foley, Scoutmaster; troop 30, Clintonville; Frank Sinkewicz, Scoutmaster; troop 40, Bear Creek; Kenneth Edge, Scoutmaster. Events scheduled include the life line contest in which square and

clove hitch knots are tied; compass relay; blanket stretcher race; O'Grady drill; Paul Revere race; fire making contest; knot tying relay in which scouts will tie the eight different knots. The rally will be held indoors in case of rain. R. H. Milbauer and John Buchrens will name judges and officials for the various events before Saturday.

Field work in child nutrition is offered to seniors in household science at Oklahoma A. and M. college.

MAN WANTED

In this community by large feed company. Must have car, livestock experience and be between 30 and 60 years. Must be satisfied with earnings of \$90 a month to start. Address A-15—care of this paper.

"CURFEW SHALL NOT RING TONIGHT"

While the Wisconsin senate was defeating the measure requiring military training of students at the university because it might implant a love of war, one might have gazed over upon the devastated areas of Spain and seen the Wisconsin University boys there who never even saw a military salute right in the thick of the fight.

We still have quite a number of people who remember the battle that raged 40 to 50 years ago against permitting football in our high schools. The argument was that it would make thugs, puglies, bar room bums and prize fighters out of the participants. The argument was carried on with the same delicious breeziness and indifference to fact and experience with which this other argument is carried on, that if you teach men to stand erect, guide them in a clean life and the essentials of self-preservation you create in them a blood lust.

It is just an old-fashioned, socialistic hobgoblin kept in a sort of Pandora's box along with other creatures of dread and apprehension that it may be used to stimulate masses of the people to believe that sinister and diabolical plans are nursed in the hearts of otherwise patriotic people to use men for purposes of destruction and damnation.

The scare-shouters of two generations ago did not prevent the development of hardy and manly athletics in our preparatory schools. But a political scare-shouter is another affair. He is acting upon a stage in which things are not always realistic. And in this day and age when war is everywhere he must do something to stop war.

What shall he do?
Just take the hands of those who may otherwise have to participate some day. In the meantime a student at Madison with an extra hour on his hands may strike an interrogation mark attitude as he hovers over a tavern bar or fall in the restful pose of a slouch as he leans against the wall in the pool room, but never, oh, never, would it be proper to order him to assume an attitude with shoulders erect.

THE FLIGHT OF THE METROPOLE

The city of New York has recently made a survey through its Board of Estimate to determine the reason why it was losing so many industrial plants. It made a direct inquiry of the plants that had quit the community and it found that of the 236 employing 50 men or more that had thrown up the sponge 140 specified "racketeering in labor" for their removal and 86 to "high taxes" in some form or other.

The word "racketeering" in these answers is given a rather loose meaning. It does not merely refer to wrongdoing upon the part of labor but to a middle-some interference. The testimony of one New York manufacturer will indicate something of the burden. Said he:

"I manufactured electrical equipment and employed about 100 men. They all belonged to the union, were skilled hands, and even received over \$200 per month. Some union leaders demanded of me that I put on a service route to take care of the articles we manufactured. I declined. I sold wholesale and wouldn't think of going into the servicing business. So they put pickets on 'Unfair to Union Labor' and tried to pull off my men. The men stuck by me. Then general headquarters of the union said the men must not walk by a picket. So the men quit. And I quit. I simply moved out of New York."

The heavy burden of taxes upon industries in a metropolis has grown through the generations and is due both to the wastage and corruption of political machines such as Tammany and the application of Mr. Roosevelt's spending program to municipal affairs long before that gentleman became an occupant of the White House.

In other words New York City has a tremendous debt. New York state has a tremendous debt. The resultant tax rates on real estate are burdensome. Labor demands high wages to meet the burden to it of high rents. The question is how long will the rest of the country pay prices for articles occasioned by a high labor rate which in effect is made necessary by wasteful and extravagant government.

The Board of Estimates of New York reported that 249 industries had moved away within a relatively short period. But

of course it could not report the great number that are preparing to move out of New York and the still greater number that are considering it.

There are certain expenses that industry can pass on to the public. There are certain expenses which it itself can absorb. But there comes a time when the dam breaks loose and the Johnstown flood is on again. While everyone suffers from these consequences it would be well for the people to remember during all the time they are building up circumstances that make it essential for industry to quit that they will some day have to pay for their shortsightedness.

SENATOR CASHMAN'S MOTOR BILL

Unless we are to sit complacently by with folded hands and cheer on the slaughter on our highways we certainly must do something sternly constructive about our appalling conditions.

The time for mere talk has gone. We spent a lot of time in that way hoping it would do good. The time for the most impressive articles, the most realistic pictures, the most tragic reviews has passed. We devoted a great deal of time to all the usual and ordinary methods that might possibly be brought to bear in accomplishing more safety on the highways. But to no purpose.

The accidents continue and increase. The gongs of the ambulances clear the roads as the victims are carted away to the hospitals. The toll has become terrific. Now the time has arrived to do something about it.

We hope that Senator Cashman's bill will not be emasculated. It is a realistic and forthright effort to deal sensibly and practically with this ever increasing menace.

If anyone thinks that it is going to be handled with polite gestures or soft cordings let him turn and review the record that shows the inadequacy of these methods. We must give time and attention to the sort of men and women who are permitted to drive death dealing vehicles capable of making a hundred miles an hour on our highways. If we aren't ready and willing to do that let us not josh ourselves nor anyone else that we are going to clear up the veritable Madrid conditions that prevail upon our roads.

THE GOVERNMENT FILLS THE WASTE BASKETS

May we not make a formal request of business houses not to send to the editor of the Post-Crescent any more of that extensive mass of printed material which the government of the United States sends out to them without request and which is about as valuable as a burnt match?

Will not the business houses understand that the government does not prefer the Post-Crescent over others and sends it its quota too?

We have made no particular complaint against employing people to figure out a lot of nonsense but it is going a step too far even with us to constantly send out copies of their work sheets.

In the publishing business we cannot fail to note a rise of nearly 20 per cent in the cost of newsprint with the threat of another similar increase this summer. If the government didn't use up so much paper in making millions of copies of non-sensical figures to send out to people who haven't use for them and never could have any use for them perhaps there wouldn't be such a terrific demand on the mills.

We suggest to business houses that they may consider returning all this flood of wastepaper ground out at tremendous cost to the nation back to the departments that emit it, postage collect.

RADICAL SENATORS AND THE COURT

The two senators from Minnesota who call themselves Farmer-Laborites but are often fairly classified as a bit radical, at least in some of their utterances, are not smiling upon the President's court plan.

Senator Shipstead has come out flatly against the scheme. Senator Lundeen indicates that he might support an increase of two in the court but no more.

This is a very good sign because it shows straight thinking. These gentlemen have merely concluded that there is no necessity at all in keeping a court as an independent body if connections of chain-like strength are maintained so that it bows and scrapes and comes and goes at the will of the Chief Executive or any other department of the government.

Ordinarily the American people do not swallow pretexts very easily. They like shows just as well as other nations but there is something repulsive about talking of an independent judiciary while putting the ringlets upon its wrists.

Since 1923 Scotsmen have been seeking the return of historical Scotch records removed to London in 1250 when Edward I was conducting inquiries into the succession to the Scottish throne.

The blood of many lower animals has a pale blue oxygen-carrying substance in place of the haemoglobin that gives the blood of the higher animals its red color.

More than 1200 deer were killed on Webb County, Tex., ranches during the season that ended December 31. Game Warden Arthur Gardner estimates.

A remnant of the fort which George Washington asked the British to build 173 years ago to protect the western frontier still stands in the shadows of Pittsburgh, Pa. skyscrapers.

The Japanese have announced a spring-driven automobile capable of running 9 miles on a winding. You plan your drive so you're at a winding station when the spring runs down.

THIS is written a few minutes after George VI, newly crowned King of England and Emperor of the dominions beyond the seas, has finished speaking to the far reaches of the world where British subjects live. It is a nice sort of address, approximately what you would expect him to say under the circumstances. . . . but it is more interesting to hear how he says it. . . . the new King is under tension, and he has been under tension for quite a while. . . . he is, moreover, bothered with a speech impediment and I, who suffered through childhood and adolescence with a speech impediment, find myself very nervous about a proceeding in which I have but a spectator's interest. . . . he gets the emphasis a little off once in a while and his pauses seem to take a long time. . . . but even then, he gets through it impressively and his voice has a deep quality that is lacking in the elder brother who is conspicuous by his absence. . . . all in all, George VI acquits himself very well, indeed, and if he didn't settle back and take a couple of stiff ones, I am greatly surprised. . . .

THE HINDENBURG'S LAST FLIGHT

Oh the day was bright
And the breeze was light,
When the Hindenburg left home:
There were hearts were glad,
And there were hearts were sad
As she sailed across the foam.
And the nights were long
But the ship was strong
And her nose was headed west;
Like a falcon's wing,
With a faster wing,
She would meet and pass the best.

And the air-streams' screams,
Past the air-ships' beams,
Were high over the oceans roar;
And the people cheered,
As the air-ship neared,
Her port on the western shore
The waving hand,
To the friends on land,
From the friends across the sea.
Was a greeting fair
To the crowds massed there
They had journeyed far to see.

Then a horror's shriek,
That no tongue can speak,
Rent the dim and murky air;
Like a bloody hand,
The fire-kings' brand,
Lit the field with a lurid glare;
And the flame that sears,
Brought the flowing tears,
To the eyes of the awe-struck crowd;
And dark despair,
Reigned everywhere
'Round the air-ship's burning shroud.
—Ezekiel Sodbuster.

There is but one solution: a German-American working agreement that puts American and German passengers in German-built and German-operated dirigibles. The setup is so perfect and so simple that it will probably be overlooked.

YES OR NO?

Intuition is, I think, sixth sense.
A thing that helps you know
Just what it is she really means
When she smiles and answers "No."
—MRS. G. W.

With the Philadelphia Athletics on top in the American league, it looks as though there's hope for the Republicans yet.

Jonah-the-cornor

A Verse for Today

By Anne Campbell

FOR RENT

For rent, a wren house!
Will some one come?
Lilacs are blooming;
The brown bees hum.
You'll find good neighbors
On every hand
Who'll hear your chatter
And understand.

The rent is simple
For you to pay:
A song to cheer us
Along the way.
We'd like to watch you
Spread happy wings,
For you can teach us
So many things.

We're prone to wonder
And rail at life,
We're too ambitious;
We foster strife.
We search the future
With worried eyes,
And lose the skyway
To Paradise!

For rent, a wren house!
Come teach us faith,
Valiant acceptance
And joy in faith.
We will not charge more
Than you can give,
We look to find out
The way to live!
(Copyright, 1937)

Looking Backward

10 YEARS AGO

Thursday, May 12, 1927

Captain Charles Lindbergh, Missouri National guard flier, who has reached St. Louis after a 1,550 mile nonstop flight from San Diego, Calif., on the first leg of his journey to New York, plans to hop off for Paris within a week or 10 days. He expects to make the Paris hop alone. Senior girls of Appleton High school will be entertained at a tea by the Appleton branch of the American Association of University Women at the last meeting of the year Saturday at the home of Mrs. J. S. Reeve, 212 N. Green Bay street.

25 YEARS AGO

Thursday, May 16, 1912

The date for the annual commencement for Appleton High school was set for June 5, it was announced that day. Sixty students, constituting the largest graduating class in the history of the school, will receive diplomas.

The seventh annual convention of the Green Bay district of Christian Endeavor societies will open in Appleton on May 24 and continue for three days. It was announced that day. Over 100 delegates are expected for the sessions. Fish Commissioner B. C. Wolter, John Stevens, Jr., and Herman Getschow went to Stevens, Wis., and secured 1,250,000 pike fry from the state hatchery and planted them in Lake Winnebago.

WORK, PLAY, NERVES AND ARTERIES

Extraordinary letter received the other day says: "Thanks for your article on Prevention of Apoplexy. May we please have more on that subject with emphasis on prevention?"

I rubbed my eyes and read the letter over more carefully. Surely I had read it wrongly. But no, that's precisely what the reader said. Not a word about cure. Can it be possible that there is developing in the popular mind an actual interest in preventive medicine? This correspondent describes himself as "over 40 years of age." Not bad. He might be 42 or 82 years old.

In the red book "Building Vitality" I say "Among men 5 per cent of the cases of arteriosclerosis occur in the third decade, 15 per cent in the fourth, 30 per cent in the fifth and 50 per cent in the sixth decade or later."

If ever I get as many as three letters from persons under thirty who express interest in the prevention of apoplexy or other manifestation of cardiovascular degeneration, I believe I'll pioneer a new field, the practice of preventive medicine exclusively. It has never been done. Without overstepping the bounds of medical ethics to attract clients a doctor would starve trying to practice pure preventive medicine.

Apoplexy (stroke or shock of paralysis, cerebral hemorrhage) is generally an accidental rupture of a small artery in the brain due to long-standing arteriosclerosis or hardening of the arteries, hypertrophy or overdevelopment of the heart which is a compensatory change necessary to pump blood thru the incalculable arteries, and a sudden elevation of blood pressure, whether this is brought on by emotion, overeating, overexertion or alcoholic indulgence.

Prevention of apoplexy is prevention of arteriosclerosis, premature senility, excessive wear and tear of the arteries.

These days apparently a larger proportion of young persons than ever before are training for arteriosclerosis and whatever the cardiovascular degeneration may bring—apoplexy, nephritis, angina pectoris, coronary thrombosis or just a general breakdown.

Sedentary adult past thirty who begin to take on excess weight and experience shortness of breath on exertion which formerly gave no such discomfort, and feel the lack of former ambition or "pep," should not seldom do take steps to retard the oncoming C. V. D. that is short for cardiovascular degeneration, the premature old age we're talking about. When I say take steps I mean take steps. Oxygen on the hoof, two miles three times a day, or its equivalent in any other form of exercise, physical work or play. A daily walk of from one to six miles or more is the best remedy in the world against high blood pressure, that is, if one is fortunate enough to have a place where it is reasonably safe and pleasant to walk and can afford it. If a daily walk is out of the question, then at least some kind of physical exercise, work or play that one can enjoy should be carried on daily, by way of diversion, hobby, vacation or change. If there's nothing else to do in time or stress, worry, vexation try rolling a dozen somersaults.

QUESTIONS & ANSWERS

Hydronephrosis?

What is hydronephrosis? (J. J.)
Answer—Enlarged or dilated kidney collecting basin from obstruction somewhere in the outflow of urine.

Myopia
All my life have been highly

myopic. Now aged 62. Several oculists have told me myopic eye is diseased eye. Please give your explanation. (A. M. B.)

Answer—A myopic eye is too long. Over-use of eyes in youth without properly fitted lenses of glass causes pathological changes or disease conditions which might have been prevented by proper care. Constant wearing of suitable glasses for all near work is the best way to save the eyesight in myopia or near-sightedness. Use of drops to put accommodation or focusing apparatus of eye at rest for several days from time to time, for accurate fitting of glasses, is generally helpful for myopic eyes, which need rest, for they are constantly overworked when used.

Rickety Skull
Child 2 1/2 years old has had 12 sun-ray treatments which have cured rickety condition in chest. Will continuance of such treatment correct head deformity in this child? He also receives plenty of cod liver oil. (Mrs. H. E. M.)

Answer—The treatment should bring about at least partial, if not complete correction of the skull irregularity. Why not give the child the advantage of daily exposure of naked body to sunlight itself?

Dr. Brady will answer all signed letters pertaining to health. Writer's names are never printed. Only inquiries of general interest will be answered by mail if written in ink and a stamped, self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, 265 El Camino, South, Beverly Hills, Calif.

Your Birthday

"TAURUS"

If May 14 is your birthday, the best hours for you on this date are from 9:30 to 11:30 a. m., from 1:30 to 3:30 p. m. and from 7:30 to 9:30 p. m. The danger periods are from 7:30 to 9:30 a. m., from 5:30 to 7:30 p. m. and from 8:30 to 11:30 p. m.

Your strength of character may be subjected to a test this day, that it must stand successfully, if you wish to make progress. In business circles confidence is the all important need for the time being. It will pay to be open-minded and willing to discuss any matter that requires a quick decision. Conserve your energy. In some unexpected manner you may be much better off in worldly possessions before another day is born. Should you be much sought after on this day, you will have to be diplomatic if you find it necessary to decline any invitation. Be careful, if you are in a crowd not to become involved in any quarrel, particularly if loss of temper is due to someone's pushing or comment. Offer no excuse that is not plausible. Otherwise there is danger of its being questioned. Married and engaged couples, as well as those who have fallen victims to Cupid's darts, will be wise to show a willingness to cooperate in planning social diversions or discharging social obligations.

If a woman and May 14 is your birthday, you are more than likely a nature lover and apt to be instinctively religious. The chances are you become restless if you do not get a chance to travel periodically. You are capable of planning social activities that are unique. You may be rather impetuous, especially in matters that ought to receive a great deal of

deliberation. You are quick to make friends and as a rule ought to be fortunate in your choice of them. As a teacher, musician, actress, real estate or insurance agent, publicity woman or journalist you should make a big financial success. Your home life as a married woman, in all likelihood, will be very happy.

The child born on May 14, will perhaps give evidence, in its high school years, of having an unusual amount of common sense. Kindness will accomplish much more than strict discipline, as this youngster may be extremely sensitive.

If a man and May 14 is your natal day, you probably will have the opportunity to make some big money. As an architect, sales agent, author, commercial photographer or banker you may become a man of wealth.

Successful People Born on May 14: Timothy Edwards, clergyman, Samuel Dexter, jurist and politician. James D. Cameron, railroad president and politician. George Cooper, poet. Robert Owen, reformer. Timothy Dwight, clergyman, educator and author.

(Copyright 1937)

Seen And Heard In New York

BY GEORGE TUCKER

New York—It was just seven years ago that Justice Joseph Fred C. dining with friends at a Broadway cafe, got up from the table, stepped into a taxicab, and for all that police have been able to ascertain, vanished from the face of the earth!

Seven years it has been, yet despite an international search extending from New York to Hawaii to Alaska to Africa and from South America through Europe and every nation in the orient, not a trace of him has been found.

Since then, of course, like periodic flashes of summer lightning, there have been electrifying rumors that the judge had been found, but inevitably these have been untrue. Once he was "seen" somewhere in the Great Painted Desert, disguised as a prospector. Again he was "glimpsed" aboard a fast ocean liner. . . . Clues which sent international police tumbling along the trail with no result.

It is a bizarre and melodramatic tale when one digs down into the known facts:

1. There is no known reason why he should have effaced himself—if, indeed, he was not murdered. He had done nothing wrong.

2. He disappeared on the night of August 6, 1930—a night on which he had dinner with William Klein, a lawyer who dealt in theatrical cases and two show girls. They dined at a restaurant in 45th street, and the judge enthusiastically displayed a ticket to a musical show which he intended using that night.

3. Suddenly he arose and excused himself. He stepped to the curb and hailed a passing cab. They saw him enter it, and from that day till this he has not been seen.

4. Earlier in the day Judge Crater cashed two large checks—one for \$3,000, the other for \$2,150.

5. As he departed from his office, carrying two pasteboard folders and a bag of personal papers, he remarked: "I'm going swimming—westchester way."

6. Meanwhile, his wife, Stella Crater, was at his summer home in Maine.

7. She rushed back to her empty apartment in New York to find two things. One was his papers, plus a considerable sum of money and his life insurance policies, neatly arranged in a bureau drawer. The other was a brief, poignant note—a message such as a playwright might have wished his hero

A Bystander In Washington

BY FRESTON GROVER

Washington—For sheer comic opera county government it is hard to outdo Harlan county, Kentucky. The place long ago wrote its name in history as the scene in hard-boiled handling of labor trouble. But not until Sheriff Theodore R. Middleton testified before the senate civil liberties committee did the exhilarating picture of the county government appear.

He became sheriff January 1, 1934, and still is. When he took over the job he was worth, he said, about \$10,000—now he is worth \$102,000 or more, owner of store buildings, fat shares in coal mines, a profitable dairy, a handsome home, shares in a mine commissary, and a pouch of standard stocks and securities.

His pay as sheriff is \$4,460 a year and he gets a cut out of tax collections. But even the \$25,000 he conceded the county officials had credited to him for tax collections did not cover more than a slice of his income.

Nobody Minds

Now don't misjudge Middleton. He looks to be the sort of person who would be a grand companion on a fishing trip and just remember that Harlan county and much of Kentucky must have known at least part of the story for months without becoming unduly excited. Middleton, however, concurred when prompted by bank statements, that he had transferred about \$59,000 from tax accounts in his care to his own bank account; he used the money to pay off personal notes, to remit to stock brokers in Cincinnati, or just to refresh his own account in time to meet mortgage payments.

W. W. Lewis, president of the bank of Harlan, where Middleton kept his personal and official accounts, is also the county treasurer, but he said he "saw no objection" to the sheriff drawing on public funds to pay his private debts. He used to be partner to Middleton in a liquor store.

Share the Wealth

Earlier a deputy sheriff, of which there are at times several dozen, testified that while his salary was listed as \$200 on the county books, he was required to kick back \$75 a month to the sheriff. The deputy thought all the other deputies had to kick back that way, too.

When the committee asked Middleton to confirm this he thought it was time to draw a line. He had just been advised that income tax agents were attending the hearing. So he said further answers as to his income might "incriminate" him in connection with the federal income tax law.

But there is a limit to a good thing, even in Harlan county. A sheriff can hold his job only four years. It's a sort of share the wealth proposition.

Here and There Around World

CHEESE-EATERS

Washington—(7)—Americans are improving but still behind Europeans as cheese eaters. Agriculture department cheese specialists say the average American gets mixed up when talking about cheese. For instance, if you ask the grocer for a piece of plain cheese, he will sell you what he calls "American cheese" which is really "cheddar."

Much "green" cheese is sold in this country. It takes eight months to a year to ripen cheese until it has "character" and that adds to the cost.

To Get New Plane

London—(7)—A new plane with accommodations for six has been ordered for the royal family. It will be a maximum speed developing a maximum speed of 180 miles per hour and will replace the monoplane used by Edward as prince and king.

Members of the British royal family have used airplanes increasingly, but the king and queen have not been up since their accession to the throne.

GUNMEN SLOWING UP

Corpus Christi, Tex.—(7)—Sheriff William Shely of Nueces County, who joined the Texas Rangers at the age of 17 in 1889, declares few gunmen of today, either outlaws or officers, can shoot with the speed of early day Texans.

The old time outlaw, although he might be the most dangerous sort of man, he adds, "preserved a code of honor of conduct. You could depend on his word the same as that of any other man."

UNDER PROTEST

Houston, Tex.—(7)—Nancy, Nubian milk goat, nurses two foggy-eyed hyena babies in the Hermann Park zoo here.

The other hyena had managed to rear only one of three other litters born in the zoo, so Keeper Hans Nagel decided to help her with the latest offspring.

The goat didn't like the idea, but couldn't help herself.

MAN MOVES HOUSE

Lawton, Okla.—(7)—Harold Herzog, collector for an automobile firm here, had a car of a ways getting his debtor. That record is now slightly broken.

Herzog told County Attorney Dwight Malcolm a man owing the auto firm an account had moved away, taking with him his house and even some recently planted young trees.

The Carnegie Foundation for the Advancement of Teaching had resources of \$26,794,272 on June 30, 1936.

to say under similar circumstances. It said simply: "Am weary, love." It was signed, "Joe."

Gus Edwards wrote "School days" in 1934, and at the time of its popularity, it sold 3,000,000 copies, and still sells around 10,000 a year.

Revised Railroad Schedule Topic at Kiwanis Meeting

Officials of Road are Speakers at Service Club Meeting

Chilton—The regular meeting of the Chilton Kiwanis club was held at Hotel Chilton Tuesday evening. Marvin Hoffman, director of the High school and city bands, presented several musical numbers by students of the high school, using both wind and string instruments. He stated that the course in music has been re-organized, music now being begun in the lower grades so that musical ability of promise may be given a better chance for development.

Mr. Hoffman then introduced Superintendent F. F. Schlosser, stating that Mr. Schlosser was deeply interested in the development of public school music. Mr. Schlosser stressed the importance of music as an art and as a factor in the development of good citizenship. Wisconsin, he said, ranks first among the states in the development of music in the public school system.

The question before the Kiwanis club Tuesday evening was the new train schedule which the C. M. St. P. railroad proposes to put into operation May 28. John Priem, general passenger agent, P. H. Nee, general superintendent, and N. C. Toli, traveling passenger agent of the St. Paul railroad, were present and the two former addressed the meeting relative to the new train schedule.

It is a peculiarly hard problem to make a train schedule that will work out to the satisfaction of every community which a railroad system serves, they said, pointing out that the railroad company has interests that are mutual with the interests of each local region to which it sells service. The automobile is the greatest competitor of the railroad in passenger traffic, but the new train service with air cooled cars and other general improvements and greater speed has been very successful in restoring passenger traffic, it was asserted. Freight receipts at Chilton average about \$25,000 per month, and the passenger receipts about \$300 per month.

The new schedule is tentative. The number of trains will not be increased, but speed will be increased and there will be a change in the number of stops. Mail service to Chilton will be as satisfactory as it now is, Mr. Nee declared.

Legion Auxiliary Unit In Meeting at Brillion

Brillion—The May meeting of the American Legion auxiliary was held at Legion hall Monday evening. Mrs. J. N. Schwallier, Mrs. Arthur Lau and Mrs. Otto Bartz were hostesses. The program presented was a presentation of National Music week, Mother's day and Poppy day. Gifts were presented to the three Gold Star Mothers by Mrs. I. C. Sherman. The mothers receiving the gifts were Mrs. Anna Bloedorn, Mrs. Mary Ryan and Mrs. Ambrose Pfleger. Delegates for the spring conference to be held at Waupaca May 21 were elected. Delegates elected were Mrs. Louis Huibregtse and Mrs. Huga Muehlbach and alternates Mrs. Robert Geiger and Mrs. Otto Bartz.

After the business meeting a white elephant sale was held and later a lunch was served.

Hildagard Jandrey entertained friends in honor of her birthday anniversary on Monday.

Attorney and Mrs. B. E. Meyer of Marion and Alvin J. Horn of Milwaukee spent Sunday at the home of Mrs. Frank Horn.

Friends and relatives surprised Mr. and Mrs. Theodore Eichhorst in honor of their twentieth wedding anniversary Monday evening.

Those present were Messrs. and Mrs. Henry Bleichwell, Henry Mertz and family, Harry Radloff, Henry Carsten and son Edward, Earl Lavey and family, Mrs. Ernst Waak and daughter Dorothy, Clara Radloff, Mr. Hilbert Radloff and daughter Elaine and Mr. and Mrs. Gilbert Kreuer of Reedsville. Cards were played.

Mrs. Hilmer Johnson was hostess at a 1 o'clock luncheon on Wednesday.

Mrs. Frank Horn entertained friends at a 6 o'clock supper Monday evening in honor of Mrs. B. Delaney of Clintonville.

The May meeting of the Brownies will be held at the Dr. L. N. McComb home May 15 at 2:30 in the afternoon. Brownies will invite their mothers and bring a lunch. After a short business meeting a hike will be held.

Mr. and Mrs. Irvin Kuehl and family of Milwaukee spent Sunday at the C. H. Kuehl home.

Confirmation exercises for the catechetical class of the Friedens Evangelical and Reformed church will be held at 10:15 Sunday morning. Those taking part in the exercises are Lance Becker, Allan and Daniel Seefeldt, Allan Cottrell, Elaine and Geraldine Novak, William Ross, Jr., Jean Seip and De-loris Horn. The Rev. John Siegel will conduct the services.

Chick losses will be less and development better if litter is used on the brooder house floor during the brooding period, says E. R. Halbrook, Kansas State College poultryman.

Not more than 100 chicks should use one pan of water and one feeder, says R. B. Thompson, poultry specialist at Oklahoma A. and M. College.

derburg, and three sons, William, Otto and Gus, all of Chilton. The Rev. A. E. Pfaff, Gordon Wolff and Mrs. George Wolff were at Fond du Lac Tuesday to attend the sixty-third annual council meeting of the Episcopal church. Mr. Wolff was the delegate from the local church in addition to the usual business. Dr. A. D. McGregor of New York, national director of religious education for the Episcopal church, gave a talk on "Religious Education Today." Following evening song at the cathedral at 5:15, a banquet was held at Hotel Retlaw.

The Woman's Missionary society of the Ebenezer Reformed church will meet with Mrs. Gustav Guenther Thursday afternoon.

Bobby Voigt, son of Mr. and Mrs. Otto Voigt, is ill with a severe attack of inflammatory rheumatism. This is his second attack. He suffered one three years ago.

St. Ann's Society in Meeting at Shiocton

Shiocton—Members of St. Ann's Altar society held their monthly meeting at the Santkuy home Tuesday afternoon instead of Thursday as heretofore. Cards were played. High at schafkopf was awarded to Mrs. Emil Santkuy and low to Mrs. Clark Wilcox, and high at schmeier to Mrs. Will Lauer and low to Mrs. Ed Achtner. The committee in charge included Mrs. Michael Lutz and her daughters the Misses Gertrude and Marion.

Friends and relatives gathered at the Thomas Peep home Tuesday evening in honor of Mrs. Peep's birthday anniversary. The evening was spent socially and a lunch was served. Those present were Mr. and Mrs. Fred Braatz, Mr. and Mrs. Edgar Peep, Leland Peep, Mr. and Mrs. Percy Braatz, Mrs. Sadie Terrill, Shiocton, and Mrs. Percy Bidwell, DePere.

Mrs. Alice Felsner was at Seymour Wednesday where she acted as bridesmaid for Miss Gladys L. Kroh-

low of Black Creek whose marriage to Ivo J. Huettl of Seymour took place at 8:30 that morning at the Catholic church at Seymour.

Mr. and Mrs. Roy Sawyer who spent the winter months at their home in Sebring, Fla., arrived at Shiocton Tuesday. They were accompanied here from Cambria, Wis., by Mrs. Walter Sawyer. After a visit with friends and relatives in this vicinity the party returned to Cambria where Mr. and Mrs. Sawyer will visit at the home of their son Walter before returning to Shiocton for the summer.

SCHLAFER'S

\$500 Voted for Comfort Station

Chilton Council Approves Contribution to Fair Grounds Building

Chilton—The city council voted at a recent meeting to appropriate \$500 to be used in erecting a new comfort station at the fair grounds. T. Henry Weeks, secretary of the fair association, urged the need of such a building. The estimated cost of the building will be \$3,000. Mr. Weeks pointed out that the state board of health had demanded that modern toilet facilities be provided. The council also voted approval of the proposed widening of Main street from State to Madison streets. Four feet of paving will be added on each side of the street, according to plans of the highway commission. The contract for the work will be let

In June along with the Highway 57 project. The state and county highway departments will assume all the expense of the widening except for the underground work, such as the moving of the water pipes of the city water system.

Mrs. Henry Horst, mother of City Clerk Otto Horst, celebrated her ninety-second birthday anniversary at the home of her son Sunday. Her birthday was May 6, but the celebration was held on Mother's day. A dinner was served to members of the family at 6 o'clock. The following were present: Mr. and Mrs. Alton Stark, Mrs. Walter Barth and daughter and Harold Barth, Cedarburg; Mr. and Mrs. Melvin Horst, Mr. and Mrs. Ernest Ortlieb, Milwaukee; Mr. and Mrs. Otto Knabe, Sheboygan; Mr. and Mrs. Emil Tittle, Plymouth; Mrs. William White, Washington, D. C.; Mrs. John Diedrich, Fond du Lac; Mr. and Mrs. William Horst, Mr. and Mrs. Gust Horst, Chilton. Mrs. Horst, in spite of her advanced age, is in excellent health, and spends much time visiting her children. She is the mother of one daughter, Mrs. Stark of Cedarburg, and three sons, William, Otto and Gus, all of Chilton.

The Rev. A. E. Pfaff, Gordon Wolff and Mrs. George Wolff were at Fond du Lac Tuesday to attend the sixty-third annual council meeting of the Episcopal church. Mr. Wolff was the delegate from the local church in addition to the usual business. Dr. A. D. McGregor of New York, national director of religious education for the Episcopal church, gave a talk on "Religious Education Today." Following evening song at the cathedral at 5:15, a banquet was held at Hotel Retlaw.

● Never before in the history of our business have we offered a range so sensationally new and different as the new STAR. Never before has any manufacturer built more for the money into any gas range than you can now get in a STAR GAS RANGE.

No matter which model meets your style preference and budget, you are assured of genuine STAR quality throughout, for basically all STARS are the same. The only differences are differences of refinements and convenience equipment.

All STARS, for instance, have the revolutionary ECONO-FLAME Burners, which, because they are so fast, clean and economical, bring new joy and new savings to cooking. All models have the superior E-Z-Kleen Oven and Broiler Lining;

porcelain enameled one-piece cooking top. Magiclitter, safety oven lighter, easy-action utility drawers and a dozen other standard features that give you even more than you have wanted in a new gas range.

No longer need you wait to modernize your kitchen. No longer need you deny yourself the pleasure and advantages of cooking on a new STAR. No longer need you put up with your old range, its inefficiency, its dirt-collecting habits—we'll take your present range off your hands, give you a liberal allowance for it toward the purchase of your new STAR GAS RANGE.

Inspect the STAR now. Make your selection. By coming early you will be sure of prompt delivery.

Proximity of Office to Heart of City Big Factor in Determining Its Rent

The business section of Appleton is the hub of the city's activities and the nearer business and professional men are to the hub the more rent they must pay for office space.

This fact was revealed in interviews with a number of real estate dealers and office renters who brought out that rents raise in proportion to the nearness of the offices to the business center of a city.

More than 90 per cent of offices of a city are in the heart of the business district but usually they are not located on the main street.

Second floor office space is first choice of the majority of office renters because of lower rent. Rent of an office on a second floor usually costs about half of one occupying the same amount of space on a ground floor, renters stated.

Average Rent
The average office renter pays from \$25 to \$35 per month. This is based mostly on the location of the office. Modern up-to-date offices rent at a much higher price.

Office rents in the city are reported reasonable on the whole by renters who stated there has been no shortage of offices of average size for a number of years in the city.

There is less moving by office renters perhaps than of stores or families, business men pointed out, because there is less loss through changing a location after a business or professional man gets established and well-known at one place. Many office renters in Appleton have been at the same location for more than 25 years.

More in Demand
Offices in the downtown district always are more in demand than those in the outskirts because of the convenience afforded customers and clients. Even offices of persons who do most of their business outside of their offices are located in the business district for the prestige given the business.

The clan instinct of people which dates back to early civilization when groups of families first banded together is seen in the business district where offices of various professions sometimes are grouped together in one building.

There is less of this grouping in Appleton than in some other cities because of a limited number of large buildings. Located in the Irving Zuehlke building are offices of 15 dentists, 9 physicians and surgeons, 14 insurance agencies, 7 lawyers and 10 stores and shops in addition to 17 businesses of miscellaneous purposes.

New U. of W. President To Speak Before Alumni

Madison—(U.) Clarence A. Dykstra will speak to the alumni of the University of Wisconsin and to the nation for the first time as president of the university when the Wisconsin Alumni association presents the third nationwide broadcast of its 75th jubilee year from the campus, May 19, John A. Gerge, association secretary, announced.

Approximately 30 radio stations will carry the broadcast, which will originate from a banquet room in the Memorial Union where 300 members of the alumni group, faculty and Madison alumni will gather for a dinner. The program will be on the air from 9:30 to 10 p. m. (C. S. T.), Gerge said.

Harry Bullis, Minneapolis, president of the national alumni group, also will speak. Other features of the broadcast will be a concert by the new university carillon and the 80-piece band. A dramatic review of the university's history of the past 100 years will conclude the program.

Postal Supervisors Plan Annual Meeting

About 100 assistant postmasters and other supervisory postal officials are expected to attend the annual convention of the Wisconsin State Association of Postal Supervisors Friday and Saturday, June 18 and 19, at Devils Lake, Herman Frank, assistant postmaster at the Appleton office, will attend.

Several national officers and post office officials will be guest speakers at the Friday night banquet at the Devi Bara hotel. Members of the association ladies auxiliary also will hold their annual meeting at the same time.

Association officers include George A. Steck, Waupun, president; Walter E. Foley, Milwaukee, secretary; H. P. Wundermuth, Sheboygan Falls, treasurer; William F. Danz, Green Bay, vice president. The executive committee includes William F. Oberly, Milwaukee; S. F. Eberly, Watertown; Louise A. Schroeder, Clintonville; Oscar F. Paulson, LaCrosse; and William F. Danz, Green Bay.

REPAIR SEWER

Workmen of the street department today were seeking a break in the sanitary sewer on W. College avenue near Superior street. Tests with sewer rods showed clay in the sewer and the section will be repaired.

FINE FOR KIDNEY AND BLADDER WEAKNESS

STOP GETTING UP NIGHTS LOOK AND FEEL YOUNGER

Keep your kidneys free from waste matter, poisons and acid, and put healthy activity into kidneys and you will live a healthier, happier and longer life. One most efficient and harmless way to do this is to get from your druggist a 2-cent box of GOLD MEDAL HAARLEM OIL Capsules and take these as directed—the swift results will surprise you. Besides getting up nights, some symptoms of kidney trouble are backache, misty eyes, and purify eyes. If you want real results be sure to get GOLD MEDAL HAARLEM OIL Capsules and take these as directed—the swift results will surprise you. Besides getting up nights, some symptoms of kidney trouble are backache, misty eyes, and purify eyes. CARL F. DENZIN, Comptroller,
May 13

EQUIPMENT

Outagamie County, Wisconsin.
Bids close on Monday, May 17, 1937 at 2:00 p. m.
Sealed proposals will be received by the County Highway Committee of Outagamie County, Wisconsin, up to 2:00 p. m. on Monday, May 17, 1937 at the office of the County Highway Commissioner, in the Court House, in the city of Appleton, Wisconsin, for the following:

1 Oil Distributor (1000-1500 gals.)
1 Oil Applicator
1 Booster and Boller
To reject any or all bids, or to accept any bid which may be most advantageous to Outagamie County.

All bids will be publicly opened by the County Highway Committee on or before 11th day of May, 1937. By order of the COUNTY HIGHWAY COMMITTEE, P. J. APPLETON, County Highway Commissioner.

STATE OF WISCONSIN, COUNTY OF OUTAGAMIE

In the matter of the estate of Henry Schuetter, deceased.
Notice is hereby given that at a term of said court to be held on Tuesday, the 25th day of May, 1937, at 10 o'clock in the forenoon of said day, at the court house in the city of Appleton, in said county, there will be heard and considered:

The application of Clara Schuetter and Karl A. Schuetter, executrices of the estate of Henry Schuetter, deceased, late of the city of Appleton, in said county, for the examination and allowance of their final account which account is now on file in said court, and for the allowance of debts or claims paid in good faith without filing or allowance as required by law, and for the assignment of the residue of the estate of said deceased to such persons as are by law entitled thereto; and for the determination and adjudication of the inheritance tax, if any, payable in said estate.

Dated April 28, 1937.
By order of the Court,
FRED V. HEINEMANN, Judge.

STATE OF WISCONSIN, COUNTY OF OUTAGAMIE

In the matter of the estate of Catherine M. Reuter, deceased.
Notice is hereby given that at a term of said court to be held on Tuesday, the 25th day of June, 1937, at 10 o'clock in the forenoon of said day, at the court house in the city of Appleton, in said county, there will be heard and considered:

The application of Albert H. Krugmeier, executor of the estate of Catherine M. Reuter, deceased, late of the city of Appleton, said county, for the examination and allowance of his final account, which account is now on file in said court, and for the allowance of debts or claims paid in good faith without filing or allowance as required by law, and for the assignment of the residue of the estate of said deceased to such persons as are by law entitled thereto; and for the determination and adjudication of the inheritance tax, if any, payable in said estate.

Dated April 28, 1937.
By order of the Court,
FRED V. HEINEMANN, Judge.

ADVERTISEMENT FOR BIDS
Gymnasium, Addition to School Building, Village of Shiocton, Outagamie County, Wisconsin.
Sealed proposals will be received on or before 2 o'clock p. m. on the 17th day of May, 1937 by the School Board of State Graded School, District No. 1, and the Union Free High School, Town of Buva and Village of Shiocton, Wisconsin for the erection of a gymnasium addition to the present school building in the village of Shiocton, Wisconsin.

Bids will be received on the General contract, which includes all branches of the work, except the heating, plumbing and electrical wiring. Separate bids will be received on the heating, plumbing and electrical work at the same time.

Bids shall be publicly opened and read in space provided in the present school building in the village of Shiocton, Wisconsin at the time and date above named.

Plans and specifications can be obtained from the offices of the architects, Raymond N. La Vee and Maurey Lee Allen, 117 E. College Ave., Appleton, Wisconsin. Each contractor will be required to deposit a \$10.00 check for each set and a \$10.00 check for each set made payable to and with the architect. Deposit checks will be returned immediately after the contractor returns the plans in good condition to the architects and delivers a bona fide proposal to Mr. Clark Wilcox, director of the School Boards.

The School Boards reserve the right to reject any or all bids, or accept any bid or bids that shall be of benefit to the School District, and that all such claims and demands will be examined and adjusted at a term of said court to be held at the court house in the city of Appleton, in said county, on or before the 30th day of May, 1937.

No proposal will be received unless accompanied by an executed contract and bond in the amount of \$10,000.

Dated May 5, 1937.
By order of the Court,
FRED V. HEINEMANN, Judge.

The application

Ambassador Sees Danger of 1-Man U. S. Government

Roosevelt Himself Breaking
Up Democratic Party,
Lawrence Charges

BY DAVID LAWRENCE

Washington—There are not many billionnaires in the United States—in fact, you can count them on the fingers of one hand—so it ought not to be difficult to identify the mysterious person mentioned by the American ambassador to Germany, William E. Dodd, in his letters to Senators Bulkley and others here.

Mr. Dodd wrote that he had been informed confidentially that "a billionnaire" was ready to back a dictatorship in America.

Who could this billionnaire be? Certainly Mr. Dodd cannot have had in mind Henry Ford, because Mr. Ford has been fighting dictatorship all his life—dictatorship by bankers, dictatorship by monopolists, dictatorship by politicians and dictatorship by unscrupulous exploiters of the workingmen.

Certainly, also, Mr. Dodd cannot have had in mind Mr. Rockefeller, because he has used his fortune to prevent the dictatorship of disease in the field of medicine and the dictatorship of ignorance in the field of education.

Certainly Mr. Dodd cannot have had in mind Andrew Mellon, for he has recently given many millions of dollars for the building of a national gallery of art in Washington, and a grateful government has just passed a special act of congress accepting it, so one might suspect that Mr. Mellon's interests nowadays are in the fine arts rather than in the black arts of dictatorship.

President Billionnaire
Who else might be called billionnaires? No other individual in this country probably can boast any such assets or controls over assets unless it is the chief executive in the White House itself.

Mr. Roosevelt is the first president of the United States who may, in a certain sense, be called a billionnaire. He has had more than \$25,000,000,000 of public funds to expend in the last four years, and about \$13,000,000,000 of it has been absolutely discretionary with him. It is true this is not Mr. Roosevelt's own money, but he has had the use of it.

Have the Roosevelt billions been employed to build up a dictatorship of some kind? Opponents of Mr. Roosevelt insist that billions of public funds have been allocated in such ways that today the Farley political machines exercise a dictatorship in America, a dictatorship over the congress and about 40 state governments where the federal and local machines are intertwined.

Not Original Idea
There is every reason to believe, however, that Mr. Dodd didn't have Mr. Roosevelt in mind because the ambassador was trying to impress on the senators to whom he wrote his letters that someone was trying to establish a dictatorship as a sequel to the Roosevelt regime. As a matter of fact, Mr. Dodd's idea that a dictatorship might arise in America is not original with him. Many persons who feel that the unbalanced budget and unbalanced economy may some day lead to an economic collapse say that the ultimate swing will not be from the New Deal to conservatism, but to some man who capitalizes on the discontent of the masses caused by the fiscal mistakes of the Roosevelt administration.

It is, of course, extraordinary that an ambassador of the United States, resident in a land where dictatorship is the new form of tyranny imposed on a once free people, should be writing to members of congress telling them how to vote on the president's proposal to pack the supreme court. Heretofore, federal office holders have been expected to deal only with subjects relating to their own particular fields of service and then only when called upon to express views before congressional committees.

Adjunct of New Deal
With the present Roosevelt administration, however, the American diplomatic corps abroad is to no small extent an adjunct of the New Deal political machine. Last year, most of the ambassadors were summoned home to use their volenteering influences in the campaign. Mr. Dodd himself is not in the political group and does not owe his appointment, as do so many of the others, to the size of the contributions they made to the Roosevelt campaign funds.

But Mr. Dodd is impressed with the possibility of dictatorship if the Democratic party breaks up. He is right on one point—when political parties break up into blocs and groups and Democratic government breaks down, dictators have their best opportunities. But the person who is breaking up the Democratic

party today is Mr. Roosevelt himself. Some day, it may well be said, if unfortunately the prophecy does come true, that a man with billions at his disposal established a political dynasty which, successfully or unsuccessfully, sought a merger of the executive, legislative and judicial bodies at Washington into a single instrumentality of one-man-government.

(Copyright, 1937)

Catalpa is native to the central Mississippi River basin but is found naturalized in eastern Texas and occurs on various qualities of soil, most frequently rich, moist bottoms.

Plant Trees in Parks
And at Golf Course
About 2,000 Norway spruce saplings and yearling trees are being planted in Erb and Alicia parks and at the municipal golf course by park workmen, according to Harold Jerke, park superintendent. The

trees were donated to the park board by Mrs. Charles Uecker, New London. The parks will be officially opened to the parks Sunday, according to present plans.

COMPLETE EXCAVATION
Excavation to permit foundation work for the \$150,000 addition to the Outagamie county asylum has been completed and preparations for pouring concrete within a few days were being made today. The addition, for which the county board floated a \$75,000 bond issue, will add materially to facilities for housing, feeding and treating patients.

1,200 Appleton Men to Attend Holy Name Rally

Band, Two Drum Corps And Five Troops of Scouts in Delegation

A delegation of about 1,200 men from Appleton is expected to participate in the 1937 diocesan Holy Name rally to be held next Sunday at Neenah-Menasha. This number will include members of Holy Name societies of St. Joseph's, St. Mary, Sacred Heart and St. Therese churches, 120th field artillery band, Eagles drum and bugle corps, members of five Boy Scout troops which are under the direction of the four Holy Name societies here, and Sons of the American Legion drum and bugle corps.

Each of the local Holy Name societies will go to the Twin Cities separately, and the entire Appleton unit will meet at 2 o'clock at

ASK MOTORISTS' AID

An appeal for cooperation of motorists to prevent congestion on Highway 41 during the Holy Name rally at Neenah-Menasha Sunday was made today by F. R. Appleton, county highway commissioner, and Captain Charles Steidl of the county police.

To facilitate movement of traffic, they suggested, motorists from the Green Bay area might go south on Highway 55 and into Menasha on Highway 114. Others from the north could leave Appleton for Neenah on Highway 125 while cars from the west may turn south on Highway 45 at its intersection with Highway 10 six miles west of Appleton, then east off Highway 45 onto Highway 150 to the Twin Cities.

the intersection of Racine and First streets in Menasha to form ranks for the parade. Fred Duprey, president of Appleton Holy Name council, is in general charge of arrangements for the Appleton group and August Arens is chief marshal for the Appleton delegation in the parade.

Parade Places
Places in the parade line-up will be assigned to the various Appleton societies and musical units after they have gathered at the meeting place. The parade will begin at 2:30. Wisconsin Michigan Power company will run two buses at the regular times instead of one during the day and there will be extra buses between 12 and 2 o'clock and after the parade to accommodate the large crowds.

Rally activities will begin Sunday morning with a field mass at 10 o'clock on the school grounds of St. John's church Menasha, and dinner will be served from 12 to 2 o'clock to all visitors who wish it at St. John's school hall. The parade will begin at 2:30 and there will be outdoor benediction immediately following the parade on the ground of St. Margaret Mary church.

Discuss Auxiliary Coast Guard Units

May Set Up Station on Lake Winnebago, Department Says

(Post-Crescent Washington Bureau)
Washington—Although the treasury department has reported adversely on two bills introduced by Senator F. Ryan Duffy of Fond du Lac authorizing establishment of coast guard stations on Green Bay and Lake Winnebago, officials have informed the senator that they are seriously considering auxiliary establishments there.

In both cases the department referred to hazards to fishermen in the winter due to loose ice and said they felt there was a need for some sort of coast guard protection. The proposed plan is to establish lookout towers at Green Bay and Lake Winnebago, to locate a small boat there and several men for approximately 100 days during the winter season. The equipment would be transferred from other stations, Sen. Duffy's office was informed.

It is doubtful, however, officials said, that any effort will be made to furnish coast guard protection there for at least another year, because no provision is made in the treasury appropriations bill for the next fiscal year.

If the treasury still maintains a favorable attitude, provision may be made in the appropriations measure for 1939, Duffy's office said.

DEATHS

MRS. ANNA BOBIN
Mrs. Anna Bobin, 62, died at 2:30 this morning at the home of her brother, John Groat, town of Freedom after an 8-months' illness. She was born Feb. 3, 1855 in Germany and came to the town of Osborn when she was 16 years old. Thirty-five years ago she came to live with her brother. Mrs. Bobin was a

Final Passage Of Development Bill Next Week

CONTINUED FROM PAGE 1

Richland Center, asked Biemiller if the WDA was not a device to circumvent the constitution.

Wants Action
"If we had a constitutional amendment we would not need this corporation," Biemiller answered. "But we haven't and we want action."

The bill was supported by Assemblyman Charles E. Perry (R.), Wausau, one of the incorporators of WDA.

"As a Republican I hope this bill

will be passed in the interest of the people and the Republican party of Wisconsin," he said.

Assemblyman Mark Catlin (R), Appleton, charged the bill is clearly unconstitutional.

At one time during the debate Speaker Paul Alfonsi rapped for order and asked the members to refrain from indulging in personalities.

Biemiller had asserted the sole issue was whether the house wanted to vote for the power trust or give the people a chance to control their utilities.

In reply Thompson referred to "soap box Socialist orators" and declared he would not vote for state socialism whether it has "the approval of Duncan, Thomas M. Duncan, the governor's secretary" or anyone else.

PLANS RALLY

The Rev. Martin Vosbeck, above, Green Bay, is in direct charge of arrangements for the Holy Name rally to be held in Neenah-Menasha Sunday. He is being assisted by C. A. Loeschner, chairman of the executive committee and members. Father Vosbeck, formerly of Appleton, is spiritual advisor for the Diocesan Union of Holy Name societies in the Green Bay Diocese.

Students Score Perfect Records

Teachers List Pupils Neither Absent Nor Tardy During April

Rural school pupils who were neither absent nor tardy in April have been reported by instructors to F. P. Young, county superintendent of schools.

Isaac State Graded school, town of Seymour, primary room, Miss Elizabeth Murray, teacher, Betty Schommer, Lois Mueller, Gladys Wagner, Joan Schroeder, Earl Sigl, Ruth Ann Kroner, Carl Wagner, Norbert Vande Yacht, upper room, Miss Myra Reis, teacher, Geraldine Ebert, Anet Ziesemer, Leona Werner, Theodore Vande Yacht, Darrell Mueller, Agnes Marie Kroner, Rosella Vande Yacht and Deloris Wagner.

Forest school, town of Black Creek, Miss Beulah Johnson, teacher, Lester Bevers, Gerold Rohm, John Stark, Donald Bevers, June Griesbach, Betty Bevers, Donald Rohm, Milton Steeno, LaVerne Bevers and Roy Wichman.

Sunny Valley school, town of Cicero, Miss Marjorie E. Helms, teacher, Marion Rehm, Alton Lorenz, Maxine Stephan, Bertha Emerson, Leonard Emerson, Mabel Stephan, Russell Emerson, Helen Stephan, Warren Thiel and Ronald Thiel. Four pupils have perfect records for the entire year so far. They are Maxine Stephan, Leonard Emerson, Mabel Stephan and Helen Stephan.

Rahmow Accepts Job at Weather Bureau Station
Herbert W. Rahmow, son of Mrs. Charles Rahmow, Appleton, has accepted a position in the United States Weather Bureau station at La Crosse as assistant to Meteorologist A. D. Santal.

For several years Mr. Rahmow was with the United States Bureau of Plant Industry as plant pathologist in charge of insect and disease control work in the forests of the north-central district of Wisconsin. Rahmow's past position has been filled by Russell Bartlein formerly also of Appleton.

Births

A daughter was born to Mr. and Mrs. Tim Ryan, 803 Lawe street, Kaukauna, at St. Elizabeth hospital Wednesday.

A daughter was born to Mr. and Mrs. Hilary Salentine, 138 S. Lee street, at St. Elizabeth hospital this morning.

A son was born to Mr. and Mrs. Edward Thomas, 411 N. State street, at St. Elizabeth hospital May 6.

member of the Moravian church at Freedom.

Surviving are the brother, John Groat at Freedom, and one sister, Mrs. Helena Jacks, Appleton.

Funeral services will be conducted by the Rev. John Richter, Appleton, at 1:45 Sunday afternoon at the residence and at 2 o'clock at the Moravian church at Freedom. Burial will be in the Freedom cemetery. The body will be at the residence from Friday evening until the time of the funeral services.

DORN FUNERAL

The funeral of Mrs. Nicolas Dorn, 74, 522 W. Winnebago street, was held at 8:30 this morning at the Wichmann Funeral home with services at 9 o'clock at St. Therese church with the Rev. M. A. Hauch in charge. Burial was in St. Mary's cemetery, Greenville. A delegation of Christian Mother's society members attended the services. Bearers were Daniel, Matt, Nicolas and William Dorn, Erwin Wittlin and William Fischer.

Complete Program For Tenth Annual Safety Conclave

William E. Schubert Will Lead Public Utilities Forum Group

Latest advancements in all phases of industrial, public health, street and highway safety will be considered by 2,000 delegates at the tenth annual Fox River Valley and Lake Shore safety conference Thursday, May 20, at Oshkosh. The completed program for the meeting was released today by E. S. Schrank, Oshkosh, general chairman.

Governor Phillip W. LaFollette will discuss Progress of Industrial Safety at the convention banquet at 6:30 that evening at the Oshkosh armory. More than 1,000 reservations for the banquet have been received. E. J. Dempsey, Oshkosh, will serve as toastmaster.

Students in all Oshkosh public and parochial schools will be dismissed Thursday afternoon to permit them to take part in the safety parade at 4:15. Musical organizations and convention delegates also will appear in the parade.

Name Guest Speakers

Guest speakers at the conclave include Voyta Wrabetz, Wisconsin industrial commissioner; Dr. M. L. Jones, Wausau; C. E. Boulet, safety director of the Wisconsin Public Service corporation; Donald S. Berry, national safety council, Chicago; Dr. L. A. Gerlach, Milwaukee Health department.

The general meeting will open at 9:30 in the morning at the Strand theater with a home safety session planned for women at the same time at the Oshkosh theater. Meetings will be adjourned at 1:30 and resumed at 1:30 in the afternoon.

William E. Schubert, Wisconsin Michigan Power company, Appleton, will lead the afternoon forum discussion on public utilities. Other sectional meetings are scheduled for 1:30 in the afternoon in rooms at the Oshkosh State Teachers college.

The parade at 4:15 will be the highlight of an entertainment program planned with the 6:30 banquet as the closing feature of the convention.

Favor Increased Fund For Forest Laboratory

Washington—(AP)—The senate appropriations committee approved yesterday increases in the agricultural appropriation bill which would permit continued studies of the dairy industry and work at the Madison, Wis., forest products laboratory.

The committee's recommendations include a restoration of \$20,301 disallowed by the house for conducting investigations into the milk and butterfat production of dairy cows, breeding, and feeding and management.

For development of commercial uses for skim milk, buttermilk, and whey and for the furtherance of commercial introduction of processes used in manufacturing milk also was disallowed by the house.

Instead of agreeing to the \$602,361 granted by the house for the Madison forest products laboratory, Senator F. Ryan Duffy, Wisconsin, persuaded the senate appropriations committee, of which he is a member, to vote \$628,361 for this purpose.

The additional \$20,000 will be equally divided between research work designed to utilize new woods for the manufacture of paper and for work involving chemical seasoning of woods.

Discover New Way of Proving Drunkenness

Chicago—(AP)—Substitution of a mechanical sniffer for the policeman's nose in automobile accidents involving drunken drivers was predicted today by Dr. R. N. Harger, professor of biochemistry at Indiana university, before the fifteenth annual Midwest Safety conference.

He told approximately 700 safety engineers in an address prepared for delivery that his laboratory had developed a new reagent for alcohol which will absorb it from the air of the driver's breath.

Dr. Harger declared that "most people show beginning intoxication when the brain concentration of alcohol reaches a figure of about 1.5 parts per 1,000 by weight."

It has been shown that concentrations of body alcohol around one-half of this figure is sufficient to render most people unsafe as automobile drivers.

Painting Contractors License Bill Passed

Madison—(AP)—Both houses of the legislature approved today the Balzer bill requiring all painting contractors and painters who contract for jobs for \$50 or more to be licensed by the state. The present licensing law is optional.

The new measure, originally planned as a mandatory license for all painters, was amended by the senate to exempt work on contracts of less than \$50.

SAFETY CHAIRMAN

E. S. Schrank, Oshkosh, above, is general chairman of the tenth annual Fox River Valley and Lake Shore safety conference which will be held Thursday, May 20, at Oshkosh. More than 2,000 delegates are expected to attend general sessions in the morning and take part in forum discussions during the afternoon. A safety parade at 4:15 in the afternoon features entertainment plans.

Admits Intent to Pass Bogus Money

Sentence of Appleton Man Deferred in Federal Court at Milwaukee

Anton J. Stanisha, Appleton, pleaded guilty in federal court at Milwaukee Wednesday to a charge of possession and intent to pass counterfeit \$5 bills. Sentence was deferred, however, at the request of L. Hugo Keller, assistant federal district attorney, and Stanisha, was remanded to the Milwaukee county jail.

Keller made the request, he said, because there are a number of other indictments pending against Stanisha.

"There are 17 defendants in this ring," Keller said. "We will prove that Stanisha was the leader, the engraver, and that he bought the printing press for this gang."

Arthur W. Colditz, member of a counterfeiting ring which operated in the Appleton area, was sentenced Wednesday to 3 years in the federal penitentiary at Leavenworth. He pleaded guilty of possession and intent to pass counterfeit \$5 bills.

Glenn Brubeck, 33, Green Bay, received a 2-year sentence on a charge of altering the face value of two money orders from 50 cents to \$24.50 and \$25.50.

Kimberly Holds Annual Conference on Safety

Kimberly—The second annual Kimberly mill and community safety conference opened this morning at the Kimberly club house. W. H. Webb of the Kimberly mill personnel department was in charge of the morning session.

J. T. Doerflinger, manager, and John R. Gerrits, superintendent of public schools, gave addresses of welcome. Students of the high school gave a broadcasting demonstration of safety and a safety demonstration was given by William Montgomery of the Wisconsin-Michigan Power company. Kimberly Boy Scouts gave a first aid demonstration.

Miss Evelyn Brum gave an oration and safety motion pictures were shown. Prizes in poster, essay and mill safety contests were awarded.

Trades Council Hears Report on State Meet

Earl Clark, delegate of the Appleton Trades and Labor council to a meeting called by the Wisconsin State Federation of Labor recently at Milwaukee, gave a report of the conference at a regular meeting of the council Wednesday evening in the Trades and Labor hall. The council took action supporting the Fair Trades Practices act.

It Is Said--

THAT firemen asked Alderman Mike Steinhauer this morning why it was that he failed to attend the coronation ceremonies in London yesterday.

"Well," Mike explained, "you know. With all those people there it would have been just 'Hi Mike' and 'Hello George' and that's all we would have had time for. I figure that if I wait until a little later then George and I will have a little more time to talk."

That when Max Kozelzke recently repaired the floor in his store at 217 E. College avenue, he discovered two large tree stumps underneath. The stumps, although dating back to last century, were well preserved. Their presence under the floor can be easily explained as pioneer settlers often built homes on tree stumps in order to have a solid foundation.

"30 Years of Faithful Service"

Congressional Leaders Expect Roosevelt to Outline Policies

Washington—(AP)—Congressional chiefs expressed the belief today that President Roosevelt's return tomorrow would result in an outline of policy—such major issues as economy and court reorganization.

Any word from the chief executive on whether he will accept a compromise of his court bill and whether he intends to ask new labor and business controls at this session may be the tip-off on how many more weeks—or months—this session of congress will last.

The senate judiciary committee expects to wind up next Tuesday its long argument over the president's measure for appointing new justices to the supreme court if those over 70 do not retire. A majority of the committee members at present opposes the bill.

Economy advocates, who have won some preliminary victories in slicing appropriations, prepared for major battles in both houses of congress. President Roosevelt has asked congressional leaders to discuss economy and other subjects with him tomorrow afternoon.

May Restore Cut
Informed persons said the house appropriations committee undoubtedly would restore the \$500,000,000 cut by a subcommittee from the president's request for a \$1,500,000,000 relief fund.

A committee proposal for cutting \$50,000,000 from the \$570,000,000 agriculture appropriation bill came before the senate. The reduction was made in the \$500,000,000 item approved by the house for soil conservation payments to farmers.

Besides the economy, court and other legislative issues, demands of several senators that Ambassador William E. Dodd be recalled from Germany also will face the president on his return.

Nye Wants Name
Senator Nye (R-N.D.) proposed a resolution to force Dodd to name the near "billionaire" he said was ready to back an American dictatorship.

Senator Borah (R-Idaho) and Congressman Fish (R-N.Y.) joined in Nye's demand. Dodd's statement was made in a letter urging certain senators to support the president's court bill.

A plan to reorganize the financial set-up of the Chicago and Eastern Illinois railroad was suggested to the senate committee investigating railway financing after testimony which acting Chairman Truman (D-Mo.) said showed "a subterfuge and a fraud" in obtaining a government loan.

Farmer Getting Bigger Share of Food Dollar

Washington—(AP)—A bigger share of the average dollar spent for food is going to the farmer, government economists said today, because prices of farm products are rising.

They said 47 cents of every dollar handed the grocer, butcher or baker during the first three months of this year found its way to the man who produced the crops, livestock or other farm products.

The farmer's share of the food dollar was 33 cents in 1932, 42 cents in 1935 and 44 cents last year.

The 47-cent share the first part of this year was about equal to the average from 1925 to 1929, the statisticians said, but was below the 1915-1920 average of 55 cents.

Man Injured When Train Hits Truck

New Holstein Man Suffers Skull Fracture in Mishap at Hayton

Chilton—Lester Knight, 30, New Holstein, was badly injured at Hayton about 8:30 this morning when a north bound Milwaukee road freight train crashed into his truck.

Knight, an employee of the H. C. Timm Elevator company, had parked the truck partly on the tracks near the elevator at Hayton, according to reports. When he heard the train approaching, he ran to the truck in an attempt to move it out of danger but was hit by the truck when the train smashed into it.

He was taken to Chilton by Henry Goode, station agent, and later taken to St. Elizabeth hospital for treatment of injuries which included fractures of the skull and one thigh. He is expected to recover.

State's Suicide Rate In '35 at Low Point

(Post-Crescent Washington Bureau)
Washington—Wisconsin's suicide rate in 1935 was the lowest it's been since 1929, according to the bureau of census.

In 1935, 465 persons in the state committed suicide. Figured on the basis of population, 167 out of every million persons died from suicide in the year, seven less than in 1934 and thirty less than in 1931, the year with the highest rate over the sixteen years from 1920 to 1935.

Since 1920, the years with the highest suicide rate for Wisconsin in four year periods are 1921, 1926, 1931 and 1932.

Wisconsin is twelfth among the states in number of suicides in 1935. Nevada is first and California second.

In the country as a whole, there were 19,214 suicides in 1935. Out of every million persons 143 committed suicide. The peak years in suicide rate since 1920 are 1921, 1927, 1931 and 1932.

GRADUATION GIFTS WILL SOON BE IN ORDER

Many parents have promised the son or daughter who has made good in the School Band or Orchestra a new instrument for Graduation. What could be finer or more appropriate for the occasion than a cornet, clarinet, flute, or violin? It will be treasured for years to come, and provide hours of wholesome recreation and enjoyment.

Our Display of Musical Instruments and Accessories for Band and Orchestra is the largest and most complete in this part of the state, representing Nationally-Known makes — each a leader in its class — at prices in conformity with the quality of the instruments.

Water Pumpage in April Less Than That of Year Ago

59,167,100 Gallons Used Last Month, Superintendent Reports

Water pumpage at the city water pumping and purification plant during April amounted to 59,167,100 gallons, about 1,500,000 gallons less than for the same month last year, according to the monthly report of William U. Gallaher, superintendent. April pumpage last year was 61,731,500 gallons.

Last month's pumpage amounted to about 4 per cent less than for the corresponding period last year but this has no significance as there usually are slight variations, according to the superintendent.

Water used to wash filters amounted to 1,972,236 gallons, about 3 per cent of the filtered water. A total of 4,265 gallons of fuel oil were used for pumping. Oil engines pumped 57,537,100 gallons, electric pumps 1,350,000 gallons and gasoline engines 280,000 gallons.

The average grains of aluminum sulphate used amounted to 3.3 per cent per gallon average parts per million of ammonium sulphate 1 per cent, chlorine 1.4 per cent and activated carbon 4.1 per cent. B. Coll removal was 100 per cent and bacteria removal 99 per cent.

Many lightning strokes are multiple in character, discharges following in the paths of their predecessors in rapid succession.

HAVE ROLES IN 'PRINCE AND PAUPER'

Even the photographer couldn't tell which was which, but he can tell you this much: one of the boys is Billy Mauch and the other is his twin brother Bobby. They play the title roles in "The Prince and the Pauper," the film version of Mark Twain's most beloved novel, which will be presented in Appleton at the Rio theater starting Friday.

Appleton Students Bank \$154; Now Have \$11,026 on Deposit

Five hundred and seven Appleton Public school pupils deposited \$154.88 during the weekly bank day at the schools last week. Thirty students withdrew \$114.67 leaving \$11,026.59 on deposit at the First National bank.

With 62 out of 168 students making

deposits, Edison Grade school led all groups by banking \$50.87 with Roosevelt Junior High school pupils next with \$32.08. The only schools in which more than 50 per cent of the pupils made deposits were Columbus Grade school and the deaf room at Lincoln school.

Amounts deposited include deaf room \$1.72, Columbus \$14.33, Jefferson \$4.34, Franklin \$3.50, Edison \$50.87, McKinley Grade school \$3.33, Lincoln \$7.89, Washington \$2.55, op-

It's Illogical to View Dummy as an Auxiliary

BY ELY CULBERTSON
(Copyright 1937, By Ely Culbertson)
I have written a great deal on the subject of declarer's treatment of his dummy. I have pointed out repeatedly that it is utterly illogical to view the dummy as a sort of auxiliary; that in countless cases the dummy should be treated as the master hand and declarer's own hand be given only secondary consideration. Yet, judging from innumerable average games that I watch, declarers persist in trying to make their own cards good. Today's hand is a striking illustration of this pernicious habit.

East, dealer.
East-West vulnerable.
NORTH
A 8 5 3
K 10 9 8 2
7 5 6
WEST
K 5 4
Q 3 3
Q 4
K Q J 6 2
SOUTH
A 10 8 6 5 2
A 7 5 4
J 6 5
J 6 5

The bidding:
East South West North
1 club 1 spade 3 clubs 3 spades
4 hearts Double 5 clubs 5 spades
Double Pass Pass Pass
The bidding was pretty vigorous from every direction. East should have started with one heart instead of one club. He was not strong enough to reverse. That is to say, he was not strong enough to start with a club and later show hearts, because partner might have to make a choice and go back to clubs at a high level. South's spade overall was questionable but, considering his nonvulnerability, not bad strategy. North's final bid was too aggressive. Since South had doubled four hearts he should have been given a chance at a five club bid. But the bidding was not as bad as South's play.

West opened the club king. South ruffed and, blind to everything except that he had a lot of losing hearts, started to ruff them out. The ace was followed by a heart ruff with dummy's seven. A second club ruff followed and a heart was ruffed with the eight. A third club ruff reduced declarer to the 10-9 of spades. Now declarer bethought himself of his need for diamond tricks and led the jack. West naturally did not cover and, dummy having ducked, East won with the ace for the defenders' first trick. The spade queen was led back. Dummy winning with the ace, and now West had the king and a low spade against the singleton held by declarer and dummy. The diamond king was cashed, dropping the queen, but a diamond continuation was ruffed with West's low spade and the king drew the remaining trumps, whereupon West could not be stopped from cashing two club tricks.

Had declarer properly appraised the respective merits of dummy as against his own holding, he would have seen that there was a much better chance to establish the diamond suit than there was to take care of all his losing hearts. Thus, his first plan would have been a diamond, taking the finesse against the queen. East would win, but regardless of his return, would be helpless against the establishment of dummy's diamond suit.

Suppose he led back a club. Declarer would ruff and lead the ten of spades, ducking in dummy. The queen would win, but now another spade finesse would pick up West's king and the defenders never would take another trick.

TODAY'S QUESTION
Question: The bidding has been:
Dealer
1 diamond Partner

1 spade 1 heart
What should partner's next bid be with A Q 7 K J 9 6 5 10 8 7 A K 8?
Answer: Two no trump.
TOMORROW'S HAND
South, dealer.

Today's Menu

GOOSEBERRY JAM SEASON
Dinner Serving Four
Salmon Cutlets Creamed Peas
Bread Gooseberry Jam
Fruit Salad French Dressing
Rhubarb Cobbler
Hard Sauce or Cream
Coffee

Salmon Cutlets
1 cup salmon 1-3 teaspoon salt
1 1/2 cups mashed potatoes 1 teaspoon paprika
seasoned 1 egg or 2 yolks
1 teaspoon cup flour
1 minced parsley 1 tablespoon fat
1 teaspoon fat
1 minced celery

Mix the salmon with potatoes, seasonings and egg. Shape into cutlets and sprinkle with the flour. Brown well in the fat heated in a frying pan. Arrange on a platter and surround with peas. Garnish with parsley.

Gooseberry Jam
(Use Fresh or Canned Berries)
8 cups berries 1 teaspoon cloves
7 cups granulated sugar 1/2 teaspoon salt
1 1/2 cups water 1/4 cup water
cinnamon or juice
Mix the ingredients and simmer 30 minutes or until the jam thickens and becomes "jelly-like" when tested on a cold plate. (Use a long-handled wooden spoon for stirring.) Pour the jam into sterilized glass jars, and when cool, seal with melted paraffin.

Rhubarb Cobbler
4 cups diced rhubarb 1 teaspoon vanilla
1 cup granulated sugar 1/2 teaspoon lemon extract
2 tablespoons flour 1 cup water
1/2 teaspoon salt 3 tablespoons butter
Mix the ingredients and pour into a shallow, buttered baking dish. Cover with the crusts.

Crusts
1 1/2 cups flour 3 tablespoons fat
3 teaspoons baking powder 1 egg
1/2 teaspoon salt 1-3 cup milk
Mix the dry ingredients. Cut in the fat and slowly add the egg and milk, mixing with a knife. Pat out the dough until it is two-thirds of an inch thick. Cut out crusts, using a doughnut cutter. Arrange the rings on top of the rhubarb and bake 25 minutes in a moderate oven. Serve warm or cold.

For Zephyr Weather

A two-piece dress of light wool yarn is a very practical addition to the late spring and early summer wardrobe. Its simple white gored skirt is topped by a jacket striped in blue and yellow. The jacket has short, full sleeves and a perky square collar.

Uncle Ray's Corner

Stanley's Adventures in Africa

IX—EMIN PASHA
In the heart of Africa, Stanley's path crossed that of another famous white leader, a man who was known as Emin Pasha. The life of Emin Pasha is a strange and adventurous story. He was a German of Jewish descent, and during his boyhood and youth was known as Edward Schnitzer. He studied medicine at Berlin, and was granted an M. D. degree. At the age of 25 he sailed far-spaced travels. For several years he served as a doctor in Albania in the service of Turkey, and it was there that he adopted a Turkish name.

Stanley Greeting Emin Pasha.

When he was 35, he went to Egypt, which was at that time a province of Turkey. The next year he traveled southward to Uganda. In the year 1878, he became governor of a large section of the Sudan. Troubles arose with the natives, and Egypt decided to give up her control of land in central Africa. Meanwhile Emin Pasha had come to love the country, and did not want to leave it.

Henry Stanley was almost exact-ly the same age as Emin Pasha. One big purpose of Stanley's second journey across Africa was to take Emin Pasha to the German Jewish Turk also to place in his hands a letter from the khedive of Egypt.

Late in the month of April, 1888, Stanley was in camp beside Lake Albert when a boat came in view—a little steamboat. Among those on board was Emin Pasha.

The steamboat cast anchor, and Emin came ashore. Speaking of the event, Stanley later wrote: "I expected to see a tall, thin military-looking figure, but instead I saw a small, spare figure in a well-kept and a clean suit of snowy cotton cloth. A dark, grizzled beard bordered a face of Magy-ear cast, though a pair of spectacles lent it somewhat an Italian or Spanish appearance."

Stanley delivered the letter from the khedive of Egypt. Emin Pasha read it with care, but he did not like its contents. The letter made it clear that Egypt would no longer try to keep power over that part of Sudan. It was suggested that Emin Pasha come to Cairo.

Emin talked over the matter with Stanley, and at last agreed to leave central Africa. Telling of the character of Emin Pasha, Stanley set down these words, "He was just tender, loyal and merciful, and affectionate to the natives who placed themselves under his care."

Parents Ought to be Favorites of Children

BY ANGELO PATRI

If your children were shopping for parents would they select you? That seems to me to be a perfectly fair question to ask and for parents to answer according to their conscience. A good father and good mother ought to be elected unanimously by their children. When there is any doubt about that it is time for the parents to take stock of themselves and make a new start.

I am not suggesting that parents buy their children's affection. Even if that were possible it would be unthinkable. What children want is a feeling of certainty, a sturdy faith, an abiding trust in the love and wisdom of their parents.

Children are just in their judgments most of the time. They are quick to recognize selfish service. They are just as quick to detect and resent selfish exactions. They are keen-minded and see through deception easily and are on the jump to denounce it. They respect honesty and fair dealing wherever they find it. They need and want affection and spiritual support, and accept both with grateful eagerness.

Children make allowances for those they love, very generous allowances. "Mother was tired. She had a headache." "Well, dad has a lot to bother him." "Anyway he's my dad," and I'm for him. Loyalty is one of the strong characteristics of childhood and youth. So is idealism. Children idealize those whom they love, and they want to love their parents devotedly and to be proud of them.

Given that background—all of it favorable to the parents—it would seem that selling themselves to their children ought to be about the easiest thing parents have to do. And it is. That is why it seems so clearly the parents' fault when children turn from them.

Falling back on parental authority should be the last resource, an emergency measure, yet one finds parents whose feelings are hurt by their children's apparent desire to have done with them, using no other appeal than, "Because I want

you to do as I say. That's all there is to it."

Using the emotional appeal is another sort of tyranny that makes children try to escape their parents. Tears and pleadings to save mother's weak heart, mother's love, mother's feelings, are unfair. They only harden the child's heart and turn him away.

Appeals for gratitude in opposition to a child's wish and will are another mean form of tyranny. "After all I have sacrificed, suffered and endured for your sake you want to break my heart and marry this person who is utterly unfit. I can't believe you will do this to me." Could anything be more selfish than that? Or more futile?

Children are people with the same feelings, desires, hopes and fears as other people. They have a

These Evening Stars Never Set
Evening Star Pattern 148C
"Star light, star bright"—a familiar jingle—that suggests you use bright patches for this multi-starred quilt. Some stars are large, some small, but you cut most of the patches from the same width strips, snipping off at the required length. The 14 inch block also makes an effective pillow. Pattern 148C contains complete, simple instructions for cutting, sewing and finishing, together with yardage chart, diagram of quilt to help arrange the blocks for single and double bed size, and a diagram of block which serves as a guide for placing the patches and suggests contrasting materials.

Send 10 cents in stamps or coin (coin preferred) for this pattern to the Appleton Post-Crescent, Needlecraft Dept., 82 Eighth Avenue, New York, N. Y. Write plainly pattern number, your name and address.

Curl Your Hair With Bob Pins

A reader whose hair is "just short of the proper length and the right condition" for a permanent wave, feels that it would be worth while waiting a month or so before getting the wave, and recommending her hair in the meantime. All of which she is "very willing to do, diligently." But she "can't go around looking a mess in that meantime" and her hair won't hold a fingerwave for more than a day. What to do?

Obviously a little homework is necessary. Judging by my own experience the top and side waves are not so hard to keep. A little waving fluid sprayed on the hair, the waves pinched into place between the fingers, a few hairpins to emphasize the ridges and the undulations behave well enough.

It's the hair ends that turn stubborn in my own case, at least (and I'm sure there are a million others like me). The bob-pin curlers were made for us women. These curlers now come in two sizes—the grown up and a baby brother in the new Junior size. Junior is very efficient—exactly like the larger member of the family except that the rod around which the hair is wound is very slender and the bobbins which hold the curls in place are shorter. For those little sculptured curls around the ears, for tiny feathery curls around the face, and the troublesome little ends, Junior is ideal.

Old Gardener Says:

BY E. I. FARRINGTON
Moonflowers are among the loveliest of climbing plants. The blossoms, almost as large as saucers, open in the late afternoon, unfolding so slowly that the action can be watched. The flowers which are produced in great profusion, are pure white and very fragrant. The one difficulty in growing moonflowers arises from the fact that the seeds must be started indoors and that they are very slow to germinate. It is, of course, late to sow seeds, but started plants may be purchased of nurserymen and florists. These plants will grow rapidly, soon covering a trellis or summer house, and will bloom for many weeks.

life to live. The great difference between them and their parents is that they are weak and inexperienced and more or less helpless. If parents serve their children's needs in selfless devotion, with hope for the children's growth and success, if they discipline the children in honesty, sincerity and love, the children remain with them to the end even though oceans divide them in distance. Selling oneself to the children is the easiest thing one can do. Just set about it in the right way.

There are plenty of them. The woods are full of them. You couldn't shake a stick in any church or girls' club, lecture room, store or office without stirring up scores of them. Girls who would like to marry and who would make ideal wives and mothers, but who are drifting into old maidenhood because the men are out chasing the girls who are goodtime salutes.

No Trouble to Find Wife With Good Qualifications

BY DOROTHY DIX
Dear Miss Dix—I am 27 and a discouraged and disgusted young man in so far as the opposite sex is concerned. I wish to marry, but the cattiness, the fickleness, the jealousy, the desire for money, clothes and good times of the modern girl freezes up my romantic longings. While there is a yearning in my heart for the company of the opposite sex, always I ask myself these questions: How and where can I find a girl who is pretty, though not necessarily a beauty? Intelligent, but not a walking encyclopedia or a boring wisecracker. Charming and good-mannered. Faithful, a good dresser, but not a dress maniac. Economical, but not miserly. Enjoys a good joke, but is not a teller of off-colored stories. Willing to share some of my recreational interests, such as sports, dances, music, concerts, etc. Has a desire to become a good wife and companion. Can you tell me where I can find such a girl?
HESITANT BACHELOR.

Answer: Certainly I can. One does not have to be a Sherlock Holmes to locate the lady. She is right under your nose. Across the street. Or maybe she works next to you in an office. Likely as not you went to school with her and have known her ever since you were rompers.

And the only reason you haven't found her is because you are either blind, or you are one of those men who never know a good thing when they see it, or because you have looked for the right sort of girl in the wrong sort of place. Nothing makes me more tired than to hear men who won't date a girl for anything but a wild party, who won't even look at a girl unless she will drink and get caroused with them, complaining that there are no more nice, refined, good girls.

My Neighbor Says—

Plant flowers in groups to get the best effects in your garden. Flowers with pink, blue, lavender, rose and yellow blossoms, make an attractive grouping of colors.
If silver that is to be stored away is covered with dry flour it will not tarnish.
Keep open salt cellars covered with glass when not in use during the summer months. This will keep out the dampness that causes salt to cake.

GOOD TASTE TODAY
BY EMILY POST
A B C'S IN MANNERS
1—This summer our family is going to California for a holiday which is to last until it is time for my school to open again in the fall. I've just remembered that several years ago a boy who was in my school but who was not an especial friend of mine moved to the town in which we are going to stop for the longest visit. Do you think that I could write him a note to say we are coming, or perhaps telephone him when I get there?
Answer: The answer of course depends upon what you know about the probable attitude of the boy. If he is quite obviously like you even though you didn't know him very well, or if your friends were his friends and you would therefore be able to give him a lot of welcome news from home, then write him and tell him where you are to be and tell him you hope he will be able to come to see you. But if he never paid you any attention, and was not an intimate friend of any of your friends, I think it would be better to let the acquaintance go.

2—I am in high school and father and I have been living alone for several years, mother having died. Father is soon going to marry mother's sister whom I have always of course called "Aunt Mary." To me she will always be my aunt, and while I am very fond of her and glad she is coming to live with me, I could not call her "mother." Will you tell me what you think I should call her and how I should introduce her?
Answer: Very decidedly you continue to call her "Aunt Mary." This would be one of the most conventional names to call a step-mother anyway, even if she were not really your aunt. Introduce her as your stepmother or as your father's wife rather than as your aunt.

CRISPNESS CONCERT

3—We're going to have a big dance at the close of our school year and there is to be a receiving line composed of teachers. None of the girls are sure just what we should do when we arrive, since we are taking boys who do not go to our school and they are strangers to the teachers.
Answer: The girl goes in first and the boys follow her. She shakes hands with the teacher at the head of the receiving line and then, turning to the boy, says, "Miss English, may I introduce Mr. Blake?" She does the same all the way down the line. If one of those in line is a stranger she announces, "I am Mary Jones; and then, may I introduce Mr. Blake?"
(Copyright, 1937.)

State Will Oil 2,800 Miles of Road This Year

Extensive Oiling Program Also Planned for County Highways

Practically every mile of state and federal highway in Wisconsin will be dustproof before the end of summer, William Hoenig, maintenance engineer for the state highway commission, has announced.

More than 2,800 miles of road are scheduled to be treated with bituminous material in the next three months including Highway 55 north from Kaukauna, Highway 76 from Bear Creek to Shiocton, part of Highway 156 in Outagamie county and part of Highway 96 in Brown county. For the first time, the mileage of dustproof state roads will reach 10,000.

An extensive oiling program on Outagamie county trunk highways also will be launched soon. A \$50,000 appropriation for the work was passed at the March session of the county board and bids were taken recently by the highway committee on more than 400,000 gallons of road oil.

Of the state mileage to be treated, 1,813 miles of earth, gravel and shale highways never have been "blacktopped" before, Hoenig revealed. Some highways that have been treated in past years fared badly during the spring breakup and of the 2,091 miles of road that had received "skin mat" treatment, approximately 1,000 miles will have to be repaired and re-treated this summer.

The state now has 4,165 miles of concrete highway, 277 miles of high type bituminous pavement, some of which is on a concrete base, and 1,676 miles of bituminous turnover roads. No repair work will be necessary on these roads. Application of bituminous material on the 2,800 miles to be treated will be under way within a week, and in full swing by mid-May. It will be completed before Sept. 1. Because of weather conditions, an earlier start was impossible this year.

Hear Talks on Uses of Student Activities Fee

Eric Volkert, instructor in dramatics, and Paul Derr, coach and assistant professor of physical education, explained uses of the student activities fee at a Lawrence college-student convocation yesterday morning at Memorial chapel. The students have voted on a proposed increase in the fee.

WOMEN PAY FINE

A fine of \$1 and costs has been paid to municipal court by Harriet Vivian, 29, Highland Park, Ill., who was charged Monday afternoon with failure to stop for an arterial at S. Oneida and Lawrence streets. She was arrested on complaint of William Zimmerman, 1521 N. Richmond street.

Please Drive Carefully

Farmers Rushing Work of Seeding Small Grains Throughout County

BY DON CHRISTIANSEN

Set back by several days of unfavorable weather, Outagamie county farmers are hurrying to complete seeding of small grains and to prepare for work on corn and other crops.

Seeding of light grains usually is finished by this time, but because of wet weather, a number of farmers in the county still have at least a part of the work to finish, according to R. C. Swanson, county agent.

Some grain, planted early, is above the ground now, but where planting was delayed, many farmers had to rework the soaked soil before they could begin sowing.

Although the rain delayed work on the grain crops, it practically assured a good hay crop in fields that came through the winter with little or no damage. Pastures that escaped winter injury are in good condition for this time of year, the agent said.

Some winter damage of forage crops was discovered in this county this spring, but generally the injury to alfalfa seedlings was not as great as to clover, Swanson said.

Emergency Forage
A considerable amount of emergency forage such as Canadian peas and oats together, or soy beans, will be grown in the county this year, and will utilize acres on which winter kill depleted or ruined the intended crop. A bulletin on such emergency crops is available at the county agent's office here.

Oats and Canadian peas together are sown at the same time as other small grain crops at the rate of about 1 1/2 bushels of each to an acre.

With alfalfa stands in all sections of the state suffering more or less damage from either the spring ice sheet or the drought of 1936, farmers generally are giving consideration to emergency hay crops that may still be seeded this spring, a state college of agriculture report received by the county agent today, stated.

Still Time to Plant

Consideration for a replacement crop turns largely to soybeans as the emergency hay crop that most closely meets the need. Soybeans most nearly approach alfalfa in character and kind of hay because the soybean plant is a legume and has a high protein content. Since the time for planting and the kind of seed bed corresponds closely to corn, there is still plenty of time to prepare a seedbed. Preparations for corn planting will be made on many Outagamie county farms this week and, with favorable weather, actual sowing will be under way within a few days.

George M. Briggs, extension agronomist of the college of agriculture, has recommended the Manchou and Illini varieties of soybean although the Dunfield and Mandell, which are available in smaller quantities for seed purposes, also are adaptable to Wisconsin.

Soybeans do best on ground adapted to corn, but may be seeded on new sod ground or on ground where legumes have winterkilled. When seeded solid, two bushels to

FARMERS RUSH WORK IN FIELDS

Two Outagamie farmers are shown above in their fields as they hurried work on their land, which has been held up for a few weeks due to a rainy season. In the top picture, Otto Weirauch, route 4, Appleton, is shown with his team as he was in the middle of a 2-acre plot he intends to use for potatoes. Henry Roehl, route 1, Appleton, is shown using three horses in an effort to finish spring tooting on his farm west of Appleton. Work on all farms in the county has been delayed by the rainy weather, and horses came back into their own as tractors were too heavy to be used on the soft ground. (Post-Crescent Photos).

the acre make a profitable rate of seeding. When planted in rows for cultivation, from 50 to 75 pounds of soybean seed to the acre is all that is required. In seeding, it is customary to use a common grain drill, leaving every fourth or fifth spot seeding so that rows from 24 to 30 inches apart are planted to permit cultivation. Seeders may easily be set by trying out on a firm piece of ground until the beans are dropped from 7 to 10 beans to the running foot.

Inoculate Seed
Inoculation of soybean seed before planting is recommended, as it increases the growth of the plant and increases the protein content of the plant. Soybeans may be planted at corn planting time and up until

the first of June. A good discing or harrowing before seeding kills many of the weeds, and makes later care much easier. When the beans are from four to five inches high, a second harrowing will kill most remaining weeds.

The popularity of alfalfa is still increasing in the county, now that early difficulties in its production have been largely overcome. Lime, it has been found, is important in the production of a good stand of alfalfa in this section and heavy applications of the ground stone have been made. Tons have been delivered to farms in all sections of the county through a WPA project that permitted unusually low costs to farm owners.

Hollywood News And Gossip

BY ROBBIN COONS

Hollywood — Claudette Colbert will, and so will Joan Crawford and Joan Blondell and—certainly—Marlene Dietrich.

But Kay Francis won't, and neither will Jean Muir nor Frances Farmer nor Marsha Hunt.

Will and won't what? Delight the still cameraman with shots of themselves in bathing suits, play-suits and other more or less revealing sports wear.

Sports poses are the modern equivalent of what lensmen still term categorically "leg art." Pictures of this type, provided the subjects are attractive, still are easiest to get published.

Ordinarily leg art does not become an issue with a movie girl until she has reached stardom or is pretty close. Then she says "yes" or "no" and what she says goes.

Big stars permit bathing suit pictures more rarely than newcomers or "stock" girls. They have less time for one thing. For another, they don't need the publicity so badly.

Colbert will, and Crawford, and Blondell, and Carole Lombard, and Bette Davis, and many others—but always with reservations. They don't mind a few shots showing them in outfits they normally wear at play. When Lombard plays tennis in shorts, it's all right if the photographer happens by. But she was very particular about the distribution of the six negatives she permitted of her in that costume from "Swing High, Swing Low"—and that was from a movie.

The beginning usually will frolic on the beach or pose beside a swimming pool as readily as she will pose, meeting a celebrity, dedicating a park shrub, or directing traffic during a safety campaign.

Not so Jane Bryan, nor Frances Farmer, nor Marsha Hunt. Jane Bryan made one set of bathing suit pictures, but won't any more. (Flash, she's reticent!) Frances Farmer never would. Marsha Hunt posed once, but it was in her movie costume for "College Holiday." All of them consider "leg art" undignified.

Why Laxatives Fail In Stubborn Constipation

Twelve to 24 hours is too long to wait when relief from clogged bowels and constipation is needed, for then enormous quantities of bacteria accumulate, causing GAS, indigestion and many restless, sleepless nights.

If you want REAL, QUICK RELIEF, take a liquid compound such as Adierika. Adierika contains SEVEN cathartic and carminative ingredients that act on the stomach and BOTH bowels. Most "overnight" laxatives contain one ingredient that acts on the lower bowel only.

Adierika's DOUBLE ACTION gives your system a thorough cleansing, bringing out old poisonous waste matter that may have caused GAS pains, sour stomach, headaches and sleepless nights for months.

Adierika relieves stomach GAS at once and usually removes bowel congestion in less than two hours. No waiting for overnight results. This famous treatment has been recommended by many doctors and druggists for 35 years. Take Adierika one-half hour before breakfast or one hour before bedtime and in a short while you will feel marvelously refreshed. At all leading druggists.

nified. (Marlene Dietrich, never labeled that, obviously doesn't.)

Sometimes a girl's type, or the role she plays, dictates her policy. Olivia de Havilland, who used to pose in swimming suits, won't any more. (Flash! She, too, has reticent!) Janet Gaynor will pose at the beach, but anything "sexy" is taboo. Janet's role is sweet little girl.

Irene Dunne, who is Hollywood's first lady in dignity and graciousness, never has been photographed in a bathing suit. Now, whether she knows it or not, she's the object of a campaign. The lensmen figure that her new "modern" roles ("Theodora Goes Wild," etc.) call for up-to-date, "humanizing" photographic treatment—at least for shots of her in playsuits.

"Why not?" they argue. "Pictures like that are natural and human, and certainly not undignified."

In "A Star Is Born" it is pointed out that only one in 100,000 ex-

tras becomes a star. . . In the picture, and all other Hollywood pictures, the story deals with that one. . . Seems to me the really good story would come from the other 99,999. . . But after all failure isn't particularly appealing as a screen subject. . .

Kaukauna Club To Receive 350 Pheasant Chicks

Make Plans for Raising Birds to be Released Later

Kaukauna—A shipment of 350 pheasant chicks will be received by the Kaukauna Conservation Club from the state conservation department early next month. Percy Chamberlain, club secretary, announced yesterday.

The chicks will be raised on the farm owned by Alex Conkey in a brooder provided by the club. When they are six or eight weeks old, they will be released on game reserves near the city.

Paul Kennedy, an official of the state conservation department, was in the city yesterday and inspected the brooder and other equipment the club has provided for the chicks. His report was favorable.

Besides raising chicks, the club sponsors a winter feeding program for grouse pheasant. The club also provides food for ducks during the winter and fed about 1,400 of them during the cold months this year.

Nominate New Lions Officers

Election Will be Held at Meeting Next Tuesday Evening

Kaukauna—Acceptance of the nominating committee's report was voted at the meeting of the Lions club this week and next Tuesday night was designated as the date for the election of new officers.

The club will meet a week earlier because the following week three members, George Greenwood, president, Anton Berkers, and Harold Frank, will be attending the state convention at Racine May 23, 24 and 25.

The present staff of officers which will be replaced by new men at the election Tuesday is as follows: Greenwood, president; Joseph Sadler, first vice president; Jake Weyenberg, second vice president; Dr. R. J. Deloria, secretary; Dick Oudenhoven, treasurer; Herman Baier, Lion tamer; Cletus Goetzman, tail twister; Luke Van Lieshout, Norbert Berg, Art Mongin, and Harold Frank, board of directors.

Mongin this week was named chairman of the committee to plan the observance of the club's first anniversary which will be held at a meeting next month.

Child Health Clinic Held at Hortonville

Hortonville—A child health clinic was held at the Community hall Thursday. It was sponsored by the local American Legion auxiliary unit for the benefit of all children in this district.

The Girls Athletic association is holding its annual picnic on Monday evening. The committees are lunch—Ruth Leppia, Ruth Oik, Dorothy Collar and Etola Larson; transportation—Georgiana Hande, Myrtle Harris, Veronica Buchman and Celia Lemke; entertainment—Ruth Scheider, Geraldine Knapp, Merna Ratzburg, Vervyle Jack.

The all-school picnic will be sponsored by the seniors again this year. Committees will be appointed this week.

The High School girls have organized three softball teams. Captains are Celia Lemke, Dorothy Collar and Veronica Buchman.

The High School team played a doubleheader with Shiocton here Friday each team winning one.

A double horseshoe tournament has been started in the high school. The singles have been played, Kenneth Nelson won first place Albert Lamb, second, and Richard Sanborn third.

The intermediate boys played the sixth and seventh grade boys Monday afternoon. The latter won by the score of 52 to 13.

Five Kaukauna Track Members Going to Meet

Kaukauna—Five members of the Kaukauna High school track team will leave tomorrow morning for the district track meet in the West Green Bay high school stadium which starts at 1:15 tomorrow afternoon.

The men and the events in which they will compete follow: Peterson, 100-yard dash, high hurdles, broad jump; Lambie, 440, 220; De Bruin and Cooker, 880; Vandenberg, mile.

MAKE REPAIRS

Kaukauna—Under the direction of the water department, a crew of nine men this week began the work of repairing valve boxes and about 30 shutoff connections on the streets of the city. The project is under the PWA program and will be completed in about two weeks.

An irrigation well that flows 2,500 gallons a minute operates on the W. W. Hill farm near Hereford, Tex.

The Kaukauna office of the Appleton Post-Crescent is located in the Jules Mertes barbershop on Wisconsin avenue. Don Anderson is the correspondent in charge and the telephone number is 107. Subscribers may call this number until 6:30 in the evening if their papers were not delivered.

Woman's Club to Sponsor Mother, Daughter Event

Kaukauna—The annual mothers and daughters banquet of the Kaukauna Woman's club will be held at 6:30 in Hotel Kaukauna tonight. Miss Bernice Happer, librarian, will talk on the origin of Mothers day.

A program of music with songs by Miss Lucille Austin, Margaret Van Lieshout, and Annacell Kilgas, accompanied by Helen Hopfensperger, will be held. Katherine Ann Driessen will present a dance. Tonight's banquet has been planned by the music committee of the club of which Mrs. Le Roy Seifert is chairman.

Following the dinner and program, members will meet for a business session at which more preparations for the eighth district convention which will be held here next week will be made.

The 2-day convention will open Wednesday morning, May 19, and feature a talk by L. B. Nickols, a G-man, that night in the Civic auditorium. Headquarters for the conclave will be in the Brookway Memorial Methodist church.

Intramural Play to Be Started Next Week

Kaukauna—Intramural softball games at Kaukauna High school will start next week. Clifford Kemp reported yesterday. Girls and boys teams from all four classes will be chosen and captains elected.

Kemp is organizing a group of students who are interested in learning the fundamentals of golf. The students will hold their classes on the Kaukauna Golf club course.

KAUKAUNA PERSONALS

Kaukauna—Marion Charlesworth, daughter of Mr. and Mrs. Frank Charlesworth, Wisconsin avenue, returned yesterday to Chicago to resume her studies at the Chicago Conservatory of Music after several days' visit with her parents.

Green Bay Man Fined On Speeding Charge

Kaukauna—R. H. Hefferman of Green Bay paid a fine of \$5 and costs of \$4.75 before Judge Barney Mitchka in justice court yesterday when he pleaded guilty of speeding. Hefferman was arrested Tuesday night on Lawe street. He was driving 49 miles an hour, according to an officer's report.

Police Chief James McFadden has warned motorists against cutting the corner at Main avenue and Second street. Yesterday officers stopped and reprimanded several drivers who drove too close to the curb in making an outside turn.

List Winners of Letter Awards

Boxers, Wrestlers, Frosh Cage Players to Get Emblems

Kaukauna—Letters for Kaukauna High school boxers and wrestlers who earned the required points this season and numerals for the frosh basketball players have been ordered. Clifford Kemp said yesterday, and will be awarded soon.

Boxers who will receive letters are John Vandenberg, Wilfred Van Able, Bernard Busse, Wilbur Mohr, Norman Ashe, and Warren Alger. Eugene Vander Loop and Jeff Vandenberg are the wrestlers.

The frosh basketball squad, second-place winners in the league that was made up of New London, Menasha, Menasha, and Kaukauna, was composed of the following players: Donald Bixel, Karl Miller, Kenneth Busse, James Sanders, Robert Derus, John Wandell, Leo Wolff, and Joe Block. Two Junior high school students, W. Alger and Junior Swedberg also were members.

Grade Students Preparing for Track Contests

Competition Will be Held in Two Divisions, Under New Plan

Kaukauna—Boys and girls in the public schools are using recess time for sprinting and jumping practice in preparation for the grade school track meet which will be held later this month. The date is to be announced soon by Clifford Kemp, physical education instructor.

One division of the meet will provide competition for boys and girls of Park and Nicolet schools from the third, fourth, fifth, and sixth grades and the upper bracket will bring together boys and girls' teams from the junior high in Park school. In the junior high meet, contestants will be divided according to the grade school, either Park or Nicolet, which they attended.

Besides the track competition, there will be baseball games played between both boys and girls teams from the fifth and sixth grades of Park and Nicolet schools.

Three Places Three places will be awarded in each track event and individual, grade, and school champions honored.

The schedule of girls' events for the various grades is as follows: Third grade—high jump, standing broad jump, hop, step, and jump. 30-yard dash, volley ball throw.

Fourth grade—same. Fifth grade—high jump, standing broad jump, running broad jump, 30-yard dash, volley ball throw, tug-o-war.

Sixth grade—high jump, standing broad jump, running broad jump,

40-yard dash, volley ball throw, tug-o-war. Junior high, seventh and eighth grades—high jump, standing broad jump, running broad jump, 30-yard dash, volley ball throw, tug-o-war.

Events For Boys

The events for the boys are as follows: Third grade—high jump, standing broad jump, hop, step, and jump. 30-yard dash, tug-o-war, baseball throw.

Fourth grade—same. Fifth grade—high jump, standing broad jump, hop, step, and jump. 30-yard dash, tug-o-war, baseball throw.

Sixth grade—same. Junior high, seventh and eighth grades—high jump, standing broad jump, hop, step, and jump. 50-yard dash, tug-o-war, baseball throw, pole vault.

Marion Women Attend

New London Gathering

Marion—Mrs. F. M. Mulvaney and Mrs. R. E. Van Schaick attended the meeting at New London of the Ladies Auxiliary of the county medical society.

The son of Mr. and Mrs. Ray Wayne was baptized Sunday by the Rev. W. Wiese and received the name of Terry Lynn.

The Joker club met at the home of Mrs. A. J. Olson, Tuesday evening. Five hundred was played with honors going to Mrs. E. Byers.

Mrs. C. Mees and Mrs. A. Kratzke. Mrs. Anna Mausel was hostess to the O. O. Bridge Club Wednesday afternoon. Mrs. J. Spiegel won high prize, and Mrs. W. Maes, second. The club will meet with Mrs. Mausel again in two weeks.

Word was received here of the birth of a daughter to Mr. and Mrs. Gerald Schultz of Burlington, Wis. Mrs. Schultz is the former Miss Dorothy Polzin.

The following young people enjoyed a party given by the Clintonville Knights of Columbus at their

Music Pupils of St. Mary's School Appear in Recital

Kaukauna—Music pupils of St. Mary's school presented a recital in the school auditorium last night before a crowd of parents and friends. The program follows:

"Music Everywhere", song by the music class; Music address by Geraldine Mayer; "Little Humming Bird", piano solo, by Patricia Greenwood; "Hollyhocks", piano solo, Ruth Wollersheim; "Golden Dandelion", piano solo, Patricia Ranquette; "Soldiers March", piano solo, James Brili; "Jolly Farmer", piano solo, Dick Oudenhoven, Jr.

"Doll Dance", duet by Helen Haen and Marion Kline; "Tapping Woodpecker", piano solo, Lillian Van Roy; "Morning Glory Vine", piano solo, Nancy Phelan; "Spring Suite", piano solo, Catherine Ann Sterns; "The Scouts", piano solo, Roger Weyenberg; "You Are It", piano solo, Marion Kline.

"I'm Going To Tell On You", song by Evangeline Mayer and Roger Weyenberg; "Cradle Song", piano solo, Mary McGrath; "Minuet in G", piano solo, Carol Mayer; "A Ring Around the Rosie", piano solo, Helen Haen; "Song of the Lark", piano solo, Evangeline Mayer; "Le Coucou", piano solo, Florence O'Connor; "Spanish Dance", Ethel Hennes and Mary McGrath on the piano.

hall Tuesday evening—Betty, Doris, Ruth and Claire Buhr, Arlene Brainerd, Annette Maes, Priscilla Hoffman, Joe Billy and Rosemary Caley James Mausel, Donald, Elaine and Milba Meyer, Quentin Hoffman and John Mulvaney.

The following young people enjoyed a party given by the Clintonville Knights of Columbus at their

Harold Hayer and Jane Dogot dancers; "Fur Elise", piano solo, Ethel Hennes; "Hungarian Dance No. 5", violin solo, Cleyon Egan; "Rustic Dance", piano solo, Jane Dogot; "Waltz in E Major", piano solo, Margaret O'Connor; "Bach's Invention No. 8" and "Fantasia in D Minor", piano solos, Geraldine Mayer; "Spring Approach", piano solo, M. O'Connor.

Nancy Phelan, Catherine Ann Sterns, Patricia Greenwood, Ruth Wollersheim, Lavonne Stokes, Lillian Van Roy, and Patricia Ranquette presented a group dance during the recital.

Geraldine Mayer was presented with a junior music certificate, signifying completion of her course. The recital was concluded with music by the junior rhythm orchestra.

Hortonville Scouts

Planning Public Party

Hortonville—Boy Scout Troop 37 will entertain the public at a card party in the village hall beginning at 8:30 Monday evening. Proceeds will be used to help defray the expenses of the local troop on its trip to the Scouts' summer camp at Gardner dam the week assigned to this troop.

Mrs. F. Grant returned Tuesday evening from a week's visit with her sons Harland, Milwaukee, and Wilbur, Madison. On Wednesday morning, while doing the family

wash, Mrs. Grant's left hand was caught in the wringer, severely bruising the hand and cutting such a deep cut in the index finger that it required eight stitches to close the wound. She was treated at a local physician's office.

12 Auxiliary Unit Members Plan to Attend Conference

Kimberly—Twelve members of the local American Legion auxiliary plan to attend the Ninth district conference at Marinette, May 19. It was announced at a regular meeting at the clubhouse Monday evening. After the business session cards were played and prizes were awarded to: Mrs. Jack Limpert, first, and Mrs. Oscar Ehlike, low at bridge; Mrs. Henry Stiers, first, and Mrs. Anton Vandenberg, low at schafskopf.

Dinner concert music will be played by the Community band Thursday evening at the clubhouse for the Kimberly mill and community safety conference. Dinner will begin at 6:30 and band members will report at the clubhouse at 6:15 so as to be ready promptly. Selections to be included in the program are "Glow Worm" and the "Blue Danube Waltz."

The Fleur-de-Lis club were entertained at the home of Mrs. Ed Krueger Tuesday evening. COVERT WORK

Who Will Protect Workers From Union Racketeers?

BY WESTBROOK PEGLER

New York—Granting that the honest American working man needs a labor union to protect him from the greed of his employer, who then will protect him from his labor union when that becomes necessary, including the parasite incompetents who live by their unionism, as well as the wolfish racketeers?

This is not a facetious question, because the record of labor trouble in this country will show that many labor leaders have much in common with the most cynical and brutal employers, and that, as between the two masters, there is no desirable choice.

It is bad when the honest workman is spied upon and denied his human rights by agents of a soulless corporation. But it is at least that bad, if not worse, when he is spied upon, robbed of his earnings, and coerced into strikes by men who cleverly appear to be acting in the interest of the oppressed.

He can at least complain against ill-treatment at the hands of his boss, but if he resents worse outrage from a labor movement, he may then be arbitrarily classified as a rat and traitor to his class.

He is not a traitor to his class at all. He is a martyr to his class, in fact, but he suffers like any Italian or German martyr under the fascist or nazi racket. He may be called an enemy of the labor movement and lose his working papers by the decree of labor racketeers who hold him in a power no less fierce and arrogant than that of the duce or the fuhrer of the Colorado Fuel and Iron at its worst, and be permanently disqualified from employment in his trade in his own country.

Family May Suffer From Forced Strike

I mention his own country for dramatic effect, because he may be outlawed on the order of some bolo from Russia or some other foreign country or some foreignized American, whose heart is set on a repetition of the Russian revolution here.

His family may hunger and freeze for the protection of some scheming scuttie-butt lawyer of the labor movement who has neither the ability, nor the will to do a man's work at a man's job, but can't be fired because it is against the law to fire a man from union activity.

The scuttie-butt lawyer always will engage in union activity, because he knows that his only protection, his only qualification, he knows that the day he quits agitation trouble for his betters, loafing, malingering and doing sabotage in the name of unionism, he may be legally canned for his notorious incompetence, so he spends his spare time making speeches against the boss.

Union Leaders have Beaten Common Workmen

If, finally, the employer, whether soulless corporation or little independent, kicks him out for good reason, the union may call the honest workman on strike and a hundred thousand with him, as a solid rebuke to a horrible injustice.

The government now dips its bill into the affairs of employers, soulless and otherwise, but it ignores the case of the working man who must pay some racketeer fifty or a hundred or perhaps a thousand dollars for a union card permitting him to seek employment at his own trade in his own country. The government honestly resents the shooting and beating of workmen by the agents of the employer, but has yet to realize that workmen have been shot, beaten and run out of town by union leaders who rode the cushions on the earnings of the forgotten man.

Little local prosecutions have shown that the labor leader sells out his union to the employer, using the strike as a weapon of extortion, but these have been dismissed as mere blemishes on the great labor movement, and trivial matters, not worth national notice.

Few Hoodlums May Bulldoze Whole Industry

Labor is big, and the racket is as good on one side as on the other. A few hoodlums of the type which is despicable when employed by the boss, may bulldoze a whole industry in a single union meeting, and, with the holy sanction of a union vote, call upon vast numbers of other union men elsewhere to quit their good jobs for a cause which may be traced back to the greed of ambition of two or three leaders of the labor movement.

The union racketeer is as vicious as the soulless corporation ever was, but clever, too, because he takes advantage of the working man's bashfulness in meeting his ignorance of parliamentary tricks, and, worst of all, his shame at being glorified as a traitor to his own kind.

It is just as well to recognize that strikers often strike against their will, and that the mine operators of Harlan county, Ky., have been no worse at heart or practical atrocity than some leaders of the labor movement to whom the honest working man shows disaffection at part of his livelihood if not of his very life.

2nd Graders Build Bird Feeding Hopper

Birds which have their nests near the Columbus Grade school have been enjoying themselves recently since second grade pupils built a feeding hopper which is kept filled with food at all times. The pupils have made a study of birds and take a great interest in keeping their feathered friends near the school.

A large frieze showing birds taking baths, waiting for worms, sitting in nests and flying about has been completed and is exhibited on a side wall. Bird houses were made of empty oatmeal boxes and have been placed around the room. Each pupil made a large poster and booklet about bird life. Songs and original poems also were composed while pupils were completing the project. Miss Josephine Patten, instructor, was in charge of the work.

Committee Completing Memorial Day Program

Final arrangements for the annual Memorial day program will be made by the Memorial day committee at meeting next Wednesday, William H. Zuehlke is general chairman of the committee and R. G. Sykes, secretary. A feature of the program will be a parade to Riverside cemetery.

MEET AT GREEN BAY

A division meeting of county highway department accountants was held Wednesday afternoon at the Brown county courthouse, Green Bay. Miss Agnes J. Malone, of the Outagamie county department, was present.

Lutheran Bowling Club Of 15 Years Disbands

With the completion of the bowling season, the Aid Association for Lutherans Bowling club has been disbanded. The club's equipment including bowling alleys, billiard tables and other recreational facilities in the basement of the Insurance building are being removed and sold.

The space occupied by the club will be turned over to the tenants of the first floor of the Insurance building.

Officers of the club, which was organized 15 years ago, were William Keenke, president; John Behnke, Sr., secretary; and Raymond Nehls.

Plan for Graduation At St. Paul School

Graduation exercises for eighth grade pupils at St. Paul Lutheran school will be held at 8 o'clock Sunday evening, June 4, at the school auditorium, Emil Schultz, principal, announced today. Students of the regular school and of the Sunday school will hold their annual picnic at Erb park Tuesday, June 6.

Nerve impulses travel from the brain to the muscles at the rate of 300 feet a second.

Tonite and Friday:—H. G. WELLS' Comedy "THE MAN WHO COULD WORK MIRACLES" and DIK FORAN in "CHEROKEE STRIP" and Deanna Durbin Short.

The WORLD of STAMPS

BY QUINTON JAMES

The 21 sets of newly issued French colonial stamps, advertising the international exposition at Paris, make up a small collection in themselves totalling 126 items.

The six designs are repeated for each colony, as are the colors, with only a change of name, or occasionally of value where centimes and francs are not used. The illustrations are symbolic of the exposition and the colonies' contributions to it.

The 20-centime purple pictures the plane, ocean liner and motor truck of modern transportation, together with a colonial maiden and the exotic produce of her land. The 30-centime green shows transportation between France and her colonies as it was in sailing ship days.

The 40-centime depicts types of colonial beauties with exposition buildings and the Eiffel tower in the background; 50-centime brown, representatives of the colonies bearing fruits and vegetables; 90-centime red, feminine types symbolic of France and the colonies; 1.50-franc blue, religions of the colonies.

The 21 colonies are: Cameroons, Dahomey, Guadeloupe, French Guiana, French Guinea, French India, Indo-China, Ivory Coast, Madagascar, Martinique, Mauritania, Reunion, New Caledonia, Niger, Oceania, French Equatorial Africa, St. Pierre and Miquelon, Senegal, Somali Coast, Sudan and Togo.

France also has issued special stamps for the exposition, symbolic in design.

Just how many stamps will come from all parts of the British empire in philatelic observance of the coronation of King George VI and Queen Elizabeth still awaits a final check-up.

All of the 45 crown colonies have planned special sets, with a total face value of approximately \$5.25. There will be no high values. Some of the colonies, including Papua, Niue and Cook Islands, will not issue theirs until June.

The dominion stamps, such as Canada's single 3-cent, already have begun to appear. New Zealand plans three values and the Union of South Africa is to have several specials. There may not be any coronation set from India.

Great Britain is confining its issue to a single 14-pence stamp. All of the coronation adhesives will remain on sale until December 31.

Collectors with strong magnifying glasses have spotted "1937" in tiny, vertically arranged numerals on the new regular George VI stamps of Canada. These minute figures are located in the lower left corner of the frame just above and to the left of the numeral of value. You have to look closely to see them.

Appleton Tracksters Win at Triangular Meet

Defeat Oshkosh,
Neenah Squads on
Red Rocket FieldMany Records Broken;
Sellers High-Point Man
For Terrors

BY GORDON MCINTYRE

NEENAH—In a triangular track meet that saw five records broken and three tied, Appleton High school squad annexed another victory here yesterday afternoon with Oshkosh second place winner and Neenah's Rockets an outclassed third. The Terrors won seven first places and tied for an eighth while Oshkosh won four firsts and tied for one.

Jack Sellers of the Terrors again led the parade and the record smashing. He won first in the 440 and low hurdles and set records in both, won first in the broad jump and tied the record, and then ran on the Appleton relay team which also capped a first place.

Vince Jones accounted for first in the shot and discus and set a record in the shot. Ken Slattery crashed through with a first in the high hurdles and tied for a first with three Oshkosh boys in high jump. Appleton's other first was in the half mile where Colvin crossed the tape after a great battle with Jungwirth.

Neenah saw itself pretty well outclassed but several boys turned in excellent exhibitions. Haertl capped third in the two dashes. McParion garnered a third in the mile run. Dodge galloped into second place in the high hurdles, and Rabideau tied for second, third and fourth in the pole vault.

Records Are Broken

The record assault of the afternoon began almost in the first event when Slattery, Appleton, tied the high hurdle mark at 16.6 seconds. The 440-yard run was next and Sellers chopped a second and quarter off the time when he ran the record in 53 seconds. Six-tenths of a second was leaped from the mile record by Leaman, Oshkosh, when he was clocked in 4 minutes, 41.1 seconds. Jack Sellers whittled four-tenths of a second off the low hurdle mark when he did the distance in 27.2 seconds and he tied the broad jump mark with a leap of 21 feet, 3 inches.

Vince Jones, Appleton, heaved the shot 48 feet, 4 inches to shatter the old mark of 45 feet, 6 inches and Dick Erditz, Oshkosh, vaulted 10 feet, 11 inches by actual measurement to better the old record of 10 feet.

Summary of the events:
100-yard dash—Nolte, Oshkosh, took the hundred in 10.5 seconds to tie the record after a battle with Howard Bixby, Appleton. Bixby led until the last 20 yards when Nolte pulled up and then nosed him out. Haertl, Neenah, was third. Sadler, Appleton, wasn't so good and took fourth and Monday, Oshkosh, fifth.

220-yard dash—The long sprint saw the boys place in exactly the order of the 100. Again Bixby led until the last 20 yards and then was nosed out. The time was 23.7 seconds.

Sellers Takes 440

440-yard run—Jack Sellers showed that he's still master of the quarter mile by leading all the way and finishing far in front in 53 seconds for a record. The old mark was 54.25. Lyons, Oshkosh, was second while Fred Oliver, Appleton, breezed along in third close behind Kanzenbach, Oshkosh, was fourth and Hebler, Appleton, fifth.

Half mile—Ralph Colvin showed a lot of stuff to win the half in 2 minutes, 7 seconds. He was challenged by Jungwirth, Oshkosh, almost from the start and the boys dashed around the first quarter in 57 seconds, battling step for step. On the back stretch in the last lap around Colvin pulled ahead but at the final turn Youngwirth tried

GIVING EVERYTHING

It isn't always the battle for first place in a race that features a track meet as witness the above picture taken yesterday during the Neenah-Appleton-Oshkosh triangular tournament at Neenah. The picture shows Glen McParion, Neenah miler, as he crossed the tape in third place after a last 25 yard battle with Kay Rogers, Appleton, just behind him. A couple Oshkosh boys placed first and second. (Post-Crescent photo.)

Jack Gibbons in
Win at MilwaukeeFlashing Left, Jarring
Right Bring Victory
Over Chowniec

MILWAUKEE—(P)—Jack Gibbons, St. Paul light heavyweight, handed Milwaukee's Max Chowniec his first ring defeat last night in a 10-round bout before 4,500 fans. Both weighed 170 pounds.

Gibbons maintained the aggressive behind a flashing left and a jarring right to take all but one round. The sixth was even.

It was the Milwaukeean's first defeat in 28 starts.

Other results:
Cecilio Lozada, 1934, Detroit, out-pointed Jack Hostler, 1934, Columbus, O., in an eight round semi-windup.

Johnny Barbara, 148, Chicago, scored a two-round knockout over Leo Norris, 148, Chicago, in the second of a scheduled six round bout. Bobby Fadner, 129, Madison, out-pointed Ralph Baker, 129, Chicago, four rounds. Pat O'Brien, 124, Chicago, decided Billy Dudlak, 125, Chicago, four rounds, and Christie Matthews, 144, Chicago, beat Joe Belfiore, 144, Milwaukee, in four rounds.

Appendix Forces Milner

To Skip Carnival Meet

Bloomington—(P)—A slight attack of appendicitis forced Don Lash, Indiana university distance star, to remain here today as nine track teammates trained for the Cotton carnival meet at Memphis, Tenn., Friday.

Lash had intended to try for a new 3,000-meter mark at Memphis. Coach E. C. Hayes said Lash would rest until the Big Ten championships at Ann Arbor, Mich., May 21 and 22.

H. Miller's 8B's
Cop 8th Grade
Meet at WilsonPlaces First in Track and
Field Competition
With 60 Points

THE 8B team captained by H.

Miller copped the eighth grade homeroom track and field meet with 60 points yesterday at Wilson Junior High school. I. Dominowski captained the 8C team which copped second place with 431 points and the 8A squad was third with 381 points. H. Miller was the 8B captain.

In the seventh grade meet the 7C squad captained by A. Braun copped first place with 551 points and 7A, captained by D. Behl placed second with 311 points. J. Nofke captained the 7B squad which placed third with 26 points.

The results:

EIGHTH GRADE

50-yard dash—First, R. Kunison,

8B; second, I. Dominowski, 8C;

third, D. Patterson, 8C; fourth, J.

Loeper, 8A; fifth, L. Jaeger, 8A.

Time—6.3 seconds.

LOUIS TRAINS FOR BRADDOCK GO

Joe Louis lost no time in beginning his training after establishing headquarters at Kenosha, Wis., in preparation for his championship engagement with James Braddock, heavyweight title holder, at Chicago June 22. Here he is (left) with Carl Nelson, hurdling an obstacle while engaging in some "roadwork" on a beach adjoining his camp.

Joe Louis Observes His
Birthday Anniversary

BY CHARLES DUNKLEY

KENOSHA—(P)—Joe Louis observed his 23rd birthday today, cheerful over the prospect of increasing his ring earnings to \$1,000,000 by the time he fights James J. Braddock for the world's heavyweight championship.

There was no celebration in the Negro challenger's training camp, aside from a little dinner for his camp attendants tonight. Bill Bottoms, his cook, promised to make a cake with twenty-three flickering candles and give him plenty of his favorite dish, fried chicken.

Since the boxer's training camp is working in a Detroit automobile plant three years ago, at \$5 a day, he has amassed the amazing total of \$758,000 from his engagements in the ring. He began his professional career, July 4, 1934, receiving a paltry \$50 for his first bout. At the end of 1936 he had earned \$711,923. Starting off the present year he collected \$37,314 for his bout with Bob Pastor and \$8,826 for flattening Natty Brown in Kansas City.

Out of the total Louis has saved about \$230,000. He built a home for his mother in Detroit and purchased a six flat apartment building for himself on fashionable Michigan boulevard in Chicago. He also is paying a \$200,000 annuity. Aside from purchasing automobiles and fine clothes, Louis does not waste his money. His co-managers, John Roxborough and Julian Black, see to that. Within the last two years he has acquired six or eight automobiles and 50 or more suits, with the necessary accessories.

8 Tough Non-League

Games for U. W. Cagers

MADISON—(P)—That is just about the toughest basketball schedule a Wisconsin basketball team has faced in years, was Coach Bud Foster's comment today, in releasing his 1937-1938 dates, following their approval by the Badger athletic board. Here is the card:

Dec. 4—Marquette at Madison.
Dec. 6—North Dakota at Madison.
Dec. 11—Pittsburgh at Madison.
Dec. 13—Notre Dame at Notre Dame.
Dec. 18—Marquette at Milwaukee.
Dec. 31—Missouri at Madison.
Feb. 5—Michigan State at Madison.
Feb. 23—Pennsylvania at Philadelphia.

THE WEEK'S GAMES

Monday—Valley Iron Works versus

Menasha Merchants. (Ordered

replayed May 24.)

Wednesday—Kobal Taverns 14,

Jake's Tavern 4.

Thursday—Appleton Merchants versus

Harrimans.

Friday—Lutz Coolers versus

Pond Juniors.

KOBAL Taverns won their second game in the American City league last evening at Pierce park when they pounded out a 14 to 4 count against Jake's Taverns. Three runs in each of the first three innings accounted for nine runs and a big lead for the Kobals.

The contest opened with each of the teams scoring three runs. In the second the Kobals added another three and then did likewise in the third. In the fifth the Jakes got a run but the Kobals got four. Kobals then ended the scoring in the sixth with another marker.

Bill Elias of the Kobals was the fielding star of the day. He had 11 putouts at first base and several were sensational catches of poor throws. W. Gregorius had one put-out and six assists and a great catch of a pop foul back of third base. DePrey also came in for several nice stops.

DePrey of the losers and Natrop of the winners hit homers. DePrey's blow was a clean wallop far over the right fielders' head. Natrop hit a line drive that rolled past the right fielder.

L. Mitchell tolled for the Jakes and allowed nine hits, fanned six and walked five. Wankey worked for the Kobals and allowed five hits, fanned two and walked three.

WILKINSON HONORED

MINNEAPOLIS—(P)—Charles (Bud) Wilkinson, member of three University of Minnesota national football championship teams, today was named the outstanding student in scholastic and athletic ability and awarded the western conference medal. Each member of the conference selects one senior each year to receive the honor.

Making his first start since his defense of his bantamweight title against Salvia in Puerto Rico, in February, Escobar made short work of Nicky Jerome, rugged Brooklyn contender, at the New York Hippodrome last night.

Two well directed right hand belts, each of which sent Jerome to the canvas, did the work in the second round of the ten round featherweight contest. The first time Jerome stayed down for a seven count. The second time he hit the floor, the referee stopped the fight. The time was 1:26.

Jerome in Second

Two Right Hand Blows Do

The Work: Referee

Stops Go

New York—(P)—Sixto Escobar,

with little left to conquer in the

bantamweight division he ruins,

turned his eye towards the 126-

pound featherweight today.

He may defend his 118-pound

crown once more against either

Lou Salica, an old rival, or Harry

Jeffra, of Baltimore, who twice has

won over-weight decisions from

Sixto, but both the little Puerto

Rican and his manager, Lou Bru,

have decided that most of their fu-

ture campaigning will be among

the feathers.

Making his first start since his

defense of his bantamweight title

against Salvia in Puerto Rico, in

February, Escobar made short work

of Nicky Jerome, rugged Brooklyn

contender, at the New York Hip-

podrome last night.

floor, the referee stopped the fight.

The time was 1:26.

Two More Exams Left
For Pitcher Feller

Van Meter, Ia. —(P)—Bob Feller wound up for two more examinations today in the final series of tests to settle the question of whether he will be graduated from Van Meter High school tomorrow night.

The 18-year-old Cleveland pitching star had English and psychology exams today. He pondered over physics and history questions yesterday, but he won't know until late today if he knew most of the answers.

If Feller gets passing grades he will be graduated tomorrow night with 10 other seniors. He plans to rejoin the Cleveland club in Chicago Saturday.

Wrestlers Tug, Grunt and Then Swing Their Fists

Rowdy Pocan Gets Decision Over Bubba Reynolds at Neenah

NEENAH — Wrestling fans went home with satisfied grunts of approval after the mat show at the S. A. Cook armory last night after having witnessed a free-for-all battle following the windup match.

Rowdy Pocan, Kimberly, was awarded the decision by Referee Ox Wilcox over Bubba Reynolds, Salt Lake City, Utah, after the referee had warned Reynolds repeatedly against rough tactics. Reynolds persisted in his unethical methods until Wilcox gave the decision to Pocan.

Reynolds took the first fall when he applied a Boston crab on Pocan after 17 minutes of furious fighting. After the rest period, Pocan came back and took the second fall with the most spectacular performance seen here this winter. Reynolds applied his famous crab hold on Pocan and the Kimberly boy broke the difficult hold and immediately applied what is known in wrestling circles as a reverse crab to take the fall.

The Usual Fight

After five minutes of grunting in the payoff period, the referee gave his decision to Pocan when Reynolds refused to heed repeated warnings against roughness. As the decision was given, fists began to fly and fans started to howl. No one knew who was trying to smash who and no one seemed to care as long as the mits continued to fly. However, several grunters, who fought in earlier matches, stepped into the ring and spoiled the fun by stopping the free-for-all.

Dickie Gerber, South Bend, and Dave Reynolds, South Bend, battled to a draw in the preliminary. The fight went the full 30 minutes with neither fighter gaining an advantage.

The semi-windup was won by Emil Barbola, Berlin, who defeated Alex Kaffner, Chicago Negro, in two straight falls. He took the first in 17 minutes and the second in 14 minutes, both with the well known hammer lock.

"GOING TO DOGS"

Milwaukee — Ned Sengpiel, Marquette university senior, is going to the dogs—but he is sprinting as well as ever on Coach Conrad M. Jennings' hilltop track team. Sengpiel is financing his education by raising and selling Great Danes. He had a legitimate protest recently when the school newspaper referred to him as a "great dame" fancier.

Frat Loop Opens Tonight

FATERNAL league softballers will attempt to start their season this evening when the Junior Chamber of Commerce and the Knights of Columbus meet on the Wilson school diamond. The league originally was scheduled to begin play Tuesday night but was rained out. Wednesday nights are off nights in the league.

Six teams are making the race this season. They are the Eagles, Foresters, Junior Chamber, Knights of Columbus, Moose and the Y.M.C.A. The season's schedule follows:

1st Round	2nd Round	3rd Round
May 11, Eagles-Forester	June 17, June 17	July 20, July 20
May 13, J.C.C.-K of C.	June 18, June 18	July 22, July 22
May 14, Moose-Y.M.C.A.	June 18, June 18	July 22, July 22
May 18, Forester-J.C.C.	June 22, June 22	July 27, July 27
May 20, K. of C.-Moose	June 24, June 24	July 29, July 29
May 21, Y.M.C.A.-Eagles	June 25, June 25	July 30, July 30
May 25, J.C.C.-Y.M.C.A.	June 29, June 29	Aug. 3, Aug. 3
May 27, K. of C.-Forester	July 1, July 1	Aug. 5, Aug. 5
May 28, Moose-Eagles	July 2, July 2	Aug. 6, Aug. 6
June 1, Y.M.C.A.-Forester	July 6, July 6	Aug. 10, Aug. 10

(3rd round—Flip of coin to decide home club).

Coated Paper Rallies To Beat Atlas Mill in Slugging Match, 17-9

was enough for Coated Paper for in its half of the third it scored four markers and then added five in the fourth frame and seven in the fifth and one in the sixth. Atlas got a run in the sixth and two in the ninth.

Because Wallie Klein still is laid up with a bad leg, Joe Heible took the mound for Atlas and was followed by Doc Gebheim. Together they allowed 13 hits. Heible fanned four and walked ten while Gebheim fanned two and walked none. Smokey Williams and Bob Eggert toiled for Coated and allowed 11 hits. Williams fanned one and Eggert nine. Williams walked one and Eggert five.

A. Meyer of Atlas hit a homer while Lloyd Schroeder and E. Sanders blasted similar blows for Coated. L. Getschow and L. Gebheim doubled for the losers and A. Felzer, S. Krake and H. Eggert for the winners. Schroeder's homer came with two men on while Atlas was trying to give him an intentional walk. He reached out and patted the wide pitch into center.

The American leaguers will hold their bi-monthly meeting at 8 o'clock Friday night at the Y. M. C. A. They will discuss the past two weeks' play.

Last night's box score:

Team	W.	L.	Pct.
Machine K.-C.	1	0	1.000
Woolen Mills	1	0	1.000
Tuttle-Post	1	0	1.000
Atlas Mill	1	1	.500

Sports Mirror

(By the Associated Press)

Today a Year Ago — Joe Louis on 22nd birthday began training for bout with Max Schmeling.

Three Years Ago — National hockey league shifted Ottawa franchise to St. Louis for 1935-36 season; Schmeling and Uzcudun fight 12-round draw in Barcelona.

Five Years Ago — Wilmer Allison and Ellsworth Vines gave United States straight set Davis cup singles triumph over Mexico.

Green Bay Fighter Is Stopped in Second

Chicago — (U) — Peter Duchin, Green Bay, was a knockout victim in the second round of a 152 pound class bout here last night. He was matched against Richard Franz, Aurora.

Stanley Ray, Beloit, dropped a three-round decision to Ed Borchers, Evanston, at 163 pounds.

Art Hofkins Is Lost To Kimberly Ball Team

Kimberly — Art Hofkins, who was scheduled to play outfielder for Kimberly in the Northern State league this summer, will not appear in the lineup due to a rupture operation he will undergo Friday morning at St. Elizabeth hospital, Appleton. Besides playing outfield, Artie did nice work last season at bat.

Roosevelt 6th Graders Win Over 7th, 4 to 3

Roosevelt sixth grade softball team defeated the seventh grade team 4 to 3 yesterday afternoon at the Roosevelt school field. Jack Forster pitched for the winners, with Hatch catching Werner and Solie formed the seventh grade battery.

HILLTOP CAGERS GOING EAST

Milwaukee — A Marquette university basketball team, for the first time in history, will invade the east next winter. Coach Bill Chandler's cagers will play Canisius at Buffalo, N. Y., Feb. 4, and Niagara university at Rochester, Feb. 5. The Hilltoppers also are booked for a tilt with Kentucky at Lexington, Feb. 14.

Heath Stars as Brews Maintain Winning Streak

Home Run in Ninth Gives Milwaukee 3 to 2 Victory Over Red Birds

MILWAUKEE — (U) — Easy or hard way, apparently it's all the same to the Milwaukee Brewers as they keep hammering away at their fancy winning streak.

The hard way has given Brewer fans chills and shudders for the last two games, but the winning streak was still alive today—10 straight since their last road defeat and 14 in a row at home. Monday Milwaukee scored five runs in the last two innings to nip the Columbus Red Birds, but that was nothing to what happened yesterday, with Mickey Heath as the hero.

With two men out and no one on base in the last half of the ninth inning Allan Sothoron's boys were trailing the Red Birds, 2 to 0. Then Morton Cooper walked Ken Keltner and Ted Gullic, and Heath arose to the occasion by crashing over his sixth home run of the season for a 3 to 2 triumph.

Toledo retained its slender grip on second place, six games behind the Brewers by making it two straight over Kansas City, 3 to 1. The Mud hens combined seven hits and four walks off John Niggeling, while George Coffman kept the Blue's eight hits well spaced.

St. Paul went into a tie with Kansas City for fifth place by mauling Indianapolis, 11 to 0, behind Red Herring's six-hit pitching. The Saints belted Tommy Gallivan and Jim Sharpe for 13 hits.

Minneapolis flailed Jack Tusing and Dick Bass for 15 hits and a 15 to 4 victory over Louisville. Charley Wagner gave the Colonels seven hits, one a homer by Foster.

White Sox Lose Fleet Young Centerfielder

Chicago — (U) — The Chicago White Sox will have to get along without their fleet young centerfielder, Larry Rosenthal, for about two weeks, because of a leg injury.

Rosenthal suffered the hurt, a pulled thigh muscle, Tuesday, but did not consider it serious enough to keep him out. An examination last night, however, revealed that he will not be able to make the first eastern trip which opens May 18 in New York.

OLD FRIENDS

Milwaukee — Marquette university and Michigan State college football coaching staffs will have considerable in common when the Golden Avalanche and the Spartans renew their feud at East Lansing next fall. Paddy Driscoll, new Marquette coach, was assistant to Coach Charley Bachman of State when Bachman was head man at North-western. Taron Taylor, Hilltop line coach, was once the forward wall tutor at the East Lansing school.

NOW, BOYS, BOUNCE

East Lansing, Mich. — (U) — When Coach Ralph H. Young orders his Michigan State college tracksters to bounce along in their workouts or races he means it. To eliminate shin splits, a quarter of an inch of foam rubber has been placed beneath the surface of the gymnasium running track. Last year 20 men got lame legs as a result of shin injuries.

Appleton Track Team Is Winner At Neenah Meet

CONTINUED FROM PAGE 17

to pull up and pass him with the result there was a dogfight to the tape with Colvin winning by about two strides. Emerson Jury, Appleton, pulled in third place, followed by George Swamp, Appleton, in fourth with Kleinschmidt, Oshkosh, fifth. The race gave Appleton ten points and Kermit Clark, Oshkosh coach, something of a surprise.

Mile run—Leaman, Oshkosh, took the mile run with Nielsen, Oshkosh, second and McParion, Neenah, third. Kay Rogers, Appleton, was fourth turning in his best time this year while Anthony Gerarden didn't have such a good day and was a poor fifth. Leaman's time was 4 minutes, 41 seconds and shaved 6 seconds off the record.

Slatery Wins High Hurdles

High Hurdles—The highs were the first event of the meet and when Ken Slatery hopped over them for a first place in record-time, the Terrers were highly pleased. It was the first time this season the big fellow has crashed through in a major meet. Dodge, Neenah, was a stride behind Slatery with Brownley, Oshkosh, third, Bowers, Appleton, fourth, and March, Oshkosh, fifth. The time was 16.6 seconds.

Low Hurdles—Jack Sellers, Appleton, ran the lows in 27.2 seconds, bettering the old record of 27.8 seconds. He led by a big margin all the way despite the fact he was running around a curve. March, Oshkosh, was second, Bowers, Appleton, third, Brownley, Oshkosh, fourth and Slatery, Neenah, fifth.

High Jump—The high jumpers turned in the poorest performance of the day—by comparison Slatery, Appleton, Coumbe, Oshkosh, Zuehlke, Oshkosh, and Lampert, Oshkosh, all tied at 5 feet, 4 inches which wasn't so good. Bowers, Appleton, was fifth. ... rather soggy takeoff handicapped all the jumpers.

Broad Jump—Jack Sellers, Appleton, leaped 21 feet, 5 inches on his second leap and tied the record and won the event. Zuehlke, Oshkosh, was second, Filz, Appleton, third, Johnson, Neenah, fourth, Monday, Oshkosh, fifth.

Erditz in Pole Vault

Pole vault—Young Dick Erditz, Oshkosh, broke the pole vault record with five hits for 5-1 win.

YESTERDAY'S STARS

By the Associated Press

Ducky Medwick, Cardinals—Hit two homers and two doubles, driving in five runs, in 15-3 win over Phillies.

Bill Swift, Pirates—Summoned as relief pitcher, he fanned two batters to end rally and hurled three hitless innings to beat Giants 6-5.

Charley Root, Cubs—Muffed Bees with five hits for 6-2, victory.

Zeke Bonura, White Sox—Hit homer and two singles, driving in three runs in 13-5 win over Senators.

Max Butcher, Dodgers—Stopped Reds with five hits for 5-1 win.

LEADERSHIP isn't a "break" it's an achievement

Palm Beach suits are the season's greatest value — and why not — they have everything. Their smart style is born of expert designing and tailoring. Their cool porosity is a secret of the patented weave. They wash and clean admirably — without shrink or stretch. The wide range of shades, patterns and models — presents outstanding style for every call of play or business.

And, in the face of rising costs — the price of Palm Beach remains the same as a year ago.

A fine assortment awaits your choice—whether in very light shades or white and in medium shades for business wear.

STANDARD SERVICE IS SAFETY SERVICE

... for clear vision safety

... So you may see the road at all times... before you, behind, and at the side... your Standard Oil Dealer keeps the glass clean at vital vision points, for you.

Windshield, side and rear windows are important considerations in your Standard Oil Dealer's mind when you stop at his service station. For he knows how many highway hazards can be avoided if the driver's vision is clear.

Safety often depends on this and numerous other small services he is able to render to make your driving pleasanter and more economical.

MOTORISTS RUSH TO ENTER \$10,000 "SERVICE SURVEY"

CHICAGO, May 11—Thousands of Midwest motorists are taking part in Standard's "Service Survey" in response to the announcement made last week that the Standard Oil Company (Indiana) will pay a total of \$10,000 in cash to motorists who submit the most valuable reports and to Standard Oil Dealers who assist them.

Motorists who wish to take part in the "Service Survey" need only drive to a Standard Oil Dealer to obtain an entry card, validated with the dealer's name and address. The dealer will also demonstrate "Standard Service" with at least three typical examples, and upon request will assist in preparation of your entry. In the event you win, the dealer who has assisted you and whose name appears on your entry card, will receive a reward equal to yours.

A committee of three members composed of Prof. Lloyd D. Herrold, Northwestern University; George W. Barton, Safety Director, Chicago Motor Club; and Roger B. Stafford, Managing Editor, "Super Service Station," Chicago, will act as judges in selecting the winning reports.

As the close of the survey a total of 244 cash awards, ranging from \$10 to \$1,000, will be made.

All reports must be mailed before midnight of June 15, to be considered for the cash awards.

Get your entry card today and ask your Standard Oil Dealer to assist you in taking part in this survey of service.

MORE THAN 23,000 STANDARD OIL DEALERS WITH A PERSONAL STAKE IN SERVING YOU

Board Decides on Oiling of Streets At Little Chute

Also Votes to Rent Two Acres for Summer Playground

Little Chute — At a meeting of the village board Tuesday evening it was decided to oil the streets of the village this year the work to begin as soon as the equipment for that purpose can be obtained from the county. The tree planting program and planting of shrubs will begin this week. The board accepted the recommendation as outlined by the street committee on the oiling and turn over of certain streets. It was also agreed to rent two acres of land from Edward Lamers to be used as a playground for the children of that part of the town. The Madison street project will not be submitted this year because of the lack of funds from the state. The road on the east end of Lincoln street beyond the sanatorium will be graded and culverts will be put in as soon as the crushed stone is available which it is expected will be about the first or middle of June.

The sewage disposal plant is in operation with Stephen M. Peeters as the chief operator. The board has requested the parents of the children of the village to warn them not to play around the disposal plant. A street light has been erected on W. Lincoln avenue as was requested by the property owners.

Mr. and Mrs. Adam Nickodem was surprised at their home Tuesday evening in honor of the birthday anniversary of Mrs. Nickodem. Cards were played and a lunch was served. The winners of prizes at cards were John Hermesen and Miss Lucia Bongers. Those present were Mr. and Mrs. John G. Hermesen, Mr. and Mrs. Cornelius C. Jansen, Mr. and Mrs. Frank Van Dymhoven, Edward Spierings, Peter Spierings, Corniel and Nicholas Jansen, Misses Agnes Jansen, Lucia Bongers, Little Chute, Mr. and Mrs. Rodney Lom, Combined Locks; Floyd Van Dyke, Kaukauna.

Miss Hattie Vandenberg left Sunday on a week's trip to Washington, D. C.

Mr. and Mrs. Clarence Bouressa and family have moved into the Kilsdonk residence on Canal street.

Mrs. Corniel J. Hannagrat and Miss Laura Gloudemans were callers in Milwaukee, Tuesday.

Find Some Cover Crops Induce Soil Erosion

Some crops which appear to be excellent cover crops actually induce instead of retard erosion, a soil conservation service report received by R. C. Swanson, county agent, shows.

Buckwheat grows rank and does well on poor soil and apparently is an ideal cover crop. But it has almost no value as a soil-binder. It grows in a single stalk with very few base leaves to retard surface water and has a relatively small root system that actually loosens the soil so that soil particles are easily washed away.

Erosion experts suggest that farmers get in touch with their county agents and investigate each cover crop before planting to be sure it is adapted to local soil and climate and that it will do the job for which it is intended.

ACT ON PENSIONS

The county pension committee was meeting at the courthouse today for action on applications for old age assistance. Hearings were held yesterday on requests for aid for dependent children.

Stephensville Woman Will Visit Germany

Stephensville — Mrs. Bertha Polaski left Tuesday for a visit with relatives and friends in Appleton and Neenah. She will leave for New York May 16, accompanied by Mrs. Frank Hubert, Kaukauna. They will be met there by friends, Mr. and Mrs. Paul Siefert and Mrs. William Kroeger, Shiocton, who will accompany them on a trip to Germany. Mrs. Polaski will visit her two daughters, and a son. She expects to return here in September.

2 New Teachers Named at Marion

Board of Education Makes Appointments to Fill Vacancies

Marion — The board of education has filled the two vacancies caused by the resignation of Vivian Penny and Gertrude Dernbach. Miss Margaret Johnson of Tomahawk, who is a graduate of Superior State Teachers college, has been elected to the kindergarten-vocal music vacancy. Miss Johnson has taught the past five years at Grand Meadow, Minn. Miss Lois Krueger of Clintonville will be third grade teacher. Miss Krueger is a graduate of Oshkosh State Teachers college and has taught at Elderon the last two years.

The Marion schools will have as their guests Friday the students teachers from the surrounding rural and state graded schools. A special program will be given during the morning and the boys and girls will have the privilege to visit classes any time during the day.

In the afternoon the Future Farmers of America will hold a track meet at which any boy or girl may compete and the winners will be awarded prizes.

The Rev. E. A. Lau is in Milwaukee where he is attending the conference of Evangelical churches. A son of Charles Niemuth had several fingers cut in the lawnmower, at his home, Monday.

Pedestrian Injured In Traffic Accident

Miss Margaret Quella, 18, 203 S. State street, suffered a knee injury about 4:25 Wednesday afternoon in an accident on College avenue in which an automobile driven by Mrs. Ida Koerner, 900 E. South River street was involved, according to police. Mrs. Koerner had driven north on S. Oneida street and was turning west on W. College avenue while Miss Quella was attempting to walk across the street, the police report shows.

Reduce Varicose Swollen Veins

This Safe Easy Way Prove It At Small Cost

Swollen veins may become dangerous and sometimes break. Sufferers are advised to get an original bottle of Emerald Oil at Vol's Drug Store or any pharmacist and start to reduce the veins and bunces at once with this healing oil. A small bottle will last a long time because it is very concentrated and a little goes a very long way. Apply night and morning with a soft brush or finger tips as directed until the swelling is reduced. Refund is guaranteed if not satisfied. So effective is Emerald Oil that it is highly useful in reducing troublesome simple swellings due to strain and hastens their disappearance. —Adv.

32 Pine Grove Pupils Make Perfect Records

Perfect attendance records in April were made by 32 pupils of Pine Grove school, town of Oneida. Miss Cella Schuster, teacher, has reported to F. P. Young, county superintendent of schools.

They are Vivian Heagle, Helen

Heagle, Ruth Samson, Irene Dom-browicki, Rita Vanden Heuvel, William Antepenko, Myrtle John, Frederick Hull, Richard Heinrich, Alice Krause, Leon Samson, Esther Schmidt, Alice Anschutz, Mabel Archiquette, Dorothy Archiquette, Althea Parker, Daniel Antepenko, Florence Melchert, Harold Huff, Russell John, Sylvia Samson, Ger-

ald Nagel, Hilda Ferron, Ervin Parr, Harold Hill, Carl Antepenko, Leatrice Parker, George Antepenko, Dorothy Kettner, Harvey Melchert, Marvin Ferron and Donald Vanden Heuvel.

Modern airplane power plants weigh about two pounds for each horsepower produced.

87 Investigations Made by J. G. Pfeil

Eighty-seven cases of non-attendance involving 51 boys and 36 girls were investigated during April by J. G. Pfeil, Appleton school truant officer. Causes of non-attendance

include truancy 15, parental neglect 35, other causes 37.

Thirty-nine calls were made at the various schools last month and 10 parents were notified of law violations. Three pupils including one boy and two girls were returned to school by Mr. Pfeil. Three cases were taken to court and two cases of desultation were reported. The

truant officer made 136 calls during the month.

Drought surviving flowers in Oklahoma include the periwinkle, perennial phlox, Japanese honeysuckle, globe amaranth, scarlet runner vine, chrysanthemum, flowering almond and day lilies.

Plight of Migrant Worker Is Challenge to Women, Mothers, Daughters Told

THE plight of migrant workers, who wander from district to district in the United States, homeless, seeking work, lacking proper food and a knowledge of hygiene, is a moral challenge to the women of the nation, Mrs. L. C. Sleeper told more than 100 women and girls at the annual mother and daughter banquet Wednesday night at St. John Evangelical and Reformed church.

Mrs. Sleeper, who is president of the Interdenominational Women's Mission council, has made a special study of the migrant worker — a study that began when she lived in Oklahoma and saw a funny little old cart piled high with household furniture pass her home one day. In front sat a little woman,

and behind her a tiny baby, and between her and the driver were three little children, scantily clad. There was a cow, too, and another wagon, filled with more furniture and some wood. Several boys and girls were riding on that cart. She learned from a neighbor that the cotton picking season was over and that the migrant family was going elsewhere to look for work.

First introduction. It was Mrs. Sleeper's first introduction to the migrant people, of which, she said, there are 2,000,000 in our country, 200,000 of them children.

"You think these people are far away from you—that you have nothing to do with them," Mrs. Sleeper declared. "But they help to supply our country with food and clothing. It is they who harvest the cotton, shrimp and oysters along the Gulf of Mexico, pick the cotton in the south and then migrate farther north to pick our lettuce, beans and spinach. No state in the Union does not have migrant workers."

Today, she said, the driver has replaced the cart drawn by a scrawny mule or a bony horse, and the number of migrant workers has grown. There are representatives of almost every European nation and also Japanese, Chinese, Filipinos, Mexicans, Negroes and Indians in the group.

"Don't think of them unkindly," Mrs. Sleeper admonished. "They would be fine people if they had the advantages you and I have."

Probably the thorniest part of the problem, she pointed out, is the fact that almost 80 per cent of these people are outsiders in the communities in which they work, taking employment away from those who belong to the community. They are, she said, a civic responsibility, an educational liability and a menace to health.

In a survey made of the children of sugar beet workers, it was found that they were three years retarded in education—a fact which will make them fertile ground for communism and other isms when they grow up, Mrs. Sleeper said. As for health, the migrant mothers have no knowledge of hygiene or of how to prepare food. The families sleep in crowded, filthy quarters, and tuberculosis and other communicable diseases take a large toll. Little children know and see all kinds of vice before they have hardly grown out of babyhood, and child marriages are common, she said.

At night the children just tumble into bed, and there is no thought of a story hour or of the prayers which other mothers teach their children or of the character-building discussions which they have with them when they put them to bed at night, Mrs. Sleeper said.

Attempts to solve. Attempts are now being made to solve the problem of the migrant workers by legislation and Christian community centers, she continued. Many of the social centers, in which the aim is to build character through supervised recreation, are directed by the Council of Women for Home Missions, in which 17 denominations participate. Part of the money raised each year on the World Day of Prayer goes to this work, she explained.

Mrs. Sleeper was introduced by Mrs. Herman Bardenhagen, who was toastmistress at the banquet. The program also included community singing, a toast to the daughters by Mrs. Herman Fitz, a toast to the mothers by Miss Anne Holtz; a violin duet by Grace Albrecht and Clara Dell Ginnow, with Ella Mae Arnold playing the piano; a humorous reading by Mrs. Herbert Baer; two vocal solos, "Mother Macree" and "Little Mother of Mine," sung by Mrs. Theodore Iron, accompanied at the piano by Mrs. Charles Freiberg; and a piano solo by Miss Helen Fitz.

Mrs. E. W. Wetzel, wife of the late pastor of St. John's Evangelical and Reformed church, and her daughter, Mrs. Theodore Iron, Oshkosh, were among the guests at the banquet.

Hunt Body of Man Who Drowned While Fishing. Milwaukee—A Coast guardmen searched today for the body of a man believed to be Alex Wojciechowski, 25, Cudahy, who fell off a pier and drowned while fishing in Lake Michigan yesterday, Alex Leonard Cudahy, said the man was pulled down by the undertow from the Lakeside Power plant.

RECOVER CHILD'S BODY. Superior—A posse of Boy Scouts and volunteers recovered late last night the body of Wayne Tenhouse, 2-year-old boy missing since yesterday. He had drowned in a pond a block from his home.

Choose from 40 different colors of our popular DRESS and AFGHAN YARNS \$2.50 & \$3.00 a pound. Appleton Superior Factory Showroom, Oneida St. Bridge.

REDUCE SAFELY. Says Noted Authority. Go to Walgreen's and get a box of "Water Tablets." Reduce 10 pounds in 10 days. Third-day treatment only \$2.50, and guaranteed to make you lose fat without starving. Adv.

Plan Party for High School German Club

Senior members of the Deutsche Verein, Appleton High school German club, will be feted at a farewell party Monday, May 24, at the Walter Schmidt cottage on Lake Winnebago. New officers will be installed after the picnic. Officers include John Killoren, president; Sansee Courtney, vice president; Ivis Boyer, secretary; Robert Schroeder, treasurer.

Priest Will Be Speaker At Banquet

THE REV. MICHAEL JACOWSKI of St. Boniface church, West De Pere, will be the speaker at the mother and daughter banquet which will be given by Young Ladies society of St. Therese church at 6:30 the evening of May 20 in the parish hall. Miss Helen Paltzer is chairman of decorations, Miss Maybelle Wood of tables, Miss Eldine Wiegand of food and Miss Virginia Brown of entertainment.

The sodality will have its monthly breakfast meeting following the 7:30 mass next Sunday morning. Hymns from earliest times to the present were discussed by Dr. Gilbert S. Cox, pastor of First Methodist Episcopal church, in a talk entitled "Songs of the Lowly" at the meeting of Women's Missionary societies Tuesday afternoon at the church. Thirty members were present. Mrs. Thomas S. Kepler led devotions and Mrs. H. L. Krieger sang a solo. Mrs. Olin Mead was in charge of mite box opening. A social hour followed the meeting.

Twenty-one tables of cards were in play at the party given by Group 3 of Christian Mothers society of St. Therese church Wednesday night at the parish hall. Prizes at schafkopf were won by Mrs. Joseph Griesbach, Mrs. D. Welhouse and Roland Hopfensperger, at bridge by W. N. Kimball and Mrs. Leo Campshire, at skat by Joseph Franke and Herman Radtke and at dice by Carol Schuh. Mrs. Ray Buesing won the special prize. Mrs. Al Utschig and Mrs. E. J. Subora were in charge.

Christian Mothers society of St. Therese church will sponsor rummage sale at 9 o'clock Saturday morning at the parish hall. Mrs. Melvin Grootmont is chairman. Articles are to be brought to the hall Friday afternoon.

Women's Christian Temperance Union will meet at 7:30 Friday night at the home of Mrs. W. S. Ryan, 724 S. Mason street.

Miss Regina Sauberlich discussed two chapters of the study book at the meeting of Young People's Missionary circle of Emmanuel Evangelical church Wednesday night at the home of Miss Marion Uebele, 309 N. Meade street.

Doris Rademacher discussed the topic, "Helping Others," at the meeting of Intermediate Luther League of Trinity English Lutheran church Wednesday night in the sub auditorium of the church. The next social meeting will be May 26 at the home of Virginia Lawson, Memorial drive, when Mary Greunke will have the topic.

last year and a half she has been employed as dietitian at St. Mary's hospital, Green Bay. Mr. Harmon is the son of Thomas W. Harmon, Marshalltown, Iowa, and Mrs. Ethel Harmon, Des Moines. Until recently he was employed at the Montgomery Ward store in Appleton. He now owns the Buck-O-Cleaner company which has its headquarters in Marshalltown. After June 1 Mr. and Mrs. Harmon will be at home in that city.

Plan May Queen Ceremony At College on Saturday

THIS week is a busy one for the Lawrence Women's association. Saturday morning the organization will be in charge of the serving of the annual May breakfast, a part of the Lawrence day activities, and Sunday afternoon it will present the traditionally lovely May Queen ceremony, when girls who have achieved honors during the year will be presented to the college May Queen, whose identity will be kept a secret until the ceremony.

The May breakfast will be served cafeteria style from 7:30 to 10 o'clock Saturday morning on the Ormsby hall terrace. No breakfast will be served that morning at the fraternity houses and dormitories, except at Russell Sage hall, so that most of the student body will attend the outdoor affair. The administration is paying for the breakfast tickets of the prospective students who will be guests of the college that day, and they will receive them when they register. If the prospect of eating on the terrace, with its view of the river, is not enough incentive to attend the breakfast, there is a menu including fresh strawberries, assorted cold cereals, hot pecan rolls, bacon, coffee and milk, that will probably bring the students out in a body.

Name Chairmen. Committee chairmen for the breakfast are Miss Anne Naylor, Winnetka, Ill., publicity; Miss Peggy Powers, St. Charles, Ill., food; and Miss Harriet Houck, Park Ridge, Ill., serving.

At 3 o'clock Sunday afternoon on Russell Sage hall terrace, the Lawrence College A Cappella choir, under the direction of Dr. Carl J. Waterman, will open the annual May Queen ceremony.

The queen, who was chosen by an all-college vote last week, will then be presented and crowned by Miss Margaret Badger, Chicago, last year's queen. Her court, consisting of one maid of honor and four attendants, will also be introduced at that time. Another number by the a cappella choir will follow, and then the honor girls, including Moritz, Phil Beta Kappa, W. A. A. trophy and Best Lovin' girls, will be presented to the queen and their honors read. The choir will close the program.

Followed By Tea. After the ceremony, which is to take place on a platform covered with a carpet of artificial grass, there will be a tea at Russell Sage hall in honor of Miss Marguerite Woodworth, dean of women at the college, who is leaving after this term to become dean of women at Oberlin, and the board of the Lawrence Women's association.

In case of rain, the breakfast Saturday will be held indoors at Ormsby, and the May Queen ceremony Sunday will take place in Lawrence Memorial chapel.

Give the BRIDE one of our BLANKETS — the gift that will last a LIFE time — 100% Virgin wool, 72x84 inches \$7.95 to \$10.00. Others for CAMP or home as low as \$3.95. Appleton Superior Factory Showroom, Oneida St. Bridge.

Mrs. Banta Gives Topic Before Club

THE French novelist, Anatole France, was discussed by Mrs. George Banta, Jr., as the Wednesday club continued its discussion of representative French literature at its meeting yesterday afternoon at the home of Mrs. T. E. Orison, 214 S. Rankin street. The club will complete the study when it meets May 26 at Mrs. Banta's home in Menasha, and on June 3 it will close the season with a luncheon at Riverview Country club. Miss Marguerite, dean of women at Lawrence college, will be the speaker. The club's officers for next year are Mrs. T. E. Orison, president; Mrs. Benjamin H. Russell, vice president; and Mrs. Frank J. Harwood, secretary-treasurer.

Members of the Fortnightly club had interesting programs throughout this season, but after yesterday's final meeting they decided that the best had been saved for the last. Mrs. C. J. Pope of Oshkosh presented the program, giving a dramatic reading of the play "Jane Eyre," and the fact that she had seen Katharine Hepburn appear in the stage production probably helped to make her reading of it particularly vivid. Mrs. Pope is a sister of Mrs. W. D. Schläfer, Appleton, a member of the club. The meeting took place at the home of Mrs. E. F. Mielke, 908 E. Hancock street, and opened with a 1 o'clock luncheon. Mrs. Leonard De Long, Mrs. Joseph Benton, Mrs. George Wettengel and Mrs. W. D. Schläfer assisted Mrs. Mielke as hostess. Twenty-three women were present.

Mrs. A. B. Fisher, 416 E. Washington street, entertained members of Appleton Women's club chorus and other guests at a bridge-dinner and program last night at her home. About 35 persons attended. The chorus sang a group of numbers, and prizes at bridge were won by Mrs. Ellen Foote, Mrs. W. F. Keim and Mrs. J. H. Kutz.

W. W. C. club met Wednesday night at the home of Miss Mary Krahn, 204 N. State street. Prizes at a game of cards went to Miss Mary Jane Verwey and Miss Margaret Ertl. Other members present were Helen Weddig, Dolores Kern, Naomi Neugebauer, Genevieve Schaefer, Norene Stier and Mary Krahn. In addition to the dice game, an amateur hour provided entertainment. Next Wednesday the club will meet at Miss Schaefer's home, 602 W. College avenue.

Plans for giving the Campion scholarship examination sometime next week were made at the meeting of Campion Mothers club Tuesday afternoon at Butte des Morts golf club following a luncheon. Mrs. Ervin Hoffmann was hostess and 10 members were present. The final meeting for the year will be held next Tuesday when Mrs. John Balliet and Mrs. S. A. Konz, Sr., will be hostesses.

Alpha Delta Pi sorority alumnae will have a dessert meeting at 7 o'clock tonight at the home of Mrs. Karl Haugen, 1047 E. Nevada street. On Saturday about 12 members of the local alumnae club will meet with the Milwaukee city club of the sorority for a Founder's day luncheon at the College club in Milwaukee. Motion pictures taken last spring of the Lawrence college active chapter will be shown following the luncheon.

Parties

Phyllis Mae Meyer, 815 E. Winnebago street, entertained 11 little guests Wednesday in honor of her ninth birthday anniversary. Games were played and each child received a gift. Those present were Margaret Saeker, Barbara Zierke, Marion Meyer, June Sanders, Jessica Schneider, Betty Jahnke, Jimmy Hoel, Jimmy Loveland, Roger Jahnke, Otto Jahnke and Merrill Mooks.

Out-of-town guests at the luncheon which Mrs. William Buchanan gave Wednesday afternoon at her home on E. Alton street were her mother, Mrs. H. C. Breneman, Cincinnati, Ohio, and Mrs. Frank Stowe, Berkeley, Calif., who is visiting here at the home of her daughter, Mrs. Thomas N. Barrows.

Several little girls surprised Beverly Dorschner, 1619 N. Alvin street, Wednesday afternoon on the occasion of her eighth birthday anniversary. Games were played and prizes were won by Mary Jane Greunke, Audrey Hodzden and Therese Dorschner. Other guests were Jean Cunningham, Carol Bartman, Joan Bartman, Catherine Dorschner and Alice Dorschner.

Miss Geraldine Leinwender, daughter of Mr. and Mrs. George Leinwender, 202 E. McKinley street, who is assistant secretary to Congressman George Schneider of Appleton, will be one of the guests at the garden party which the President and Mrs. Franklin D. Roosevelt will give Saturday afternoon on the White House lawn for the secretaries of the congressmen.

Julia Vosters, Little Chute, was surprised Sunday afternoon by a group of her friends in honor of her ninth birthday anniversary. The guests were Julia Weyenberg, Rita and Alice Nichols, Ursula, Lillian and Bernice Vosters, Clarence Weyenberg, Cyril Nichols, Louis and Marvin Vosters and Verna Hietpas of Green Bay.

Judasamer club held its final meeting for the season last night at the home of Mrs. Herman J. Giesbers, Foster street. Serving and cards provided entertainment. The members include Mrs. Lynn Sheldon, Mrs. Joseph Becker, Mrs. William H. Becker, Mrs. Peter J. Moller, Mrs. Erwin Hantschel, Mrs. B. J. Overesch and Mrs. R. Vandenberg.

Teachers of Lincoln school and the administration staff of the Appleton Public Schools are planning a social for the coming year.

THESE GIRLS MAKE ARRANGEMENTS FOR CHARITY DANCE

Young Appleton will dance for "sweet charity" Friday night at Elk hall when the Little Women's circle of King's Daughters sponsors a charity dance. With Mr. and Mrs. Ray Peterson and Mr. and Mrs. H. F. Lewis as chaperones, the guests will dance from 8:30 until midnight. Miss Betty Brown, left, daughter of Mr. and Mrs. Perry Brown, 726 E. Eldorado street, is in charge of high school publicity for the dance. Miss Elizabeth Catlin, center, daughter of Mr. and Mrs. Mark S. Catlin, 322 South court, is a member of the ticket committee, and Miss Helen Lewis, right, daughter of Mr. and Mrs. H. F. Lewis, 514 N. Drew street, is arranging college publicity. (Post-Crescent Photo)

Linen Shower Is Held in Honor of Veronica Becher

Miss Veronica Becher, whose marriage to Dr. Ferdinand Rankin, Madison, will take place June 16, was honored at a linen shower last night given by Miss Florence Rankin and Mrs. Hector Dachelet at the home of the former, 1315 N. Superior street. Miss Becher is the daughter of Mr. and Mrs. Joseph J. Becher, 1101 W. Fifth street, and Dr. Rankin, who will be graduated from the University of Wisconsin medical school in June, is the son of Mr. and Mrs. John Rankin, 1315 N. Superior street.

Court whist was played and prizes won by Miss Florence Otto, Mrs. William Pop and Mrs. Henry Dachelet, Jr. Other guests included Mrs. Rolfe Whitman and Mrs. Carl Rischel, Menasha; Mrs. Anton August, Mrs. Stanley Smarzynski, Mrs. Willard Ferron, Mrs. Roman Wenzel, Mrs. Edward Eick, Mrs. Louis Rankin, Mrs. Harold Young, Mrs. John Schreiber, Mrs. John Rademacher, Mrs. Oscar Dorn, the Misses Edna Keilwitz, Lucille Krabbe, Mary Margaret Theiss and Bernice Manier.

Members of Girl's Gymnasium Classes Hold Party at Lake

Ping pong, volleyball, softball and cards provided entertainment last night for 30 members of Y. M. C. A. girls' gymnasium classes when they

pleton public schools had a dinner party Wednesday night at the Morrison home on Stony beach, near Oshkosh. Arrangements had been made by a committee consisting of Miss Carrie Morgan, chairman, Miss Vlasta Schlehofer, Miss Fern Hovde and Miss Anna Sullivan.

Appleton Art Students Win Honors in National Exhibit

DRAWING color drawings submitted by Billie Kolb, Roosevelt Junior High school student, and Marshall Bailey, senior high school student, have been included in a traveling exhibit prepared by the Binney and Smith Art company, New York City. The display of student drawings is now being featured at the Western Arts association meeting at Toledo, Ohio.

The Appleton students' drawings were entered in the art company's annual exhibit at Rockefeller Center recently and were selected by judges as being among the 100 best drawings submitted by parochial, private and public school students. More than 4,000 drawings were entered.

Ann Smith, Roosevelt Junior High school, and Valia Rather, held a party at the H. C. Getchow cottage on Lake Winnebago. A team captained by Pearl Leinwender defeated Hildegard Laux's squad in the finals of the softball tournament while Betty Rietler's team was winning over Mrs. E. N. Krueger's aggregation in the volleyball meet. Mabel Jensen won the ping pong round robin tourney. After dinner, schafkopf, bridge and monopoly were played. Emblems were awarded Mamie Root's volleyball team for winning first place in the Y. M. C. A. league during the winter.

Girls voted to select four teams of city girls to participate in a softball league at Jones park. The season will start the first week in June. Tennis and golf tournaments also will be sponsored by the girls during the summer.

Wilson Junior High school, also had drawings in the annual exhibit at New York but their work was not selected for the traveling display.

Miss Kolb's winning drawing is a stylized picture of a Dutch flower girl with her cart and flowers while Marshall Bailey's entry is a conventionalized sea design which was worked out in dry color by means of stencils. Both drawings have been photographed and will be used as reproductions in an illustrated book soon to be published by the art company.

Cuthbert Ryan is the junior high school art instructor and Peter Giovannina is the high school art director.

Prepare to Move First Families to Parklawn

MILWAUKEE (AP)—The first families will move into Parklawn, a government low cost housing project, about June 1. Leo J. Voell, state PWA director, said today. More than 4,000 families have applied for housing. Parklawn, on Milwaukee's northwest side, can shelter 518.

Mrs. Sigman Named Head Of Hadassah

MRS. ABRAHAM SIGMAN was elected president of Appleton chapter of Hadassah, National Jewish Women's society, at a meeting Tuesday afternoon at Appleton Women's club. Mrs. D. Jacobson was chosen vice president. Mrs. Joseph Bailin was named secretary and Mrs. Harry Bliss was elected treasurer, while Mrs. Harry Burstein, Neenah, and Mrs. Adolph Hamilton were named first and second directors-at-large, respectively. Mrs. Henry Chudacoff, Neenah, was chairman of the nominating committee and presented its report. Mrs. Sigman was acting president and Mrs. Hamilton acting secretary in the absence of the regular officers.

The new by-laws were read by Mrs. Sigman and an informal discussion of current events took place. Plans were made for a luncheon June 8 at which Mrs. Harry Berkman, Chicago, national officer, will be speaker. Twenty-three members attended the meeting.

Dr. C. A. Eisentraut, Appleton dentist, will speak of his work in Labrador at the meeting of the Valparaiso club, women's auxiliary to Lutheran University association, at 7:30 Friday night at the home of Mrs. A. H. Blankenburg, 1033 W. Oklahoma street. Election of officers will be held also.

Miss Dorothea Carter, Clintonville, will give a reading and Mrs. B. E. Mayerhoff will be assistant hostess.

Plans for a basket picnic to be held June 9 at Erb park were made

Special Awards are Made To Members of Girl Scout Troop at Court at School

JUNE KUEHMSTED, daughter of Mr. and Mrs. A. O. Kuehmsted, received a first class badge as a climax to the Girl Scout court of awards for Troop 11 of Roosevelt Junior High school Wednesday evening. June also received several proficiency badges for her work this year, among them two silver stars, one gold star, dressmaker badge, swimmer, needlewoman, observer, Girl Scout aide, hostess, healthwinner, child nurse, housekeeper and

laundress badges. She is the first scout of her troop to become a first class scout.

Second class badges were awarded to the following: Ruth De Braal, Jayne Nixon, Betty Gehrke, Betty Kletzien, Betty Fennel and Miriam Carlson.

Proficiency Badges

Proficiency badges in various scout skills were earned by the following girls: Ruth DeBraal, hostess, child nurse, laundress, housekeeper, dressmaker, needlewoman, and silver star; Billie Kolb, swimmer, laundress, housekeeper and hostess; Mary Lou Courtney, hostess; laundress, housekeeper, musician and scholarship; Jean Watson, hostess, laundress, housekeeper; Dorothy Bailey, swimmer, hostess, child nurse, laundress, housekeeper, needlewoman and dressmaker; Nancy McKee, laundress housekeeper, musician and artist; Norma Crow, hostess, laundress housekeeper and artist; Ann Smith, hostess, laundress, journalist, housekeeper, artist and home nurse; Francis Wheeler, life saver, needlewoman, laundress, swimmer, housekeeper, healthwinner and hostess; Lois Whelan, hostess, housekeeper, artist; Miriam Carlson, hostess, laundress, cyclist, housekeeper, artist, silver star; Betty Fennel, swimmer, hostess, child nurse, laundress, housekeeper; Betty Kletzien, hostess, scholarship, housekeeper, artist; Jayne Nixon, swimmer, hostess, child nurse, laundress, housekeeper, artist, home nurse; Betty Gehrke, hostess, laundress, housekeeper and artist; Barbara

Jane Rosebush, hostess, child nurse, laundress, scout aide, housekeeper, and dressmaker; Karlynn Courtney, laundress, journalist, housekeeper, artist and photographer.

Rose Welch and Marne Graff were invested with tenderfoot pins during the court of awards ceremony. Proficiency badges were presented to the girls by Mrs. H. A. Rothchild of the badges and awards committee of the local council. Tenderfoot, second and first class badges were presented by Miss Dorothy Calnin, local director.

The program was in the form of a regular scout meeting with patrol meetings, demonstrations of scout activities, games and singing. Problems in knot tying were demonstrated by each patrol. Barbara Jane Rosebush gave a demonstration of first aid and June Kuehmsted gave a demonstration of signaling.

A part of the program two girls who received musician badges played. Nancy McKee gave a flute solo, accompanied by her mother, Mrs. Carl McKee, and Mary Lou Courtney played a piano solo.

Girls who received their hostess badges served refreshments following the program under the direction of members of the troop committee. Mrs. F. F. Wheeler, Mrs. A. O. Kuehmsted, Mrs. William Crow, Mrs. V. J. Whelan, Mrs. A. F. Kletzien.

List of Guests
Guests at the court of awards included Mrs. Homer Benton, Girl Scout commissioner; Mrs. Milton Townner, chairman of the training and personnel committee of the council; Mrs. H. A. Rothchild of the badges and awards committee, and a large group of parents and friends of the Girl Scouts.

The leaders of the troop, Miss Martha Rodda and Miss Virginia Shannon, were given gifts from the troop by June Kuehmsted who spoke for the troop in appreciation of their leaders.

2 School Nurses Spend 352 Hours On Duty in April

200 Visits Made to Pre-school and School Children Last Month

Miss Mary Orbison and Miss Lina Johnson, school nurses, spent 352 hours on duty during April with their work including 126 hours in field visits and 176 hours in school. The two nurses were engaged in educational work for 22 hours and in administrative work for 18 hours during the month.

While doing field work, the nurses made 200 visits to preschool and school children and four visits to adults. Field work included visits for non-communicable diseases 90, visits for communicable diseases 114, visits in behalf of patients 24, visits for social service 1, visits where patient was not ill 8, visits where patient was not seen 21.

The nurses attended four meetings during the month and made 17 organization visits. Nine office interviews also were held. Six thousand children were under the nurses' supervision in the 19 schools given nursing service. Eighteen days were spent in teaching.

School health work included school visits 248, health inspections 193, inspections for communicable disease 38, special inspections 423, first aid 11, children recommended for exclusion 8, apparently normal children 150, children with defects 46.

Defects reported include nutrition 13, posture 2, vision 8, teeth 38, nasal passages 8, throat 16, glands 2, speech 7. Corrections made during the month were vision 3, teeth 16, throat 2.

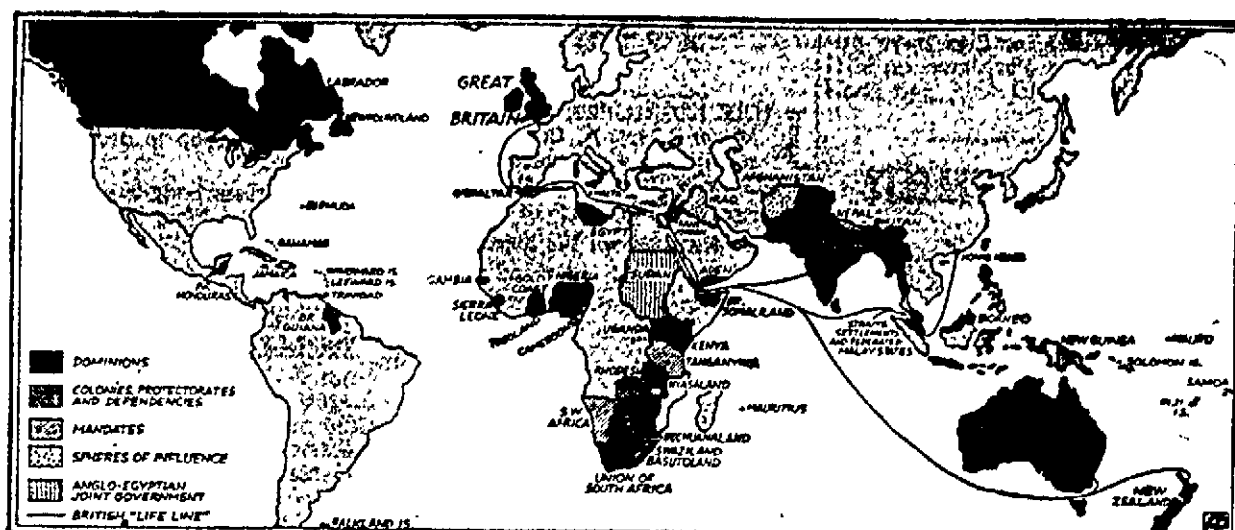

No Traffic Fatalities

In 26 Counties in State

Madison—(P)—Twenty-six of Wisconsin's 71 counties reported no traffic fatalities during the first four months of the year, the state highway commission announced today.

The counties were Walworth, Door, Shawano, Adams, Waushara, Polk, Marquette, Grant, Lake, Monroe, Trempealeau, Pierce, Pepin, Clark, Langlade, Forest, Florence, Vilas, Bayfield, Ashland, Washburn, Rush, Crawford, Richland, Grant, Iowa and LaFayette. Green, Kewaunee, St. Croix and Burnett counties reported their first traffic fatalities of 1937 in April.

Britain's Taking Steps in Effort To Weld Together Empire Defenses

SUN NEVER SETS . . . This is the empire Britain would have to defend in event of war.

London—(P)—Britannia, knee deep in a rearmament drive, will look further to empire defense when political leaders convene in imperial conference on May 14.

The problem of safeguarding the vital communications of the empire has become increasingly complicated. Reasons which kept the Mediterranean open during the World war no longer apply. Italy's strengthened navy, the alliance, real or potential, of Italy and Germany, the new importance of military aviation—all are factors to be reckoned with now.

To Plan For Future
At present the self-governing units of the empire are responsible for their own defense, in accordance with principles laid down at previous imperial conferences. They have a direct responsibility for providing naval bases, uniformity in air defenses, and protection of maritime communications. But they are not asked to contribute to a common defense fund.

To what extent the conference will be used to coordinate empire defense is not known. There are reports that nothing so formal as a coordination committee will be set up, that the meetings will be limited to reports and discussion of cooperation as it may be worked out later.

At any rate, it will permit the dominions to discuss, outside the conference table proper, the extent to which they are willing to aid each other in time of need.

It is taken for granted, too, that Mediterranean defense will come in for much discussion. Rumors of

last year that Britain would abandon the Mediterranean, in event of hostilities, and resort to maritime communications via South Africa have been effectively discounted.

The Mediterranean's new importance in air communications between Britain and the east is sufficient to warrant a firm hold.

Aviation Big Point
Incidentally, the question of aviation—both civil and military—in the defense scheme will be another major point of conversation.

Full details of rearmament and foreign policy will be brought out, and sandwiched between defense

sessions will be periods devoted to trade, shipping, constitutional questions, et cetera.

Prime Minister Baldwin is expected to open the conference, which probably will be presided over by Chancellor of the Exchequer Chamberlain.

FORMER MANUFACTURER DIES
Lake Mills, Wis.—(P)—William G. Schultz, 70, former Watertown manufacturer, died at his home here yesterday. He had been in poor health several years.

Rummage Sale, Episcopal Ch., 9 A. M., Fri., May 14.

Board Issues List Of State Deaths

Heart Disease Blamed as Leading Cause of 33,213 Deaths in 1936

Madison—(P)—The state board of health announced an analysis today showing heart disease was the leading cause of 33,213 deaths recorded in Wisconsin in 1936.

Pulmonary ailments claimed 8,464 lives, an increase of 1,788 over the average for the preceding six years.

Tuberculosis, ranked seventh as a death cause, took 1,048 lives. The total, 240 less than average, was the only decrease among the seven leading death causes.

The board attributed an increase in accidental deaths chiefly to the 459 fatalities caused by excessive heat. Accidental deaths totalled 2,802, or 587 above average.

Other leading death causes, their totals, and comparison with a six year average, follow:
Cancer 3,895, up 303; cerebral hemorrhage 2,886, up 286; pneumonia 2,275, up 328; nephritis 2,047, up 15.

Please Drive Carefully

Poultry Range House To be Built at Meeting

A farm meeting on summer care of poultry and on construction of poultry range houses will be held at Center Valley at 2 o'clock Friday afternoon, according to R. C. Swanson, county agent.

Prof. J. B. Hayes of the poultry department and S. A. Witzel of the engineering department of the university will be in charge and a range house will be built at the meeting.

WHAT YOU SAY GOES— if you say BUICK!

This year, good things come in eights—get into this bellwether Buick and the other fellow will know who's lead-off man in your neck of the woods!

You're boss of the bunch when you ease in gas to the great valve-in-head straight eight, ablest engine of its size anywhere in the world. It's soft of voice but it packs authority—there isn't any fooling when it has work to do!

You're the envy of all eyes, garbed in Buick's princely style—handling these ready controls is the softest job in the whole wide world.

You stream down the straightaway—soar over the tallest hills—you sweep around the corners and curves erect as a dowager making her entrance—why even the back seat's chatterproof, so sweetly, smoothly, serenely does this road-wise car conduct itself!

You can't hurt it—it's built rugged and stout as Buick always has been—but still we say, handle with care! For so instant-quick is its lift to your toe-touch, so quietly easy will it outwing the birds, that you never have to force it to make your distance safely with time to spare.

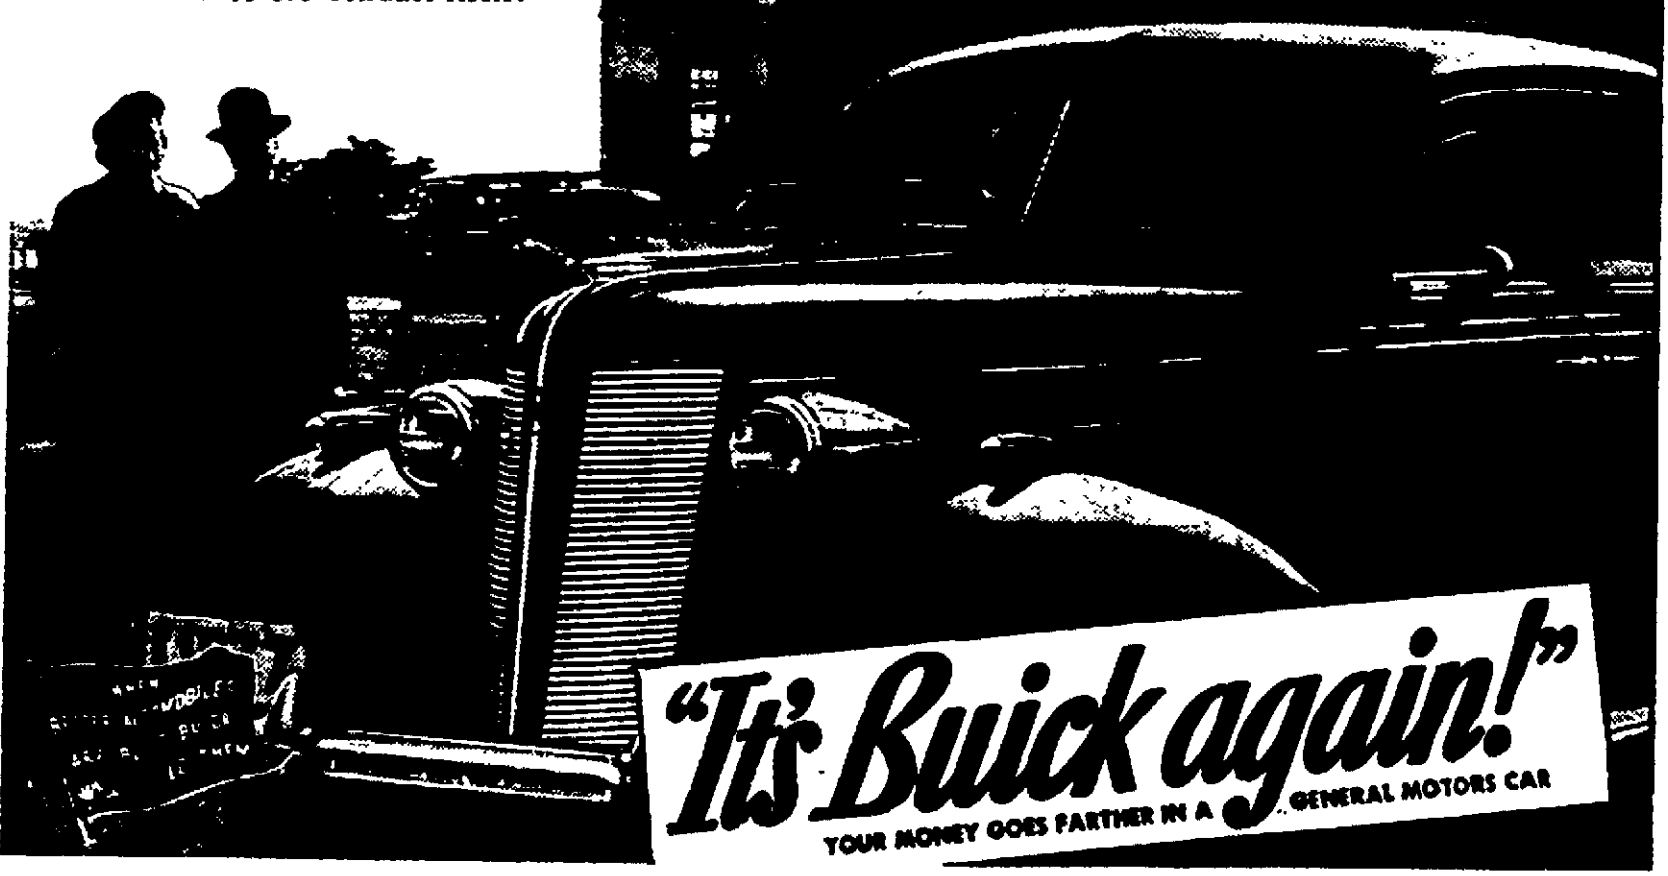

This year say Buick—and whatever you say on the open road will go with the whole parade. Its purchase is as easily managed as its feather-light controls—for today Buick is priced at the lowest figure in history.

Your cue now is to see us. Do that without delay and you'll hold the center of the stage all summer long!

NO OTHER CAR IN THE WORLD HAS ALL THESE FEATURES

- ★ VALVE-IN-HEAD STRAIGHT-EIGHT ENGINE
- ★ ANODIZED PISTONS
- ★ AEROBAT CARBURETOR
- ★ SEALED CHASSIS
- ★ TORQUE-TUBE DRIVE
- ★ UNSTEEL BODY BY FISHER
- ★ TIPTOE HYDRAULIC BRAKES
- ★ KNEE-ACTION COMFORT AND SAFETY
- ★ "HIGH OUTPUT" GENERATOR
- ★ JUMBO LUGGAGE COMPARTMENTS
- ★ DOUBLE STABILIZATION
- ★ SAFETY GLASS

LOWEST BUICK PRICES EVER! At today's prices, a big Buick valve-in-head straight eight costs little more than the average six cylinder low priced car! Compare delivered prices and know how little more Buick costs than the average six cylinder low priced car!

Set Up Tentative Schedule for Park Program This Year

Recreation Board Outlines Rules for Governing Summer Events

New London — A tentative time schedule for the 1937 City Recreation program and rules and regulations governing the use of New London public parks and playgrounds were set by the recreation board at a meeting at the high school this week.

Greatest interest and the major part of the program centers in the new swimming pool at the Hatten Community Recreation park which is expected to open about the first part of June. A general adult admission price of 10 cents was decided upon, with use of the pool free to children under high school age in accordance to the time schedule of hours set up.

The general recreation program extends from June 7 to Aug. 15, though the pool will remain open until about Sept. 1 according to plans of the board. It is planned to use W. P. A. and N. Y. A. employees to assist in supervision of the pool and parks. All phases of the program to be under the direction of R. M. Shortell, city recreational director.

Cite Regulations
Regulations adopted by the board require that permission to use any public park or playground must be secured by a written request to the board and definitely granted by that body. A definite time schedule of days and hours will be arranged and a detailed activities program announced later. Managers of teams, league officials or any recreational group must present their requests to the city recreational director, R. M. Shortell.

On the recently authorized parks and recreation board are Harold Pieper, chairman, William Litts and Otto Stern, aldermen; E. H. Smith, vice-president of the school board; H. H. Helms, superintendent of schools; and Recreational Director Shortell.

Swimming Schedules
Adult men and women will be charged 10 cents admission to the swimming pool at all times when the pool is available to them. Children under six years of age will not be allowed in the main pool except when accompanied by their parents during the adult swim periods, otherwise they will be restricted to the children's wading pool.

There will be three swimming periods during the day: morning, afternoon and evening. The forenoon period from 9 o'clock to 12 o'clock will be reserved for charges for the young people between the ages of six and senior high school age. Boys only will be allowed on Mondays, Wednesdays and Fridays; girls only on Tuesdays and Thursdays; boys and girls on Saturday. There will be no morning or evening swim period on Sundays, but the single afternoon schedule will be extended from 1:30 until 6 o'clock.

Charge Admission
Admission will be charged every afternoon from 5 o'clock until 9 o'clock. This period will be set aside on Mondays, Tuesdays, Thursdays and Fridays for adult men and women and senior high school boys and girls who present a signed statement from an employer stating that they work in the morning. Wednesday afternoon will be ladies day when only women, including senior high school girls who work, will be allowed in the pool. On Saturday and Sunday afternoon everyone will be allowed for a charge of 10 cents except children under seven years of age unless accompanied by parents.

Playground Regulations
When the swimming pool is barred to them, playgrounds will be available to the children every day except Saturday afternoon and all day Sunday. At Lincoln and McKinley schools there will be supervised play under an attendant for children six years of age and under. The attendant will be in charge of the children with the attendant those places at the scheduled time.

An attendant will be present at Lincoln school from 9 o'clock to 12 o'clock each weekday morning and at McKinley school from 2 o'clock until 5 o'clock each afternoon except Saturday.

At Washington High school the morning playground period from 9 o'clock until 12 will be an open play period with an attendant on the grounds but no supervision. Boys and girls will be free to play as they choose during that period. From 1:30 to 5:30 in the afternoon there will be supervised activities for ages 7 to 18. Adults will have

Use Sound System to Give Effects in School Play

Boys Athletics Group to Elect Officers May 19

New London — The Boys Intramural Athletic association at Washington High school will hold its first fall election of officers Wednesday, May 19. Nominations made by the board of control this week are: president, Richard Thorn; vice president, Warren Spurr; secretary, George Demming.

Two additional nominations will be heard from the floor. The president and secretary must be members of the junior or senior class and must not be a member of a varsity athletic squad.

Knapstein Brews Open Home Season Against Marion

New London — The Knapstein Brews will start the baseball season in New London Sunday afternoon when they cross bats here with Marion, a newcomer in the Wolf Valley league, in the first home game of the season. Boasting the youngest team in the league, the Brews lost 3 to 2 in the first inning of their first game at Weyauwega last Sunday but promise plenty of trouble for the rest of the teams before the season is far along.

Manager Polaski has not yet decided on the lineup for Sunday's game but the start likely will show Beckert and Krohn as the battery with big Pete Westphal in reserve. R. M. Shortell, city athletic director, has loosened up his baseball prowess in practice the past week and may appear at first base with Magulski or Huzzar.

Sweedy or Polaski will hold second and Demming will be at his old post at shortstop. Tip Krohn will be at third. In the outfield are Schimpke, Edminister, Watkins and Lathrop.

The Brews is the only team supported by New London this year and the lineup consists entirely of New London boys. There have been no definite plans announced yet for opening day ceremonies.

Place New Books In Circulation

New London Library Buys Volumes About England's New Royal Family

New London — Two new books on the new royal family in England will be placed in circulation for grade school children at the New London public library Friday. It was announced today by Miss Irma Hilde, librarian.

The first volume, "The Princess and Her Dogs" contains reproduced photographs of the Princess Margaret Rose and her sister, and their majesties King George VI and Queen Elizabeth. The book was published with the approval of the English government and is claimed to be the only pictorial record of its kind in existence. "Long Live the King," the second book, also is a picture story and includes the English rulers from ancient times to the present day.

Books for adults that will be placed in circulation are the screen version of "Camille" the novel by Alexandra Dumas; "Mrs. Meigs and Mr. Cunningham," a sequel to "The Young Mrs. Meigs," by Elizabeth Corbett, a native of Milwaukee; and "Sagittarius Rising," an account of an English war ace's experiences in the World War and in teaching flying in China.

New London Society

New London — The following delegates were named at a meeting of the Veterans of Foreign Wars auxiliary, Tuesday night, to represent the New London group at the annual encampment at Wausau in June: Mrs. Martin Abraham, Mrs. Henry Mumm, Mrs. A. L. McAndrews, Mrs. Floyd Emmott and Mrs. Fred Poppy. Alternates are Mrs. Walter Toepke, Mrs. Ellsworth Frank, Mrs. Herbert Shaw, Mrs. George White and Mrs. George Beckert. Mrs. E. J. Schoenrock, president, will represent the auxiliary at the eighth district council meeting of auxiliaries at Green Bay next Sunday.

Plans for initiation May 25 were made by the New London Rebekah lodge at the regular meeting at the Odd Fellow hall Tuesday evening. Members of the Clintonville lodge will be invited to the initiation and the New London degree staff will carry out the work.

The New London Rural Parent-Teachers association will sponsor a public dance this evening at the Bowers, one mile north of New London on Highway 45. Miss Theresa Hoffman, teacher of the Oakwood school, made arrangements for the dance.

Mrs. John Eggers and Mrs. Bernard Bull won the prizes at five hundred at the social following a short business meeting of the Women's Catholic Order of Foresters at the parish hall Tuesday evening.

Survivors are one sister, Mrs. Mary Feathers, New London, and one brother, William Delano, New London. The funeral will be held Saturday afternoon with services at the Cline and Learman Funeral home at 2 o'clock. Burial will be in the Ostrander cemetery.

Please Drive Carefully

Medical Society Auxiliary Meets At Elwood Hotel

7 New Members Admitted To Waupaca-Shawano County Group

New London — Seven new members were received into the Waupaca-Shawano County Medical Society auxiliary at a 1:30 luncheon and business meeting at the Elwood hotel yesterday afternoon. Twenty-two members were in attendance and Mrs. C. A. Harper, Madison, state president of the society auxiliaries, was present for the occasion.

Mrs. Harper told of the purpose and aims of the state organization and the business meeting was given over to completion of the county organization, which was formed last February.

The new members entering the group are Mrs. F. M. Mulvaney and Mrs. Roy VanSchlaick, Marion; Mrs. Irving Auld, Clintonville; Mrs.

P. J. Christofferson, Waupaca; Mrs. C. Stubenvold, Mrs. Arthur Cantwell and Mrs. L. Peterson, Shawano.

Mrs. J. H. Murphy, president, presided at the meeting. Other officers are Mrs. F. J. Pfeifer, New London, president-elect; Mrs. W. H. Finny, Clintonville, secretary; and Mrs. M. O. Boudry, Waupaca, treasurer.

Plans were made to accompany doctors to the sixth district meeting of the Wisconsin State Medical society at Appleton on May 25 as guests of the Appleton auxiliary. An invitation has been extended by the Appleton group.

Called To Plant

New London — Fire in a blower conducting sawdust and shavings to the Odd Fellow hall Friday afternoon. Plans will be made for Memorial day observance.

The Women's Relief corps will hold a regular business meeting at the Odd Fellow hall Friday afternoon. Plans will be made for Memorial day observance.

Washington High School to Send 23 Boys to District Field Meet

New London — A strong aggregation of 23 boys will represent New London high school at the district field and track meet at Green Bay tomorrow afternoon. With only two meets tucked victoriously behind them the Washington High school tracksters have been practicing hard on the school grounds each night to make the qualifications for the state meet. The first three place winners will be eligible.

The Red and White have shown well in the jumps, weights and dashes but have suffered in the distance runs with much improvement in that section the past week. The following have proved their ability in the various events and will meet the test against a large field at West Green Bay high school Friday:

List of Contestants
100 and 220-yard dash—Bernard Braut, Victor Barlow, Ned Demming.
440-yard — Phil Clark, Francis Meinhardt, Harold Goltztrau.
880-yard — Robert Wilkinson.

foot slide, a swing, a pair of swinging rings and a see-saw. A new volleyball also has been provided and nets will be strung. The new equipment was purchased and donated by the Senior sodality of the parish with part of the cost contributed by boys of the school from funds they accumulated last fall from the sale of religious papers each Sunday.

YOU SEE THEM ON THE ROADS

Come See Them For Yourself FOR PROOF OF Extra Value

THE GREATEST TIRE EVER MADE TO SELL AT THESE LOW PRICES

COME in, examine a cross section cut from a Firestone Standard Tire, then examine the deep-cut, non-skid tread and see how much extra value you get. You will quickly understand why more and more car owners are equipping their cars with these tires. You will agree that never before have you seen so much quality, so much built-in mileage and so much safety at so little cost. You will find the Firestone Standard Tire is made safer from blowouts with the Firestone patented process of Gum-Dipping. The patented construction of two extra layers of Gum-Dipped Cords under the tread protect against

punctures and bind the tread and cord body into one inseparable unit. The wider, flatter tread with more rubber on the road will give you longer mileage and greater protection against skidding. Firestone is able to give you all these extra values because Firestone Standard Tires are built in such large quantities that great savings are made in production.

Don't drive another day on thin worn tires that are dangerous and may cause an accident. Join the Firestone SAVE A LIFE Campaign by equipping your car with Firestone Standard Tires—First Grade Quality at Low Cost.

Buy Firestone STANDARD TIRES TODAY AND SAVE!

YOU SAVE yourself and your family from dangerous accidents because Firestone patented construction features give you greatest blowout protection and safety from skidding.

YOU SAVE because Firestone Standard Tires give you low initial cost and lower cost per mile.

YOU SAVE by buying now as tire prices are advancing. The price of crude rubber has gone up 110% and cotton more than 26% during the past two years. BUY NOW AND SAVE.

YOU SAVE BECAUSE THE WIDER, FLATTER TREAD GIVES LONGER NON-SKID MILEAGE AND PREVENTS SKIDDING

YOU SAVE BECAUSE TWO EXTRA LAYERS OF GUM-DIPPED CORDS MAKE THE TIRE MUCH STRONGER

YOU SAVE BECAUSE THE GUM-DIPPED CORD BODY GIVES GREATEST BLOWOUT PROTECTION

DON'T RISK YOUR LIFE ON THIN WORN TIRES

Protect yourself and your family from the danger of driving on thin worn tires which may cause a serious accident.

DO YOU KNOW
THAT last year highway accidents cost the lives of more than 38,000 men, women and children?
THAT a million more were injured?
THAT more than 40,000 of these deaths and injuries were caused directly by punctures, blowouts and skidding due to unsafe tires?

Below is a section cut from a smooth, worn tire, which shows the non-skid protection worn off. Tires in this condition are more liable to punctures, blowouts and skidding.

Below is a section cut from a new Firestone Tire. Note the thick non-skid protection against skidding, blowouts and punctures. Come in today and see by actual demonstration.

EVE'S ORCHARD

By MARGARET WIDDEMER

SYNOPSIS: Eve Manners-field and gay, city-loving Denny Carter are on the verge of marriage when they quarrel and he walks out. Eve stays in her 280-year-old Connecticut house with kind old "Uncle" Henry and serious little Judge Featherstone whose parents have deserted him. Her savings gone. Eve resumes her aunt's baking business. A shattering letter tells her Denny is to marry wealthy Mitzel. Work and the encouragement of her steady, dependable neighbor, George Cleveland, who loves Eve, keep her going.

Chapter 35
Eve Bakes and Sings
JULY and August and still the routine of the baking, the routine of the old house, and being kind to the old man and little boy, and making - strangely - new friends. Finding herself pulled back into the village's rhythm because she was Aunt Lina's niece and the Grange, the book club, all the civic activities which had owed so much to her aunt, expected her to do what her aunt's niece would do. So she did; it was something to do.

"I couldn't have done differently," she told herself, working alone through the sunny mornings at her kitchen window. She did not mind thinking about things now. At first it had hurt to think. Now it made things smoother, clearer. "I couldn't have set Judge adrift in the condition he was in. I couldn't even go off and quit on Uncle Henry now, bless his heart."

She had saved a child, to grow up and be sound and right-minded and intelligent in a world that needed such children badly. She had kept a proud, decent old man from unhappiness and dependence. At least her unhappiness had not been in vain. It did not make her happy to feel this. But it made her feel safe. It made her feel right with herself. She had done what she

old house made her do, the old house whose people had always stood for right first, for decency first. Whether or not she was ever happy again, she knew dimly that in the end she could be content.

"If this happened to me," she thought, "in the city, I couldn't have borne it. Out here I can." For the house was behind her. The house forgave her and took her back after her years of forgetting it.

She was young and strong and normal. After a while she could forget some of the time, and laugh naturally, and be gay sometimes without pretending.

Ellen came and went. Usually she brought some young actor with her. Barely the same one twice. They would make a foursome, with George, weekends, driving about the country, swimming, playing tennis. George's place was more and more a rendezvous for the young people around the countryside with its swimming pool, tennis courts, and a host whose housekeeper loved nothing better than unexpected company. There were gaiety and companionship for Eve, as well as work. To her surprise the longing for Denny quieted little by little. She hoped they would not meet for a long time.

And at last the summer was over; there was warm beautiful Connecticut September weather.

Content, Eve Realizes
Working in the old kitchen that September morning, young and light and strong, Eve realized that she was content. She liked to cook and be praised for it and make money by it. She liked to move about her own house and orchard. If she saw Denny, she supposed it would bring the pain back. But she did not have to see Denny.

Uncle Henry passed under the window in his straw hat, calling up a cheery word to her. Judge's

Republicans and Democrats Will Oppose WDA Bill

Dominant Progressive Block, However, Mows Down Amendments

(Post-Crescent Madison Bureau) Madison—Democrats and Republicans from the Fox River valley counties showed in preliminary votes in the Wisconsin assembly Wednesday that they have no sympathy with the administration in its efforts to obtain passage for the Wisconsin Development authority power bill, alternately denounced and praised as a socialistic monstrosity and a practical and necessary plan to bring the boom of electricity to all of the state's citizens.

Like a well oiled machine, the dominant Progressive bloc in the house yesterday moved down amendments proposed by Democrats and Republicans and indicated at the close of the day's work that the bill will be approved at the Thursday morning meeting, but in all the votes Valley representatives were registered with the opposition.

Prevent Speeches
Although Mark Catlin Appleton Republican, William Sweeney, DePere and Frank Lingelbach, Oconto, Democrats, had intended to speak against the measure during debate yesterday, the many parliamentary maneuvers thrown up and the abundance of speakers on the Progressive side of the house prevented them from doing so. Catlin, however, is expected to give his views when the bill comes up for final passage.

The vote on the appeal from a ruling by Speaker Paul J. Alfonsi, who held that a substitute amendment by Assemblyman Vernon Thomson (R), Richland, Center, was not germane, was considered by observers as a forecast of the final house vote on the bill.

Alfonsi had ruled out the Thomson amendment on the ground that it had no relation to the bill under consideration, that it proposed altogether different legislation, but was promptly challenged by the author and others among the opposition. The vote on the speaker's ruling showed Alfonsi sustained by vote of 59 to 35, which is probably indicative of the final vote.

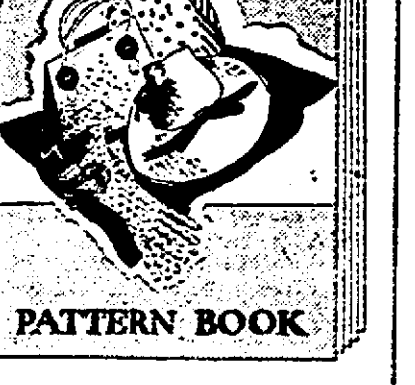

List Dissenters
Among the dissenters were Catlin, Henry Hupfaut of Calumet county, Frank N. Grass of Door county, Harold Lyle of Green Bay, Sweeney, Leo T. Niemuth of Winnebago county, William Rohan of Outagamie county, Albert D. Shimek of Algoma, who has denounced the bill as an "entering wedge for communism," and Francis Yindra of Manitowish county. Assemblymen Hendrich of Waupaca county and Fuhrman of Shawano voted with fellow Progressives throughout.

Fuhrman early in the proceedings succeeded in obtaining adoption of an amendment to strike out the telephone business from the utilities covered in the measure.

Girl Fractures Wrist as Bike Collides With Tree

Kaukauna—Miss Virginia Faust, 18-year-old daughter of Mr. and Mrs. Ben Faust, Black Street, suffered a compound fracture of the left wrist and a deep gash on her left knee when her bicycle collided with a tree about 5 o'clock yesterday afternoon. The accident occurred when the girl lost control of the bike while traveling down a hill near the Riverview sanatorium in Little Chute. She was accompanied by Dorothy Korman, another Kaukauna high school student.

PEERS KNEEL IN HOMAGE TO NEW BRITISH MONARCH
This, the first picture showing King George VI wearing the historic crown of Edward the Confessor, shows one of a long line of peers as he kneels before his majesty in Westminster Abbey during the coronation ceremonies. Grouped around the throne are high dignitaries of the church who assisted in the coronation. This picture was transmitted to New York by radio.

Apple Used as Lure to Cause Pig's Nervous Breakdown at Cornell U

BY HOWARD W. BLAKESLEE
Pittsburg—AP—Pittsburg Press Science Editor
Cornell university, has developed a nervous breakdown, the first ever recorded in a pig.

Achilles broke down, the American Psychiatric association was informed today, because he couldn't make up his mind, when placed in a pen scientifically arranged to appear as difficult to Achilles as the world of men's problems appears to human beings at the time they have nervous breakdowns.

Achilles' mind went back on him while considering certain problems of food. An apple was the direct cause of his downfall.

In his scientific pen was a box with a closed lid, and an apple in it. But the apple was like three-card monte, sometimes it was there, sometimes it wasn't.

Ignored Signals
Achilles had to decide by listening to a buzzer and by now and then feeling a slight electric tingle from a wire fastened to his leg. By various combinations these told him that sometimes the apple was there, sometimes it wasn't. He could have the apple in lifting the lid with his snout.

Achilles was hungry and in plain English, "didn't give a damn" about the signals for a long time. He took a chance and often won an apple.

But at last his keeper refused to put an apple in the box unless and until Achilles guessed right. That was too much for this pig.

"The animal," said Dr. Howard Scott Liddell of Cornell, who reported the study, "was forced to come to a decision and to act on it."

Some Breakdown!
A few days of these hair-trigger decisions and Achilles had the nervous breakdown. It was a whopper. He would lay his snout on

the cover close his eyes and stand rigid, growling for a whole hour. In these "hours" of indecision even placing an apple on his nose failed to make Achilles stir or eat.

The scientific purpose is to discover the causes of human breakdowns. Precisely Dr. Liddell proved that sheep break down when faced with too difficult decisions. He proved also that this too great mental effort permanently damaged the sheep's brains and nerves.

Union Costumers Sign Four-Year Agreement
Hollywood—AP—Producers signed union costumers to a four-year working agreement today and claimed they actually had increased production since a strike of Federated Motion Picture Crafts workers started 13 days ago.

Crafts spokesmen, placing hope for victory on a so far unrealized nationwide boycott of movie theaters, answered the producers by presenting to Dr. Towne Nylander, regional director for the national labor relations board, evidence they said constituted "coercion and intimidation" of strikers.

THE WEATHER

THURSDAY'S TEMPERATURES	
	Coldest Warmest
Chicago	58 74
Denver	40 70
Duluth	36 66
Galveston	72 80
Kansas City	50 80
Milwaukee	54 76
Minneapolis	44 68
Seattle	54 74
Washington	64 80
Winnipeg	24 48

WISCONSIN WEATHER
Cloudy, becoming fair; considerably cooler east and south portion. Light to heavy frost tonight; Friday fair, rising temperature west and north central portions.

GENERAL WEATHER
With the passing eastward of the low pressure area north of this station showers occurred during the last 24 hours throughout the Great Lakes region and the Ohio valley, with scattered showers in the central plains states, Gulf states and the eastern section of the Canadian Northwest. The greatest precipitation recorded was 2.04 inches at Memphis Tenn.

Temperatures are somewhat lower throughout the middlewestern states and considerably lower along Lake Superior. Temperatures are rising in the southern plateau region and northern Pacific coast region and the Canadian Northwest.

Fair weather is expected in this section during the next 24 hours, with considerably lower temperatures and heavy frost.

\$60 BOUNTY FOR WOLVES
Fond du Lac—AP—Elmer Deering was \$60 richer today after finding six brush wolf cubs in a den in the town of Oakfield. The money came in bounty. The cubs were sent to the state experimental game farm at Poyette.

Engineer Completes Inspection at School
An inspection of equipment and work at the Appleton Vocational school was completed this morning by W. Fred Dolke, Jr., Chicago, maintenance engineer, at the local school. Mr. Dolke made his report to the board of vocational education at its twenty-fifth anniversary meeting this noon.

Scouts Plan Sectional Gateway for Jamboree
J. Wesley Olsen, Menasha, and Donald Cole, Appleton, will take several Valley Council Boy Scouts to Gardner dam this weekend to gather materials for the sectional gateway which Valley Council scouts must build for the national jamboree at Washington, D. C., June 30-July 8.

Scouts from Wisconsin and upper Illinois will be included in the Valley Council contingent. Other councils are preparing exhibits and camp improvements which will be erected at the regional camp.

Experiments at the Kansas State college disclosed some heavy breeds of poultry were more resistant to parasites like round worms than lighter breeds.

Recover Boy's Body
Rhinelander, Wis.—AP—The body of George Dailey, 6-year old son of Mr. and Mrs. Guy Dailey, Monico, was found in Lake Venus today. The boy had been missing since 5 o'clock p. m. yesterday when he set out in a boat to visit neighbors.

FROM YOUR OWN EXPERIENCE
You know that concrete is the safest road. Its even surface makes driving easier, reduces nervous strain and, results in better car control. Its gritty texture improves traction and braking, resists skidding, wet or dry. Because of its flat "crown" drivers don't tend to ride the center of the road—passing is safer.

Concrete makes night driving safer. Its light-grey surface reflects more light, helps you see better. Illuminates obstacles and pedestrians. Sharply defines the edges and helps you stay on the road.

Highway officials are striving to reduce traffic accidents. Urge them to pave with concrete and secure for your community the safest as well as most economical pavement money can buy. You can benefit by your active interest as many others have done.

Trading Stamps Ban Assured in Senate Roll Call

Upper House Advances Measure Past Amendment Stage

Madison—AP—Passage of the Young Bill, prohibiting issuance of trading stamps on merchandise for which the price is advertised nationally, was assured last night when the senate advanced the measure past the amendment stage and refused to reconsider its vote.

The senators divided 21 to 12 on these roll calls after a fight that threatened for a time to rival battles over the budget and labor bills. The votes:

For the bill—Anderson, Busby, Cashman, Engerbreton, Hampel, Ingram, Kannenberg, Leverich, Mc Dermid, Panzer, Riser, Rowlands, Rush, Progressives—13; Bolens, Clancy, Dempsey, Morrissey, Democrats—4; Coakley, Duell, Nelson, Shearer, Republicans—4, Total, 21.

Against the bill—Callan, Galasinski, Sauld, Schoenecker, Zimny, Democrats—5; Mack, Morris, Roethe, White, Republicans—4; Kresky, Paulson, Severson, Progressives—3, Total, 12.

Reject Amendments
The senators rejected amendments which would have required stamping of prices on merchandise affected by the bill, some other clear marking, placed a limit of 2 per cent on the amount of stamps issued on such goods, and restricted the application of the measure to Milwaukee county.

After the bill had been ordered advanced to final reading, advocates obtained only 19 votes on a motion to suspend the rules and act finally, for which a two-thirds majority was required. The measure has passed the assembly.

The senate had argued most of the morning on the bill and developed spirited debate last night after recess.

Earlier the senate rejected a proposed constitutional amendment to give the legislature power to fix minimum wages in any employment.

Expect Solicitor to be Manager in Cincinnati
Cincinnati—AP—Search for a city manager for Cincinnati appeared near a conclusion—at least temporarily—today, with prospect that city council would appoint City Solicitor John D. Ellis to succeed Clarence A. Dykstra.

Authoritative sources indicated Ellis might be induced to accept appointment until Jan. 1. He has been acting city manager since May 1, when Dykstra took over the presidency of the University of Wisconsin after resigning his \$25,000-a-year post here.

Boys Will Meet to Plan Y. M. C. A. Softball Loop
Boys desiring to compete in a Y. M. C. A. softball league have been asked by Ray Risch, physical director, to meet at 7:30 this evening at the Y. to draft final plans for the loop. Competition will be limited to youths between the ages of 12 and 15 years inclusive. It is expected that teams will be organized in each ward in the city.

Engineer Completes Inspection at School

They are shown leaving Washington cathedral where the service was held with Mrs. Irene Boyle.

Drunken Driver Is Fined \$50, Costs Oscar Loken, Town of Harrison, Pleads Guilty to Charge at Waupaca

Waupaca—Oscar Loken, town of Harrison, was fined \$50 and costs by Justice of the Peace F. W. Johnson in justice court here Tuesday afternoon when he pleaded guilty of drunken driving. Loken was arrested by Earl Polzin, Waupaca county traffic officer, for driving in an erratic manner in the town of Harrison. The court recommended that Loken's driver's license be revoked for one year.

Eddie Lapp, 27, Milwaukee, was fined \$5 and costs when he pleaded guilty to a charge of drunken and disorderly conduct. Lapp was arrested May 8 at Gills Landing by Sheriff Duncan Campbell and Deputy Sheriff Paul Jones. He was ordered to make restitution for damage he had caused prior to his apprehension.

Light to Heavy Frost Predicted In City Tonight

Fair Weather Will Return To Appleton Tomorrow

A light to heavy frost is expected in Appleton and vicinity tonight, according to the weatherman. Skies are expected to clear during the night and Friday will be fair and somewhat warmer. A trace of precipitation was reported this morning, and skies remained heavily clouded with the temperature at 51 degrees at noon.

The mercury fell 25 degrees last night, maximum and minimum temperatures of 73 and 48 degrees being reported for the 24-hour period preceding 9 o'clock this morning at the power plant of the Wisconsin Michigan Power company.

Highest and lowest temperatures yesterday were Phoenix 100, El Paso 92, Devils Lake 24 and Bismarck and Cheyenne 28.

SNOW FALLS IN STATE
Milwaukee—AP—Flurries during the night left almost an inch of snow at Ironwood, Mich., today and more was expected.

Snow fell today at Rhinelander, Wis., but melted as it struck the ground. A trace of snow also was reported at Park Falls, Wis.

Frank Coleman, federal meteorologist, said no precipitation was reported at other Wisconsin points, but there was rain at Marquette, Mich.

Coleman predicted much colder weather for northern Wisconsin tonight and cooler temperatures in southern portions with light to heavy frost.

Milwaukee experienced its warmest day yesterday since Sept. 23. The temperature climbed to 77, other Wisconsin points also reported temperatures in the seventies. LaCrosse, Madison and Green Bay recorded 74, and Wausau 73 as their highs.

Lows of 32 at Park Falls, 46 at Wausau, 49 at LaCrosse, Madison and Green Bay, and 55 at Milwaukee were recorded.

Man Pleads Guilty of Illegal Electric Work
Russell L. Jabas, 592 N. State street, was fined \$10 and costs in municipal court this morning when he pleaded guilty of electrical wiring without the supervision of a master electrician with a license.

Jabas was arrested on complaint of Louis Luebke, city electrician, who charged that Jabas violated the state electrical code in a manner that created hazards in the home in which he was working.

Pleads Not Guilty of Violating Speed Law
John Albert, 27, 109 N. Durkee street, pleaded not guilty of speeding when he was arraigned in the municipal court of Judge Thomas H. Ryan this morning and was released on \$200 pending trial May 21. He was arrested at 12:30 this morning and accused by police of driving 44 miles an hour on S. Oneida street.

Receive 6,700 Cans of Grapefruit Juice
A shipment of 6,700 cans of grapefruit juice has been received by the Outagamie county certification bureau from the government surplus commodities department this month. They will be distributed along with canned milk and prunes to families on relief in the county.

WIDEST MAIN STREET
Van Alstyne, Tex.—AP—This town boasts the widest Main street of any municipality of 1,500 in the country. The street, more than 250 feet across, contains a double railroad track, a railroad station, two large grain elevators, and an oil storage tank.

Recover Boy's Body
Rhinelander, Wis.—AP—The body of George Dailey, 6-year old son of Mr. and Mrs. Guy Dailey, Monico, was found in Lake Venus today. The boy had been missing since 5 o'clock p. m. yesterday when he set out in a boat to visit neighbors.

669 Calls Made During April by Visiting Nurses

Group Hears Report on Institute of Public Health Nursing

Neenah — Twin City Visiting Nurses made 669 calls during April, 228 of which were maternity, 269 morbidity and 67 communicable, reported Miss Lydia Bouressa, supervisor, at the monthly meeting of the Neenah-Menasha Visiting Nurse association Wednesday morning at the Y. W. C. A. Twenty-three members attended.

Miss Bouressa also reported on the Institute of Public Health Nursing held in Madison April 27, 28 and 29 which was attended by the visiting nurses. Miss Bouressa stated that prenatal care was stressed at the sessions and that it was announced that the maternal and child health division of the state board of health have made plans to bring health education to the rural communities via a well equipped trailer which can be set up as a health center. Movies also are used to carry out the program.

Hear Reports
Committee reports were given with an attendance of 19 at the Child Welfare Center April 30, a load of 27 cases taken care of at the four dental clinics held in Neenah and 34 in the four at Menasha. Mrs. Donald Shepard reported on the supplies made by the auxiliary members.

Because the silver jubilee of the National Organization for Public Health Nursing is to be held in June, Mrs. Samuel Pickard presented a sketch of the history of the organization, telling the association members that the first small group found its inception in 1813 but it was not until 1900 that it really took form. By 1913 the National Organization was formed, in 1910 the first courses for training Public Health nurses were started at Columbia University. In 1901 there were 130 public health nurses, today there are over 20,000.

150 Mothers and Daughters Attend Banquet, Program

Neenah — One hundred fifty mothers and daughters gathered together in the Immanuel Lutheran church social hall Wednesday evening for the annual Ladies Society mother and daughter banquet. Mrs. E. W. Oshkosh, president of the district "Federation of Women's Union," was the guest speaker. She discussed the relationship between mother and daughter and urged understanding between them as a basis for harmony.

Mrs. Walter Klein was toastmistress. Mrs. George Sande and Miss Mildred Schmidt were at the piano and organ and an interesting program was held. Miss Grace Tipler gave the tribute to mothers and Mrs. Harvey Tipler responded with a tribute to daughters. Joan Lemke played a piano selection and Mrs. Walter Discher and Elaine Discher sang "Little Mother of Mine." Betty Block, accompanied at the piano by Miss Mildred Schmidt, presented a baritone solo, "The Helix." Dorothy Weinke recited the poem, "Somebody's Mother" after which Edith Steffenhagen sang "Little Old Lady." Miss Alice Anderson accompanied her at the piano. Mrs. Martin Gmeiner was general chairman of the banquet and Mrs. C. W. Weinke, co-chairman.

Mrs. Worzalla Is Named President Of P. T. A. Group

Neenah — Mrs. Frank Worzalla was named president of the Washington school Parent Teachers association Wednesday afternoon during the business session which followed the presentation of the circus by kindergarten pupils. She succeeds Mrs. X. C. Jersild who has been association head during the 1936-37 school year. Mrs. Henry Johnson was chosen vice president. Miss Helen Greenwood, secretary, and Mrs. Charles Schoman, treasurer. A report on the proceeds of the dance review which the PTA sponsored was given and \$30 was turned into the treasury. The kindergarten pupils won the attendance prize. Tea was served with Mrs. Wilbur Sparks and Mrs. Charles Schultz acting as hostesses.

Arrest Neenah Man as Vagrant at Oshkosh

(Post-Crescent Oshkosh Bureau)
Oshkosh — Roland Pierce, 43, Neenah, arrested Wednesday night by Oshkosh police as a vagrant, was sentenced to 30 days in the county jail by D. C. McDonald, county judge, in municipal court today.

Neenah Boy Scouts Will Hold Steak Fry Tonight

Neenah — Members of the First Methodist church Boy Scout troop No. 43, of the Boy Scouts of America, will participate in a steak fry at High Cliff this evening. Members of the troop committee have been invited. Parents' Night will be observed at the meeting May 20. William Marsh, Neenah High school teacher, is the scoutmaster.

VAGRANT SENTENCED
Menasha — Charged with vagrancy, Clifford With, Rochester, Minn., was sentenced to 15 days in the Winnebago county jail this morning in justice court by Justice of the Peace Arthur Ales. He was picked up by Menasha police yesterday.

MENASHA HAS ADEPT DRUM MAJORS

Attired in new uniforms and ready to "lead a band" are Helen Jensen, Jack Gerlach and Adeline Seidel, above, drum majors for the Menasha High school band. The trio Saturday was awarded three out of four places in the drum major contest at the music festival at Oshkosh. Gerlach taking first, Miss Jensen, third and Miss Seidel, fourth. (Post-Crescent Photo)

Circus Performance Given By Kindergarten Children

Neenah—Kindergarten pupils at Washington Grade school presented an "honest-to-goodness" circus performance for parents and friends yesterday afternoon. The various acts were presented under "the big top" made during a recent circus program.

The program opened with a group song, "Let's Go to the Annual Show," followed by a solo, "The Elephant Carries a Great Big Trunk," by Charles Thompson. The following children sang the introductory song: Cecelia Dreyer, Nancy Gerhardt, Marion Halstead, Carmen Kuester, Helen Lemmerheart, Gloria Mortenson, Carla Stridde, Leila Schmidt, Ronald Blohm, Dick Broas, Dick Jelinski, Jimmie Klock, Neil Ladin, John Marquardt, Jerry Miller, Charles Thompson, Jimmie Webb, Jerry Blank, Howard Heckner, Richard Blank, Jimmie Marquardt.

Give Parade
The band, tight rope walkers, tigers, clowns and elephants participated in a parade and Tommy Thompson, ringmaster, started things off by leading a song, "The Circus Parade," and the band played a selection. Following were members of the band: Patty Ryan,

Jagerson Will Is Entered in Court

Real Estate Estimated at \$30,000 and Personal Property at \$16,000

(Post-Crescent Oshkosh Bureau)
Oshkosh—The will of Jennie Jagerson, Neenah, disposing of an estate estimated at more than \$30,000 was entered in probate court Wednesday. Personal property was stated not to exceed \$16,000 and real estate was estimated at \$13,500.

A grandson, John Homblette, is bequeathed \$500 and personal property, and a second grandson, George Jagerson, is willed personal property.

A daughter-in-law, Louise Fossum is bequeathed certain jewelry; household property is left to a sister-in-law, Ida Pope, as well as to Carrie Maitland. Another sister-in-law, Dr. Frank Pope, Racine, was mentioned in a moment.

To a daughter, Hermine Homblette, is bequeathed one-half the shares of the estate of the deceased held in the Jagerson Fuel Co., Neenah, as well as personal property. One-half the number of shares in the Jagerson Fuel Co. were also willed to a son, Dick F. Jagerson, as well as certain jewelry and personal property.

The residue of the estate was bequeathed in equal amounts to the son and daughter, with Dick E. Jagerson, Neenah, named as executor.

Pairings Announced For Tennis Tourney

Neenah — Pairings for the Neenah High school singles tennis championship were announced today. The winner will receive a bronze trophy donated by the Doly Tennis club. Following are the pairings:

Harold Dix versus D. McDermid; Howard Jacobson versus Don Erdman; Robert Kelly versus Dick Lemberg; Truman Schroeder versus Ken Reddin; Dave Ryan versus William Heuer; Don Rolph versus Greg Smith; H. Bunker versus Al Krutz; Al Stiffeld versus J. Helms.

Issue 30 Applications For Neenah Police Jobs

Neenah—About 25 men are expected to take the police and fire commission examination for the proposed four new officers on the Neenah police force. About 50 application blanks have been issued by Frank Klink, secretary of the commission, and most of the applicants are expected to pass the physical examination to become eligible for the written test. The commission will meet at 7:15 Friday evening, to draft the questions.

Band Impressive. In First Parade In New Uniforms

Menasha High Unit Marches in New Outfits On Menasha Day

Menasha—Led by three ace drum majors, the Menasha High school band appeared on parade for the first time since being outfitted with new uniforms yesterday afternoon in conjunction with Menasha Day. The marching musicians presented a fine spectacle of efficient training in parade work. Maneuvers were performed at the Brin corner and the band marched along Main street to the triangle where several numbers were played, and it then returned to the high school.

Representatives of the band left this morning to compete in the national band tournament for high schools at Columbus, Ohio. John Homan will play a clarinet solo entitled, "Rigoletto," from the Concert Fantasia by Luigi Bassi. Helen and Gerald Jensen will present a cornet duet entitled, "Short and Sweet," by T. B. Short.

Solo Competition
In the solo competition, both Helen and Gerald will play the "Russian Fantasia," by Levy. Lamar Foth will accompany all of the entrants on the piano. Mr. and Mrs. L. E. Kraft will also make the trip. Jack Gerlach, Helen Jensen and Adeline Seidel were drum majors when the band paraded yesterday. Other members of the band who took part were Katherine Allen, A. Bobb, Mary Jane Chadak, Patricia Corry, Marie Dornbrook, Frances Dumbeck, Melba Flenz, Anita Garbick, Jack Gummerus, Helen Hendy, Mildred Jape, John Kuester, Emily Lovison, Elmer Marx, Anita Mollen, Carl Oedermann.

Members
Robert Pagel, Dorothy Plovright, Adeline Seidel, Ramona Taubel, Myra Timmerman, Gordon Wassinger, Alvina Zelensky, Ruth Anderson, Robert Carriek, George Clark, Dorothy Donnie, Louise Dorow, Ruth Duemke, Lamar Foth, Margaret Gear, William Hahnen, John Homan, Donald Jensen, Mildred Klopfel, Dolores Kurovski, Gerald Mattern, Betty Jane Merrill, Geraldine Moore, Harold Olson, Carol Peterson, Josephine Olsson, Wesley Seidel, Boots Theimer, George Walsh, Armin Weber, Christine Zenefsky, Dorothy Berndt, Betty Jane Chadak, Edward Corry, Marjorie Donnie, William Dorow, Edith Elsted, Kathryn Gamsky, Eileen Heckner, Marion Homan, Betty Jane Krier, Lois Leopold, Richard Mattern, Sylvia Bee Moon, Evelyn Noel, Jack Pagel, Julian Peterson, Marjorie Schommer, Kathryn Strader, Billy Theimer, Donald Wassinger and Frank Young.

BAND REHEARSAL
Neenah—The Original band of James P. Hawley post, No. 33, of the American Legion will rehearse at 7:30 this evening in the city hall.

Madison Priest Will Deliver Sermon During Field Mass Planned to Start Biennial HolyName Rally in Menasha

Menasha—The Very Rev. William M. Mahoney, dean of St. Raphael Catholic church at Madison, will deliver the sermon at the pontifical high mass which will open the biennial rally of the Diocesan Union of Holy Name societies at 10 o'clock Sunday morning at Neenah and Menasha. The field mass will be held on the St. John parish grounds in Menasha and is expected to attract thousands of people.

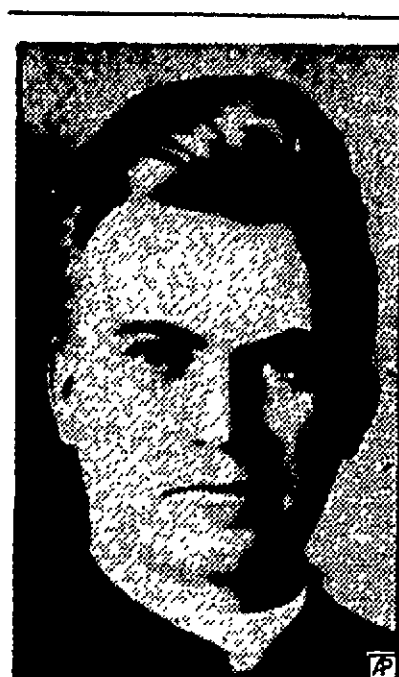

The celebrant at the pontifical high mass will be the Most Rev. Paul Peter Elmer, D. D., Bishop of the Green Bay diocese. Assisting the bishop will be the Right Rev. Monsignor Joseph J. Marx, V. G., presbyter assistant; the Rev. John Hummel and the Rev. S. A. Elbert, Menasha, deacons of honor; the Rev. W. P. Mortell, Menasha; deacon of the mass; the Rev. Joseph Van Bogart, Neenah, sub-deacon of the mass; the Rev. Delbert W. Basche, chancellor of the diocese; the Rev. Thomas C. Alger, O. Praem., West DePerre, masters of ceremonies; the Rev. J. A. Beigler, Menasha, cross bearer.

Escorts to Bishop
The Rev. Abner S. Luque, Menasha, and the Rev. Leo Przybylski, Menasha, acolytes, and the Rev. Abbot D. H. Jennings, O. Praem., in the sanctuary. Escorts to the bishop will be Knights of St. Gregory including F. J. Sensenbrenner, K. S. G. Neenah; Gustave Keller, Sr., K. S. G., Appleton; and John H. Kuypers, K. S. G., DePerre.

Another feature of the rally and field mass will be music by a male choir of nearly 125 voices which will sing at the field mass Sunday morning. Prof. J. A. Theiss, organist at St. Joseph church, Appleton, will direct the choir and Prof. William Greisbach, St. Mary church, Menasha, will be the organist.

Recruit Choir Members
Members of the choir will be recruited from St. Joseph, St. Mary and Sacred Heart churches, Appleton; St. Mary and St. Patrick churches, Menasha; St. Margaret Mary church, Neenah; and St. Vincent and Sacred Heart church, Oshkosh.

A special broadcast of the ceremonies will be handled by Bert

CELEBRANT OF MASS

When the Diocesan Union of Holy Name societies open their biennial rally at Neenah-Menasha at 10 o'clock Sunday morning with a field mass, the Rt. Rev. Paul Peter Elmer, D. D., bishop of the Green Bay diocese, above, will be the celebrant. Thousands of people are expected to attend the field mass, which will be held on the parish grounds of the St. John Catholic church.

Following the morning ceremonies, a dinner will be served at St. John's auditorium. Women of the parish will prepare and serve the dinner. It is expected that the dinner will last from 12 o'clock noon to 1:30 in the afternoon. Following the dinner, various units will assemble in Menasha for the parade which will feature the afternoon program. The parade will end at St. Margaret Mary church where rally ceremonies will be closed with benediction.

Plan Casting Contest At Junior League Meet

Neenah — A casting contest and demonstration is planned for members of the Junior League in the near future at the Neenah High school gymnasium, according to Armin Gerhardt, advisor. A social period is planned in connection with the event and it will be the last formal meeting of the group until next September.

FIRST ROUND MATCHES
Neenah—First round matches are being played in the horse shoe singles intramural tournament at Neenah High school. Following are results: Dudley Young defeated Harold Mulvey, Earl Haufe defeated Harold Rogers, A. Plucker defeated H. Kuehl.

William Draheim is business manager of the unit, which will represent the Neenah post at all Legion gatherings.

It's Our Family's Whiskey, Neighbor

Our Family's Whiskey brings you sweet memories of the good old days!

Of all the folks making whiskey, I don't suppose there's a one that believes in the modern way of doing things more than us Wilkens. I mean to say the modern way of keeping everything just as it was—and all that. But in other things, like good old Family Recipes, we got a feeling the grand old-fashioned way of doing things can't be beat.

Our family has been distilling since the year 1886—and this is our own Family's Recipe!

Harry E. Wilken

WILKEN FAMILY

Copyright 1937, The Wilken Family, Incorporated, Middleburg, Pa. Executive offices: N. Y. C. The Wilken Family Bottled Whiskey—90 proof—the straight whiskies in this product are 15 months or more old. 25% straight whiskey; 75% grain neutral spirits. 20% straight whiskey 15 months old, 5% straight whiskey 4 years old.

Acknowledge Old Documents Found Through Survey

Neenah — Acknowledgement of several old manuscript records secured through the Wisconsin Historical Records survey was received by Harry S. Zemlock, city clerk today from Joseph Schafer, Madison, supervisor of the Wisconsin State Historical society.

Neenah contributed the following: two volumes of original notes of proceedings of the common council, 1879-84, 1894-97; one volume of poll tax lists, 1874-77; 22 volumes of registrations of liquors sold, 1885-1903; one volume of Manitowoc county road assessment rolls, 1841-1844-47; five unbound volumes of records of names of owners of lands in each road district, description, quantity and valuation.

MacArthur Will Talk At Men's Club Meeting

Neenah — A. S. MacArthur, member of the Neenah Advancement association, has been chosen to give the main address at the final meeting of the Men's club of the First Methodist church Tuesday evening, May 18. Mr. MacArthur will describe the youth survey being conducted in Neenah in connection with the social audit.

The nominating committee met recently and officers will be elected to serve during the ensuing year at the session. William Marsh is now serving as president of the group.

Thespian Society to Hold Annual Banquet

Neenah—Members of the Thespian society of Neenah High school will hold their annual banquet at 6:30 Monday evening, May 17, at the Valley Inn, according to an announcement made today by Miss Lucille Bentz, adviser. Each member will provide two minutes of entertainment in the form of a monologue, skit, humorous reading or story.

SANDERS GIVES TALK

Neenah—R. E. Sanders, secretary-manager of the Neenah-Menasha Finance company, was to discuss "Trade Agreements" at a meeting of the Neenah Rotary club in the Valley Inn today. Reports on the recent district convention at Ironwood, Mich., were to be presented.

ACHIEVEMENT TESTS

Neenah—Achievement tests were given Neenah High school students this week. The standardized algebra test was conducted Monday; general science Tuesday and language usage tests were given at the school today.

Twin City Births

A son was born to Mr. and Mrs. Ernest Weyland, route 2, Neenah, at Theda Clark Memorial hospital yesterday afternoon.

136 Students in '37 Neenah High Graduating Class

Principal Lists Pupils Who Are Eligible for Diplomas

Neenah—A total of 58 boys and 78 girls are included in the 1937 graduating class at Neenah High school, according to a list released by John Holzman, school principal, this morning. Commencement exercises will be held June 2.

The following seniors are in position to graduate this year providing the year's work is finished successfully," Mr. Holzman said:

Ralph Anderson, Frederick Asmus, Kenneth Bahr, Harold Blank, Robert Bloch, Charles Blodgett, Maurice Blodgett, Harvey Buntrock, Robert Christensen, Clyde Coenen, Harold Cottrell, Harold Dix, Jack Erdman, Robert Erdman, George Evans, Norman Evenson, Pershing Fenske, Raymond Foth, William Grundick, Harold Ginke, Raymond Grubcy.

Menasha Society, #1

Menasha—St. Anne's society. St.

lary's Catholic church entertained a card party Wednesday afternoon and evening in the school hall. Mrs. Herman Muehlenbein was chairman. Prizes in the afternoon went to Mrs. Mike Wickman in shafkopf, Mrs. Agnes Ganzyk in bridge. Mrs. D. Anderson in whist and Mrs. E. Zeininger in rummy. Mrs. Anna Manesky took the guest prize. In the evening, honors in bridge went to Mrs. Theodore and in whist to Mrs. Ed. Meuti.

Mrs. Jack Kimberly and Mrs. R.
 Kuchmsted were tea hostesses
 following the business session of
 the Guild of St. Anne which met in
 the parish house of the St. Thomas

The date for the annual picnic of members of St. Mary congregation has been set for Sunday, June 27. It was announced today. Plans for a picnic will be formulated at a meeting of the congregation.

The home of Mrs. Charles Gambro, Main street, was the scene of a bridge party Tuesday evening in honor of Mrs. Catherine Smith. Honored in the card games played went to Mrs. Jack Pankratz, Mrs. William Jensen, and Mrs. Mary Jensen.

Maecia Mae Lisk, honor guest at a birthday party at the home of her parents, Mr. and Mrs. Theodore Lisk, 1100 1/2 boulevard, Tuesday afternoon, received many gifts from nine guests. Games were played during the afternoon and prizes were given to Karlene Gerold and Dorothy Gutherson.

Mrs. Herman Brendendick, Mrs. Edward Burr, Mrs. Edward Dix and Miss Minnie Dornbrook are hostesses for the Ladies Society social to follow the business session Tuesday afternoon in the Trinity Lutheran church parlors.

Wheat Quotations In Decline Late In Day's Trading

Reaction Due Largely to Slumps in Securities And Cotton

Chicago—(P)—Largely responsive to lower prices on securities as well as on cotton and other commodities, Chicago wheat values went downward today, especially in late dealings.

Selling of wheat here, however, was restricted somewhat by a comparatively firm market at Winnipeg. Export business today in Canadian wheat was estimated at 750,000 bushels.

At the close, wheat was 1/4 cent under yesterday's finish, May 12 1/2, July 1 1/4, corn 1/8 off to 1/4 up, May 1 1/2, July 1 1/4, and oats at 1/4 decline to 1/4 advance.

MINNEAPOLIS FLOUR
Minneapolis—(P)—Flour, carload lots, per bbl. in 98-lb. cotton sacks; family patents, unchanged, 7.10-7.30; standard patents, unchanged 6.85-7.05. Shipments 22,667. Pure bran 32.00-50. Standard middlings 36.00-50.

DEATH AND TAXES
EQUALLY CERTAIN IS

the fact that values of improved farms must go up. They never were lower than they are today and when anything strikes the bottom the only way it can go is up. Therefore, for anyone who wants to own farm land now is the time to buy it, either for investment or for operation.

We have forty acres, close to the city of Appleton, all under cultivation, with buildings for \$2,500. If anyone received \$2,500 down and the balance paid at the rate of \$300 per year. Here is another unequalled value. It would cost at least \$2,500 to replace the buildings on this place.

We have another forty acres, close to a good nearby town, with fair buildings, for \$3,500. This place can be purchased for \$300 down and the balance paid at the rate of \$300 per year. Here is another unequalled value. It would cost at least \$3,500 to replace the buildings on this place.

Prices are now very good on all farm products, making a small farm and lot in the city would cost as much or more than the price asked for these particular forty's. You can't make a living from a house and lot in the city, but you can make a living, if you are willing to work, on forty acres of good land and, at the same time, have a good home for your family.

Aren't there any more young men who have the courage and ambition to go back to the independent life of farming, where they will have their own freedom and a place to raise their families?

Those who have some money and don't know just where or how to invest it safely and well can find a place to put their money in the city, or in the country, that will make them money in the next few years. See us about them.

GEORGE RECEIVES CROWN IN IMPRESSIVE CEREMONY
It was just half past noon (6:30 a. m., eastern standard time) when this dramatic picture was made showing the archbishop of Canterbury lifting toward the heavens the jeweled crown of Edward the Confessor and placing it then on the head of the kneeling King George VI in Westminster Abbey, London. This picture, sent to New York from London by radio, portrays the climax of "the greatest show in 1,000 years."

BY VICTOR EUBANK
New York—(P)—Selling waves swept through the stock market today and leading issues tumbled 1 to 5 or more points. Many new lows for the year and longer.

A fresh outbreak of labor controversies in steel and motor centers apparently gave the list its initial downward push. Offerings found bids scarce in virtually all departments.

Touching off the tumble, brokers said, was the calling of strikes at the Jones and Laughlin Steel plant and a renewal of sit-downs in scattered General Motors factories. In addition were threats of tie-ups of other independent steel companies.

Transfers were around 1,800,000 shares.

Bonds emulated stocks in a lesser degree. U. S. government securities were uneven.

Stocks were in the forefront of the reversal with U. S. Steel breaking more than 5 at the worst. Sloss-Sheffield was off about 13. Ralls dipped but were resistant than other groups.

Prominent issues touching new 1937 bottoms were General Motors, Chrysler, General Electric, American Tobacco "E," Douglas Aircraft, Seaboard Oil, Consolidated Edison, Western Union and Montgomery Ward.

CHICAGO BUTTER
Chicago—(P)—Butter, 14.770, unsettled; creamery-specials (93 score) 31-31; extras (92) 30; extra firsts (90-91) 29-29; firsts (88-89) 27-28; standards (90 centralized carlots) 22.

Harvester Company Reports Big Gains

Hoboken, N. J.—(P)—International Harvester Co. completed the first half of its fiscal year April 30 with a 30 per cent increase in domestic and foreign billings over the same period of the previous year. Sydney G. McAllister, president told stockholders at the annual meeting today.

He revealed France has been the largest foreign user of the company's products, and said payments were "very satisfactory." South America also continues to buy a good volume of farm equipment from the company, he said.

In answer to a stockholder's inquiry, McAllister described prospects for motor truck business as "very encouraging" with further expansion indicated.

Company's principal domestic plants are in the Midwest.

Nash Plants to Spend \$1,500,000 This Year

Kenosha—(P)—Robert B. Elliott, vice president in charge of production in the Nash Motors division, announced today approximately \$1,500,000 will be spent this summer in modernizing the motor plants in Kenosha, Racine and Milwaukee.

Plants, still in the formative stage, call for improvements sufficient to increase production by about 30 per cent on the 1938 models.

The expansion program provides for new machinery, new conveyor systems and extensions to assembly lines.

Nash now produces between 55 and 66 automobiles an hour. The degree to which this production would be increased in the fall, it was reported, will depend upon business conditions.

The corporation is considering plans for production of trucks, but no decision as to where they will be manufactured has been made.

Downward Tendencies Mark Bond Dealings

New York—(P)—Left to shift for itself by a general withdrawal of trading interest the bond market sought lower levels today.

The downward drift touched most of the corporate issues of speculative rating and U. S. governments as well. Trading volume was light, although offerings came into the market more freely following a turn to weakness in the share list.

Losses ran to a point or more in Youngstown Sheet and Tube 3 1/2, Western Union 5 and Pure Oil 4 1/2.

EVE'S ORCHARD

By MARGARET WIDDEMER

CONTINUED FROM PAGE 24

clattering feet followed him: "Hey, wait for me!" he called shrilly.

She could see the orchard slope, where the apples were ripening now in the hot morning sunshine, across the greensward. As she stood by her table, singing and beating eggs in the fresh wind, George came past too. He stopped by what had come to be his usual leaning place, the outside sill.

He said, smiling at her, yet with an odd intensity: "You look as if you liked to do that. Do you?" He was hatless and blue-shirted. He folded his bare sunburned arms on the sill as if he were in no hurry, and waited for her answer.

She was delicious, her curls tied tight in an old copper-colored silk kerchief, her tall slowness wrapped in her long yellow apron, her face flushed and fresh as she scooped the sticky white dough out of the mixing machine.

She laughed and nodded. "Yes, I do. Queer, isn't it, after doing office work so long in New York? But I suppose a string of actresses who lived out here and did without a mixing machine—are responsible. This is going to be eight handsome loaves of bread for the Methodist church supper. Then I said it, and made these handsome layer cakes for the same. I dug up all my aunt's paraphernalia, by great good luck it didn't go with the premises or it would be in ruin."

"Do the cakes come out in layers?"

"Idiot of course not! But this thing does the best for me, in a bigger quantity. If you'd only turned up a little later you could have licked the spoon."

"I might go away and come back," George suggested, grinning. "Always wanted to lick the spoon, but the cook never let me. I say, isn't it all odd? Do you remember the night Miltzi brought me to you place first, our talking about kitchens, and both of us thinking the other was a proud city person who had never seen one? And here we are, you in the very kitchen you were being homesick over, and I sticking my head inside, fresh from—"

"Fresh from what, out with it!" She looked at him more curiously. "George, you angel, you've been up to some work of mercy, don't deny it."

"Well, I didn't mean to boast—spraying your orchard. I couldn't do less considering I stole suckers last spring."

She dashed to the oven before she spoke, and dragged a pan of rolls out triumphantly. "Just right. I hadn't forgotten. It's good, making things. Don't you love to make? I suppose everybody does."

"Yes, I do, but lots don't. Remember, when you were little, the children of Holland take pleasure in making."

What the children of England take pleasure in breaking. I think those are the main divisions of the world. And I've heard that if there are too many breakers and not enough makers in a generation, or two, things go to smash rather."

She turned serious, bending over her fragrant brown rolls and brushing them over with melted butter with a camel's hair brush. "Why, I suppose so—I never thought about it."

"No, your processes are so blessedly unconscious. I'm slow-minded. I have to think things out an inch at a time. But I didn't mean to philosophize, I came really to see if you couldn't leave Adora Gray in charge this afternoon. The Gardiners are coming over for tennis and swimming afterwards."

Adora Gray was a village girl Eve had had to hire her three days a week during the last month and a half.

"I'll Bring A Cake!" Eve held out a plate of thin white cookies to George, who greedily took a handful and said thoughtfully: "I can. Judge and Uncle Henry won't mind a pantry supper for once."

"But I was going to get hamburger, and have a fry in the outdoor fireplace. They can come too. We'll try to keep the Gardiners."

"If you think you can get the Gardiners to do anything but stay, when they hear about a hamburger fry, you're an optimist!" Eve said, adding, "I'll bring salad and a chocolate cake."

"Well, if you have one. Market prices, remember."

"Market price of course! Or I might charge for everything but the piece I eat myself."

They both laughed. George and Eve had achieved a comradely relation which made George's head in Eve's kitchen window and Eve's presence on George's tennis court a matter of course. His inner was still in Southampton; his father, stayed with her except for an occasional weekend.

"Well, I'll let you continue this cake for the good of the community," he said, showing his big even white teeth as he sauntered off. Eve went back to her baking and

singing. It sounded like a swell party.

George reverted again that afternoon, as they lounged in bathing suits on the edge of his pool, to their first meeting.

"Funny, wasn't it?" he said. "I took you for a scornfully sophisticated New York playgirl. And as nearly as I can remember you supposed me to be a haughty, inarticulate slumming—what is that horrible word?—socialite."

"Whereas I was just Little Country Girl Dazzled by Bright Lights," said Eve, thoughtfully regarding one beautifully tanned leg, "and I don't know about your being a socialite; but you darn well aren't inarticulate, George, the only time I get a chance to talk to you is when I interrupt."

"But there was something I wanted to say to you, Eve."

"Heavens, what that you haven't said in the last three months?" She laughed again. She felt very happy, stretched along the broad edge of the pool in the bright sunshine.

"Nothing, if you feel that way," Eve absently trailed a hand in the water.

PRESIDENT ENDS FISHING CRUISE

Disembarking from the U. S. S. Polomac at Galveston, Tex., President Roosevelt is shown as he ended his 11-day fishing cruise in the Gulf of Mexico. Welcoming chief executive to Texas are Gov. Alfred (center) and Representative-elect Lyndon Johnson (right).

Weyauwega High school. The former addressed the Lions club in the evening.

The L. F. F. club met with Mrs. Emil Brand Monday evening. High honors were awarded to Mrs. Gilbert Whitney and Mrs. Irvin Mador and the consolation prize went to Mrs. Fred Zeichert. Mrs. John Sherburne received the traveling prize. This club will meet with Mrs. William Radtke in two weeks.

Miss Anna Kobiske was hostess to the "Double Four" at her home on Monday evening.

Mr. and Mrs. Henry Behnke have as their guests the latter's brother and sister, Bebe and Florence Richardson, of Rush City, Minn. The Richardsons came by automobile and will remain a month.

Edward Mather, route 1, Weyauwega, was taken to the city hospital at Waupaca Tuesday morning, where he will receive treatment.

Clarence Stillman, high school senior, was taken to the Community hospital at New London for an emergency operation Monday evening.

Mr. and Mrs. W. E. Smith of Appleton were dinner guests at the home of Mr. and Mrs. Chester McCarthy Monday. They also spent the afternoon with their daughter, Miss Elmore, who is a teacher in

and health officer, and F. A. W. Hammond, relief director, at 7:30 Friday evening at the city hall. Relief problems will be discussed.

There is \$1,900,000,000 worth of silver bullion in the United States treasury.

Relief Committee to Meet Friday Evening

Members of the relief committee of the common council will meet with Dr. J. C. Troxel, city physician

Confirmation at Church Sunday

Reunion and One-Act Drama in Evening at Evangelical Church

Black Creek—Sunday school will be held at 9:30 and the confirmation service and holy communion at 10:30 Sunday morning at St. John Evangelical church. The sermon topic will be, "What Shall We Do?"

Sunday evening there will be a confirmation reunion and a one-act drama, "Into Thy Kingdom," will be presented by the Evangelical League at 7:45.

The service is as follows: Prelude; invocation; hymn, "Rise Up, O Men of God"; prayer; scripture: Luke 9:51-56; hymn, "Where Cross the Crowded Ways of Life"; offertory; special music; meditation, "Friendship Across Barriers"; roll call of confirmation classes; litany of confession and hope; hymn, "In Christ There is No East or West."

Drama, "Into Thy Kingdom." Characters are Calaphas, Norman Plantkew; Adina, his wife, Miss Erna Mueller; Nicodemus, August Kluge; Malchus, servant, Norbert Sedo; Tamah, maid-servant, Miss Rosetta Brandt; Reba, Miss Arlene Blake; Jabel, a rebel, Carl Wussow; Roman, captain, Herbert Melchert; Benediction and postlude.

A fellowship hour will be held in the basement following the services and there will be refreshments.

"The Christians are Holy Temples of God," will be the sermon topic for the English service Sunday at 9:30 at Immanuel Lutheran church. Sunday school will be held at 10:30.

The Black Creek Advancement association held a meeting Tuesday

McKeever Funeral Is Held at Stephenville

Stephenville—Funeral services for Mrs. Michael McKeever, 68, who died unexpectedly at her home in the town of Ellington Sunday morning were conducted at St. Patrick's Catholic church, Stephenville, at 9:30 Wednesday morning by the Rev. R. Schauer. Pallbearers were Joseph Wolfe, Chris Puls, George Kelly, John Bly, Ed and Tom Hardy. Burial was in the parish cemetery. Mrs. McKeever is survived by three daughters, Mrs. Peter Lineinger, Neenah; Mrs. Joseph Weiland and Miss Elsie McKeever, Ellington; three sons, Elmer, Hortonville; Leonard, Menasha; George, Ellington; 12 grandchildren, and a great grandchild; three sisters, Mrs. Dora Brewer, Hiles; Mrs. Clara Thornton, Bovina; Mrs. Ann Fuller, Stratford; two brothers, John Scott, Monico and Frank Scott, town of Maine.

NOT ANXIOUS FOR CHILDREN Lexington, Ky. —A survey taken by Dr. W. D. Funkhouser of the University of Kentucky indicates the coed pondering marriage doesn't give the desire for children as a front rank reason for mating. A majority of the girls placed the desire for children last.

evening, C. A. Bauernfeind, chairman of the finance committee, gave the financial report on the opening of the Community hall held April 17 and 18. Net proceeds are about \$1,000. The stage curtains were paid for and the balance was turned over to the village. The village spent \$14,000 in remodeling the hall.

A committee was appointed to investigate the possibility of putting on free movies for the summer months. The committee is composed of R. H. Gehrke, I. A. Grunwaldt and Lee J. Barth.

for the pleasure of
Chesterfield smokers...

In these modern storage warehouses of Liggett & Myers Tobacco Company are thousands of casks of mild ripe tobaccos... thousands of bales of aromatic Turkish tobaccos... stored away for the pleasure of Chesterfield smokers. *That's why we can say...*

It is our honest belief that the tobaccos used in Chesterfield cigarettes are of finer quality... and hence milder and better-tasting... than the tobaccos in any other cigarette at the price.

Liggett & Myers Tobacco Co.

Chesterfields will give you MORE PLEASURE... They Satisfy

Now Modern Women Lose Pounds of Fat Swiftly—Safely

Gain in Physical Vigor — Feel Younger With Clearer Skin and Vibrant Eyes That Sparkle With More Glorious Health

Here's the recipe that restores fat and brings into blossom the radiant attractiveness that every woman possesses. Hundreds of "washed" women call it the Kruschen Way. Every morning take one half teaspoonful of Kruschen Salt in a glass of hot water before breakfast and cut down on pastry and fatty meats, butter, cream and rich pastries. In 2 weeks get on the "fast" and note how many pounds of fat have vanished. Notice also that you have gained energy—your skin is clearer, your sparkle with more glorious health—you feel "younger in body—younger in mind." Get a 4-oz. bottle of KRUSCHEN SALT at any drug store in the world—lasts for weeks and costs but few cents. Note—Many people find that the only diet change necessary while taking Kruschen regularly is TO EAT LESS. —Advt.
